

criteria shall certify to the Administrative Council for Terminal Attachments that:

(1) The submitting standards development organization is ANSI-accredited to the Standards Committee Method or the Organization Method (or their successor Methods as amended from time to time by ANSI);

(2) The technical criteria that it proposes for publication do not conflict with any published technical criteria or with any technical criteria submitted and pending for publication, and

(3) The technical criteria that it proposes for publication are limited to preventing harms to the public switched telephone network, identified in § 68.3 of this part.

§ 68.608 Publication of technical criteria.

The Administrative Council for Terminal Attachments shall place technical criteria proposed for publication on public notice for 30 days. At the end of the 30 day public notice period, if there are no oppositions, the Administrative Council for Terminal Attachments shall publish the technical criteria.

§ 68.610 Database of terminal equipment.

(a) The Administrative Council for Terminal Attachments shall operate and maintain a database of all approved terminal equipment. The database shall meet the requirements of the Federal Communications Commission and the U.S. Customs Service for enforcement purposes. The database shall be accessible by government agencies free of charge. Information in the database shall be readily available and accessible to the public, including individuals with disabilities, at nominal or no costs.

(b) Responsible parties, whether they obtain their approval from a Telecommunications Certification Body or utilize the Supplier's Declaration of Conformity process, shall submit to the database administrator all information required by the Administrative Council for Terminal Attachments.

(c) The Administrative Council for Terminal Attachments shall ensure that the database is created and maintained in an equitable and nondiscriminatory manner. The manner in which the database is created and maintained shall not permit any entity or segment of the industry to gain a competitive advantage.

(d) The Administrative Council for Terminal Attachments shall file with the Commission, within 180 days of publication of these rules in the **Federal Register**, a detailed report of the structure of the database, including details of how the Administrative

Council for Terminal Attachments will administer the database, the pertinent information to be included in the database, procedures for including compliance information in the database, and details regarding how the government and the public will access the information.

§ 68.612 Labels on terminal equipment.

Terminal equipment certified by a Telecommunications Certification Body or approved by the Supplier's Declaration of Conformity under this part shall be labeled. The Administrative Council for Terminal Attachments shall establish appropriate labeling of terminal equipment. Labeling shall meet the requirements of the Federal Communications Commission and the U.S. Customs Service for their respective enforcement purposes, and of consumers for purposes of identifying the responsible party, manufacturer and model number.

§ 68.614 Oppositions and appeals.

(a) Oppositions filed in response to the Administrative Council for Terminal Attachments' public notice of technical criteria proposed for publication must be received by the Administrative Council for Terminal Attachments within 30 days of public notice to be considered. Oppositions to proposed technical criteria shall be addressed through the appeals procedures of the authoring standards development organization and of the American National Standards Institute. If these procedures have been exhausted, the aggrieved party shall file its opposition with the Commission for *de novo* review.

(b) As an alternative, oppositions to proposed technical criteria may be filed directly with the Commission for *de novo* review within the 30 day public notice period.

Radio Broadcasting Services; Pentwater, MI, Hawthorne, NV, Ludington, MI, Groveton, NH, Marceline, MO

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission allots: (1) Channel 280A to Pentwater, MI, as its third local commercial FM service, at the request of Garry Zack; (2) Channel 254C1 to Hawthorne, NV, as its first local aural service, at the request of Campbell River Broadcasting, LLC, and, on the Commission's own motion, deletes Channel 228A at Hawthorne, NV; (3) Channel 242A to Ludington, MI, as its second local commercial FM service, at the request of Garry Zack; (4) Channel 268A to Groveton, NH, as its second local FM service, at the request of Linda A. Davidson; and (5) Channel 256A to Marceline, MO, as its first local aural service, at the request of Ronald G. Filbeck and Clyde John Holdsworth d/b/a RC Broadcasting Company. *See*, 65 FR 51575-51577, August 24, 2000, 65 FR 54833, September 11, 2000. All of the channels can be allotted in compliance with the Commission's minimum distance separation requirements. A filing window for these channels will not be opened at this time. Instead, the issue of opening a filing window for these channels will be addressed by the Commission in a subsequent order.

DATE: Effective February 26, 2001

FOR FURTHER INFORMATION CONTACT:

Leslie K. Shapiro, Mass Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: Channel 280A can be allotted to Pentwater, MI, without the imposition of a site restriction, at coordinates 43-46-30 NL; 86-26-24 WL. Channel 254C1 can be allotted to Hawthorne, NV, without the imposition of a site restriction, at coordinates 38-31-29 NL; 118-37-25 WL. Channel 242A can be allotted to Ludington, MI, with a site restriction of 5.5 kilometers (3.4 miles) south, at coordinates 43-54-15 NL; 86-26-10 WL, to avoid a short-spacing to Station WLXT, Channel 242C1, Petoskey, MI. Channel 268A can be allotted to Groveton, NH, with a site restriction of 7.2 kilometers (4.4 miles) northeast, at coordinates 44-37-43 NL; 71-25-55 WL, to avoid a short-spacing to Stations WYKR-FM, Channel 267A, Haverhill, and WBHG, Channel 268A, Meredith, NH. Channel 256A can be allotted to Marceline, MO, with a site restriction of 7.2 kilometers (4.5 miles) northeast, at coordinates 39-44-42 NL; 92-52-33 WL, to avoid a short-spacing to Station KQRC-FM, Channel 255C, Leavenworth, KS.

This is a synopsis of the Commission's Report and Order, MM Docket Nos. 00-141, 00-142, 00-143, 00-144, and 00-153 adopted January 3, 2001, and released January 12, 2001. The full text of this Commission

decision is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 445 12th Street, SW, Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractor, International Transcription Services, Inc., (202) 857-3800, 1231 20th Street, NW, Washington, DC 20036.

List of Subjects in 47 CFR Part 73

Radio broadcasting.

Part 73 of Title 47 of the Code of Federal Regulations is amended as follows:

PART 73—RADIO BROADCAST SERVICES

1. The authority citation for Part 73 continues to read as follows:

Authority: 47 U.S.C. 154, 303, 334 and 336.

§ 73.202 [Amended]

2. Section 73.202(b), the Table of FM Allotments under Michigan, is amended by adding Channel 242A at Ludington and Channel 280A at Pentwater.

3. Section 73.202(b), the Table of FM Allotments under Missouri, is amended by adding Marceline, Channel 256A.

4. Section 73.202(b), the Table of FM Allotments under Nevada, is amended by adding Channel 254C1 and removing Channel 228A at Hawthorne.

5. Section 73.202(b), the Table of FM Allotments under New Hampshire, is amended by adding Channel 268A at Groveton.

Federal Communications Commission.

BILLING CODE 6712-01-U

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

49 CFR Part 40

[Docket OST-99-6578]

RIN 2105-AC49

Procedures for Transportation Workplace Drug and Alcohol Testing Programs

AGENCY: Office of the Secretary, DOT.

ACTION: Notice of public meetings on implementation of final rule.

SUMMARY: The U.S. Department of Transportation (DOT) is scheduling two one-day public meetings to provide

interested parties a detailed overview of the Department's revised drug and alcohol testing procedures, published in the **Federal Register** on December 19, 2000 (65 FR 79462). The meetings are scheduled approximately 60 days after the publication of the rule to provide the public time to read and review the document. The intent of the meetings is to provide the transportation industry and other interested parties a more in depth overview of the changes in the new rule and to clarify to the attendees issues, which they may raise at the meetings.

DATES: The public meetings will be held on February 21 and 22, 2001, at 9:00 am-5:30 pm on both days.

ADDRESSES: The public meetings will be held at the Federal Aviation Administration (FAA) Auditorium, 3rd Floor Center, 800 Independence Avenue, SW., Washington, DC 20591. Meeting format and registration procedures are specified under supplementary information below.

FOR FURTHER INFORMATION CONTACT: For general meeting information and to register for one of the meetings, contact Minnie McDonald or Don Shatinsky at the U.S. Department of Transportation (DOT), Office of Drug and Alcohol Policy and Compliance, 400, 7th Street, SW., Room 10304, Washington, DC 20590, (202) 366-3784, fax (202) 399-3897, e-mail: minnie.mcdonald@ost.dot.gov.

SUPPLEMENTARY INFORMATION:

A. Purpose

The purpose of the meetings is to provide all segments of the transportation industry and the general public with a section-by-section overview of the drug and alcohol testing procedures required by the new rule. Some of the major changes in the rule will be addressed in detail. All information will be provided in presentation-style format by staff members from the DOT's Office of Drug and Alcohol Policy and Compliance and the Office of General Counsel. The presentations, however, are not to be construed as a training session meeting any of the training requirements required by the rule for various service agents.

B. Procedural Matters

The meetings are scheduled in Washington, DC at the FAA auditorium located at 800 Independence Avenue, SW., 3rd Floor Center, Washington, DC 20591. The first meeting will be held on February 21st. The second meeting, on February 22, will be a repetition of the previous day. Specifically, the same

presentations will be repeated by the same staff members. Individuals should attend only one of the meetings, not both.

Both meetings will have limited seating capacity due to physical constraints of the facilities. Registered attendees will receive priority. Once the capacity of the meeting room is reached, there will be an "overflow" room available which will have audio and video connections to the auditorium. Once the auditorium and overflow room seating capacity for a session is reached, subsequent registrants will be moved to the other session, provided that session is not oversubscribed.

If seating space is not available on the date that is selected by the attendee, all efforts will be made to schedule for the alternate date. Attendees will be notified of the change by mail, fax, or e-mail. Notification will only be sent if it is not possible to meet the date selected by the attendee.

Out of town attendees must make their own arrangements for hotels and other lodging facilities. Lunch on each day will be the attendees' responsibility. An eating facility is available in the FAA building and there are other options available within a reasonable distance.

Attendees requiring sign language accommodation should notify DOT no later than February 9, 2001.

Based on the extensive material that needs to be presented and the time constraints, it is anticipated that questions will be limited. As a result, 3 by 5 cards will be available on which questions may be submitted. All questions, including those that are not answered because of a shortage of time, will be subsequently published on the DOT web site.

It is expected that attendees will be familiar with the new rule and will have a working knowledge of the regulatory requirements. Copies of the rule will not be available at these sessions. Attendees may download a copy from the DOT web site at <http://www.dot.gov/ost/dapc/>.

C. Registration Procedures

All attendees must register with DOT for these meetings. For all attendees, the following information is requested: name, name of alternate if the possibility exists that the primary registrant may not attend, full mailing address, company, agency, or association which you represent (if any), telephone number (in case the address is not legible or additional information is needed), e-mail address (optional), and which session you will be attending (i.e., February 21 or 22).
