### 40 CFR Part 52

[MO 0142-1142; FRL-7110-4]

#### Approval and Promulgation of Implementation Plans; State of Missouri

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve a State Implementation Plan (SIP) revision submitted by the state of Missouri. This approval pertains to revisions to the state's rule which restricts emissions of particulate matter from industrial processes. In the final rules section of the **Federal Register**, EPA is approving the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision is severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

**DATES:** Comments on this proposed action must be received in writing by December 31, 2001.

**ADDRESSES:** Comments may be mailed to Wayne Kaiser, Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101.

**FOR FURTHER INFORMATION CONTACT:** Wayne Kaiser at (913) 551-7603.

**SUPPLEMENTARY INFORMATION:** See the information provided in the direct final

rule which is located in the rules section of the **Federal Register**.

#### Approval and Promulgation of Implementation Plans; Indiana

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA is proposing to approve revisions to Indiana's opacity rules. The Indiana Department of Environmental Management (IDEM) submitted revised opacity rules on October 21, 1999, as a requested revision to its State Implementation Plan (SIP). The revisions address the provisions of Indiana's opacity rule concerning the startup and shutdown of operations, the terminology used in discussing averaging periods, time periods for temporary exemptions, alternative opacity limits, and conflicts between visible opacity readings and continuous opacity monitor data.

A major new component of this rule is a provision that allows the State to incorporate source-specific startup and shutdown provisions into federal operating permits for certain utility boilers, as long as those provisions fall within a range established in the rule. All of the revisions satisfy EPA guidelines.

**DATES:** The EPA must receive written comments by December 31, 2001.

**ADDRESSES:** You should mail written comments to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

You may inspect copies of Indiana's submittal at: Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

[IL210-1b; FRL-7110-9]

#### Approval and Promulgation of Implementation Plans; Illinois

**AGENCY:** Environmental Protection Agency (EPA)

**ACTION:** Proposed rule.

**SUMMARY:** The EPA is proposing to approve, through direct final procedure, a negative declaration submitted by Illinois which indicates there is no need for regulations covering existing Small Municipal Waste Combustors (MWC) in the State. The negative declaration was submitted in a letter dated June 25, 2001, to satisfy a Federal requirement to

develop a plan to control emissions from small MWCs or to declare there are no sources of this type in the State.

In the Final Rules Section of this **Federal Register**, EPA is approving the State's negative declaration request as a direct final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. The rationale for approval is set forth in the direct final rule. If no written adverse comments are received in response to the direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives meaningful written adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. If no adverse written comments are received, the direct final rule will take effect on the date stated in that document and no further activity will be taken on this proposed rule. Any party interested in commenting on this negative declaration should do so at this time.

**DATES:** Comments on this action must be received by December 31, 2001.

**ADDRESSES:** Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

A copy of the State's negative declaration request is available for inspection at the above address.

**FOR FURTHER INFORMATION CONTACT:** John Paskevicz, Engineer, Regulation Development Section, Air Programs Branch (AR-18J), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6084.

### III. What Actions Are EPA Taking Today?

The EPA is proposing to approve a negative declaration submitted by the State of Illinois which indicates there is no need for regulations to control emissions from small Municipal Waste Combustors in the State. The State performed an analysis which shows that there are no small MWCs in Illinois.

### National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of intent to delete the Fort Devens-Sudbury Training Annex Superfund Site from the National Priorities List.

**SUMMARY:** The Environmental Protection Agency (EPA)—New England is issuing a notice of intent to delete the Fort Devens-Sudbury Training Annex Superfund Site (Site) located in Stow, Sudbury, Maynard, and Hudson, Massachusetts, from the National Priorities List (NPL) and requests public comments on this notice of intent. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at appendix B of 40 CFR part 300 of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the Commonwealth of Massachusetts, through the Department of Environmental Protection, have determined that all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

In the "Rules and Regulations" Section of today's **Federal Register**, we are publishing a direct final notice of deletion of the Fort Devens-Sudbury Training Annex Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment(s). We have explained our

reasons for this deletion in the preamble to the direct final deletion. If we receive no adverse comment(s) on this notice of intent to delete or the direct final notice of deletion, we will not take further action on this notice of intent to delete. If we receive adverse comment(s), we will withdraw the direct final notice of deletion and it will not take effect. We will, as appropriate, address all public comments in a subsequent final deletion notice based on this notice of intent to delete. We will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so at this time. For additional information, see the direct final notice of deletion which is located in the Rules section of this **Federal Register**.

**DATES:** Comments concerning this Site must be received by December 31, 2001.

**ADDRESSES:** Written comments should be addressed to: James Murphy, Community Involvement Coordinator, U.S. EPA, One Congress Street, Suite 1100, (RAA), Boston, Massachusetts 02114-2023, (617) 918-1028 or 1-800-252-3402 extension 81028—toll-free.

**FOR FURTHER INFORMATION CONTACT:** Christine Williams, Remedial Project Manager, U.S. EPA, One Congress Street, Suite 1100, (HBT), Boston, Massachusetts 02114-2023, (617) 918-1384 or 1-800-252-3402 extension 81384—toll-free.

**SUPPLEMENTARY INFORMATION:** For additional information, see the Direct Final Notice of Deletion which is located in the Rules section of this **Federal Register**.
