Notice of Extension of Final Results of Antidumping Duty Administrative Review: Certain Stainless Steel Butt-Weld Pipe Fittings from Taiwan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of final results of antidumping duty administrative review.

EFFECTIVE DATE: November 2, 2001.

FOR FURTHER INFORMATION CONTACT: Alex Villanueva or James Doyle, Office IX, DAS Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-6412 and (202) 482-0159, respectively.

Extension of Final Results

The Department of Commerce ("the Department") is postponing the final results in the antidumping duty administrative review of Certain Stainless Steel Butt-Weld Pipe Fittings ("SSBWPF") from Taiwan. The deadline for issuing the final results in this administrative review is currently November 9, 2001.

On July 31, 2000, the Department published a notice of initiation of this antidumping duty administrative review for the period of June 1, 2000 through May 31, 2001. *See Notice of Initiation of Antidumping or Countervailing Duty Administrative Reviews and Requests for Revocation in Part 65 FR 46687* (July 31, 2000). On July 12, 2001, the Department published the preliminary results of this review (66 FR 36555). The date for issuing the final results of the review is currently November 9, 2001.

Section 751(a)(3)(A) of the Act states that if it is not practicable to complete the final results within 120 days from the date of publication of the preliminary results, the administering authority may extend the period within which to issue its final results by an additional 60 days. Completion of the final results within the 120-day period is impracticable for the following reasons: (1) This review involves certain complex United States indirect selling expense issues including, but not limited to, financial statements and interest expenses; (2) this review involves certain complex Constructed Export Price ("CEP") adjustments including, but not limited to, CEP profit

and CEP offset; (3) this review involves certain complex warehouse expenses in the United States including, but not limited to, inland freight and inventory; (4) there is a concurrent scope analysis underway in this same proceeding.

Because it is not practicable to complete the review within the time specified, we are extending the time limit for the final results of the administrative review of SSBWPF from Taiwan by 30 days, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended.

The date for issuing the final results is extended from November 9, 2001 to December 9, 2001.

Dated: October 25, 2001.

Edward C. Yang,

Acting Deputy Assistant Secretary for Import Administration.

Stainless Steel Sheet and Strip in Coils From France: Extension of Time Limit for the Final Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for the final results of antidumping duty administrative review.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the final results of the review of stainless steel sheet and strip in coils from France. This review covers the period January 4, 1999 through June 30, 2000.

EFFECTIVE DATE: November 2, 2001.

FOR FURTHER INFORMATION CONTACT: Robert Bolling at (202) 482-3434; Office of AD/CVD Enforcement, Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department of Commerce ("the Department") to issue the final results of an antidumping duty investigation within 120 days of the date on which the preliminary results

are published. However, if the Department concludes that it is not practicable to issue the results by the original deadline, it may extend the 120-day period to 180 days.

Background

On September 6, 2000, the Department published a notice of initiation of the administrative review of stainless steel sheet and strip in coils from France, covering the period January 4, 1999 through June 30, 2000 (65 FR 53980). See *Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 65 FR 53980 (September 6, 2000). The preliminary results were published in the **Federal Register** on August 8, 2001. See *Stainless Steel Sheet and Strip in Coils from France: Notice of Preliminary Results of Antidumping Duty Administrative Review* ("Preliminary Results"), 66 FR 41538 (August 8, 2001). The current due date for the final results is December 6, 2001.

Extension of Time Limits for the Final Results

Due to the complexity of issues, such as home market affiliated downstream sales, U.S. further manufacturing sales of five entities, and complicated cost accounting issues present in this administrative review, it is not practicable to complete this review with the original time limit. See Memorandum from Edward C. Yang to Joseph A. Spetrini, *Extension of Time Limit for the Preliminary Results of Administrative Review of Certain Stainless Steel Sheet and Strip in Coils from France*, on file in the Central Records Unit (CRU) of the Main Commerce Building, Room B-099. Therefore, the Department has postponed the deadline for issuing the final results until February 4, 2002, which is 180 days after publication of the *Preliminary Results*.

Dated: October 25, 2001.

Edward C. Yang,

Acting Deputy Assistant Secretary for Import Administration.
