D. Michael Hutchinson,

Acting Chairman, Committee for the Implementation of Textile Agreements.

Committee for the Implementation of Textile Agreements

November 14, 2001.

Commissioner of Customs,
Department of the Treasury, Washington, DC 20229.

Dear Commissioner: Pursuant to Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); Executive Order 11651 of March 3, 1972, as amended; and the Bilateral Textile Agreement of June 23, 2000 between the Governments of the United States and the Lao People's Democratic Republic, you are directed to prohibit, effective on January 1, 2002, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton and man-made fiber textile products in Categories 340/640, produced or manufactured in Laos and exported during the twelve-month period beginning on January 1, 2002 and extending through December 31, 2002, in excess of 193,917 dozen.

The limit set forth above is subject to adjustment pursuant to the current bilateral agreement between the Governments of the

United States and the Lao People's Democratic Republic.

Products in the above categories exported during 2001 shall be charged to the applicable category limit for that year (see directive dated November 14, 2000) to the extent of any unfilled balance. In the event the limit established for that period has been exhausted by previous entries, such products shall be charged to the limit set forth in this directive.

This limit may be revised if Laos becomes a member of the World Trade Organization (WTO) and the United States applies the WTO agreement to Laos.

In carrying out the above directions, the Commissioner of Customs should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that this action falls within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,
D. Michael Hutchinson,
Acting Chairman, Committee for the Implementation of Textile Agreements.

POLICY JUSTIFICATION

Egypt - Overhaul/Refurbishment of M109A2/A3 155mm Self-propelled Howitzers

The Government of Egypt has requested a possible overhaul/refurbishment of 201 M109A2/A3 155mm self-propelled howitzers, communication equipment, spare and repair parts, publications and technical data, U.S. Government and contractor engineering and logistics personnel services, and other related elements of logistics support. The estimated cost is \$77 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been and continues to be an important force for political stability and economic progress in the Middle East.

Egypt will use these howitzers to replace aging Soviet towed artillery and to complement the modernization of the M1A1/M60A3 divisions. The refurbishing of the equipment is necessary because they are not operational. Egypt will have no difficulty absorbing these howitzers into its armed forces.

The proposed sale of this equipment and support will not affect the basic military balance in the region.

The prime contractor will be United Defense, LP of York, Pennsylvania. There are no offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of five U.S. Government and contractor representatives for one-week intervals five trips for program management and technical review.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
