DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the

information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project

Title: Emergency Response Grants Regulations—42 CFR part 51—(OMB No. 0930-0229, Extension)—This rule implements section 501(m) of the Public Health Service Act (42 U.S.C 290aa), which authorizes the Secretary to make noncompetitive grants, contracts or cooperative agreements to public entities to enable such entities to address emergency substance abuse or mental health needs in local communities. The rule establishes criteria for determining that a substance abuse or mental health emergency exists, the minimum content for an application, and reporting requirements for recipients of such funding.

SAMHSA will use the information in the applications to make a determination that the requisite need exists; that the mental health and/or substance abuse needs are a direct result of the precipitating event; that no other local, State, Tribal or Federal funding sources available to address the need; that there is an adequate plan of services; that the applicant has appropriate organizational capability; and, that the budget provides sufficient justification and is consistent with the documentation of need and the plan of services.

Eligible applicants may apply to the Secretary for either of two types of substance abuse and mental health emergency response grants: Immediate awards and Intermediate awards. The former are designed to be funded up to \$50,000, or such greater amount as determined by the Secretary on a case-by-case basis, and are to be used over the initial 90-day period commencing as soon as possible after the precipitating event; the latter awards require more documentation, including a needs assessment, other data and related budgetary detail. The Intermediate awards have no predefined budget limit. Typically, Intermediate awards would be used to meet systemic mental health and/or substance abuse needs during the recovery period following the Immediate award period. Such awards may be used for up to one year, with a possible second year supplement based on submission of additional required information and data.

This program is an approved user of the PHS-5161 application form, approved by OMB under control number 0920-0428. The quarterly

financial status reports in 51d.10(a)(2) and (b)(2) are as permitted by 45 CFR 92.41(b); the final program report, financial status report and final voucher

in 51d.10(a)(3) and in 51d.10(b)(3–4) are in accordance with 45 CFR 92.50(b). Information collection requirements of 45 CFR part 92 are approved by OMB

under control number 0990–0169. The following table presents annual burden estimates for the information collection requirements of this regulation.

42 CFR citation	Number of respondents	Responses/ respondent	Burden/re-sponse (hrs.)	Total burden (hrs.)
Immediate award application: 51d.4(a) and 51d.6(a)(2)	3	1	3	* (9)
Intermediate award application: 51d.4(b) and 51d.6(a)(2)—Intermediate Awards	3	1	10	* (30)
51d.10(a)(1)—Immediate awards—mid-program report if applicable	3	1	2	* (6)
Final report content for both types of award: 51d.10(c)	6	1	3	18
Total	6			18

* This burden is carried under OMB control number 0920–0428.

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16–105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: December 11, 2001.

Richard Kopanda,

Executive Officer, SAMHSA.

BILLING CODE 4162–20–P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Decision and Availability of Decision Documents on the Issuance of Permits for Incidental Take of Threatened and Endangered Species

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of decision.

SUMMARY: Between February 17, 2001, and November 14, 2001, Region 1 of the Fish and Wildlife Service (Service) approved seven Habitat Conservation Plans (Plans) and issued seven associated permits and transferred three permits for the incidental take of threatened and endangered species pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The Service also issued

two Safe Harbor Agreement permits pursuant to section 10(a)(1)(A) of the Act. Two applicants also withdrew their permit applications after their Plans had been noticed in the **Federal Register** for public comment. Copies of the permits and associated decision documents are available upon request. Charges for copying (10 cents per page), plus shipping and handling may apply.

ADDRESSES: If you would like copies of any of the above documents, please contact the Fish and Wildlife Reference Service, 5430 Grosvenor Lane, Suite 110, Bethesda, Maryland 20814; telephone (800) 582–3421.

FOR FURTHER INFORMATION CONTACT: Heather Hollis, Fish and Wildlife Biologist, Fish and Wildlife Service, Portland, Oregon; telephone (503) 231–6241.

SUPPLEMENTARY INFORMATION: Section 9 of the Act and Federal regulation prohibit the take of wildlife species listed as endangered or threatened, respectively. Under the Act, the term “take” means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect listed wildlife, or to attempt to engage in any such conduct. The Service may, under limited circumstances, issue permits to authorize take that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing permits for threatened and

endangered species are found in 50 CFR 17.32 and 17.22.

Between February 17, 2001, and November 14, 2001, Region 1 of the Service issued the following permits for incidental take of threatened and endangered species, pursuant to section 10(a)(1)(B) and section 10(a)(1)(A) of the Act. We issued each permit after making the following determinations: the application had been submitted in good faith; all permit issuance criteria were met, including the requirement that granting the permit will not jeopardize the continued existence of listed species; and the permit was consistent with the Act and applicable regulations, including a thorough review of the environmental effects of the action and alternatives pursuant to the National Environmental Policy Act of 1969.

Copies of these permits, their accompanying Plans, and associated documents are available upon request. Decision documents for each permit include Findings and Recommendations; a Biological Opinion; and either a Finding of No Significant Impact, a Record of Decision, or an Environmental Action Statement. Associated documents may also include an Implementing Agreement, Assumption Agreement, Environmental Assessment, or Environmental Impact Statement, as applicable.
