

the limits established for that period have been exhausted by previous entries, such products shall be charged to the limits set forth in this directive.

These limits do not apply to goods entered under the Outward Processing Program, as defined in the letter to the Commissioner of Customs, dated December 8, 1999 (see 64 FR 69746).

Any shipment for entry under the Outward Processing Program which is not accompanied by a valid certification in accordance with the provisions established in the letter to the Commissioner of Customs, dated December 9, 1999 (see 64 FR 69744), shall be denied entry. However, the Government of Romania may authorize the entry and charges to the appropriate specific limits by the issuance of a valid visa. Also see directive dated December 29, 1983, as amended, (49 FR 493). Any shipment which is declared for entry under the Outward Processing Program but found not to qualify shall be denied entry into the United States.

Products to be integrated into the General Agreement on Tariffs and Trade 1994 on January 1, 2002 (listed in the Federal Register notice published on May 1, 1995, 60 FR 21075) which are exported during 2001 shall be charged to the applicable 2001 limits to the extent of any unfilled balances. After January 1, 2002, should those 2001 limits be filled, such products shall no longer be charged to any limit.

In carrying out the above directions, the Commissioner of Customs should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).
