

B. Program-Level Issues*Access*

1. Admission criteria that recognize the multifaceted needs of clients with co-occurring disorders.
2. Availability of professional staff trained in the area of co-occurring disorders.
3. Availability of staff whose culture(s) and language(s) match those of clients.
4. Services available at nontraditional hours (e.g. evenings and weekends).
5. Outreach to individuals not connected to the system.

Screening

6. Screening for both disorders.
7. Standardized instruments normed for gender and culture, and policies, and procedures that reflect gender and culture.
8. Level of accuracy in detecting the presence and severity of both disorders.

Assessment

9. Methods that allow for accurate recognition of the interaction between serious mental illnesses and substance abuse disorders.
10. Methods that are sufficiently comprehensive to allow for the entire range of client need.
11. Methods that are gender and culturally relevant.

Treatment

12. Process for flexible and individualized plans.
13. Use of clinical treatment guidelines for co-occurring disorders.
14. Use of staged interventions (e.g., engagement, persuasion, active treatment, relapse).
15. Longitudinal perspective.
16. Recognition of non-linear recovery process for both disorders.
17. Provisions for relapse.
18. Services for both disorders available concurrently, with the same agency.
19. Clients participate in developing treatment plans.
20. Availability of social support networks.
21. Assistance in securing needed wraparound services (housing, employment, childcare, etc.)

Follow-Up

22. Discharge planning policies and procedures that account for the full range of community supports that are required.
23. Long-term follow-up as standard practice.
24. Policies and procedures to address relapse to substance use and/or reoccurrence of psychiatric symptoms.

C. Prevention Issues

1. Interventions directed at risk and protective factors, rather than specific problem behaviors.
2. Longitudinal interventions (e.g., from kindergarten to high school).
3. Interventions designed for appropriate developmental stages.
4. Interventions that focus on the child at home and in school.
5. School-based programs that use a well-tested, standardized intervention with detailed lesson plans and student materials.
6. Family-based interventions that include skills training for parents.
7. Interventions that use media and community education strategies to increase public awareness and support.
8. Links between prevention programs and treatment systems.
9. Interventions that are universal (for all), selective (for those at risk), and indicated (for those at highest risk).

D. Research and Evaluation Issues

1. Availability of prevalence data for planning.
2. Availability of measures of access and cost.
3. Availability of measures of quality of care, including monitoring and quality assurance for the treatment of both disorders.
4. Availability of outcome measures, including quality of life, clinical and functional improvement, and maintenance and relapse prevention.
5. Data linked across programs and systems.
6. Management information systems designed to gather and analyze data on both disorders.
7. Adequate resources for data collection and evaluation.

DATES: In order for comments to be considered in the development of this policy report on co-occurring disorders, they must be received no later than March 27, 2002.

ADDRESSES: All comments should be sent to James Winarski; Advocates for Human Potential; 323 Boston Post Road; Sudbury, MA 01776.

FOR FURTHER INFORMATION CONTACT: Eileen Elias, M.Ed., Special Expert, SAMHSA, 301-443-8742

Dated: February 28, 2002.

Richard Kopanda,

Executive Officer, SAMHSA.

BILLING CODE 4162-20-P

DEPARTMENT OF THE INTERIOR**Office of the Secretary****Sport Fishing and Boating Partnership Advisory Council Charter**

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of renewal of the Public Advisory Council Charter-Sport Fishing and Boating Partnership Council.

SUMMARY: This notice is published in accordance with section 9a(2) of the Federal Advisory Committee Act, 5 U.S.C. App. (1988). Following consultation with the General Services Administration, the Secretary of the Interior hereby renews the Sport Fishing and Boating Partnership Council (Council) charter to continue for 2 years.

DATES: The charter will be filed under the Act March 21, 2002.

FOR FURTHER INFORMATION CONTACT:

Laury Parramore, Council Coordinator, U.S. Fish and Wildlife Service (Service), (703) 358-1711.

SUPPLEMENTARY INFORMATION: The purpose of the Council is to provide advice to the Secretary of the Interior through the Director of the Service to help the Department of the Interior (Department) and the Service achieve their goal of increasing public awareness of the importance of aquatic resources and the social and economic benefits of recreational fishing and boating. The Council will represent the interests of the sport fishing and boating constituencies and industries and will consist of no more than 18 members appointed by the Secretary to assure a balanced, cross sectional representation of public and private sector organizations. The Council will consist of two ex-officio members: Director, U.S. Fish and Wildlife Service, and the President, International Association of Fish and Wildlife (IAFWA). The 16 remaining members will be appointed at the Secretary's discretion to achieve balanced representation for recreational fishing and boating interests. The membership will be comprised of senior-level representatives for recreational fishing, boating, and aquatic resource conservation. These appointees must have demonstrated expertise and experience in one or more of the following areas of national interest: the director of a State agency responsible for the management of recreational fish and wildlife resources, selected from a coastal State if the President of IAFWA is from an inland State, or selected from an inland State if the President of IAFWA is from a coastal State; saltwater and freshwater recreational fishing; recreational

boating; recreational fishing and boating industries; conservation of recreational fishery resources; aquatic resource outreach and education; and tourism. The Council will function solely as an advisory body and in compliance with provisions of the Federal Advisory Committee Act (Act.)

The Certification of renewal is published below.

Certification

I hereby certify that the renewal of the Sport Fishing and Boating Partnership Council is necessary and in the public interest in connection with the performance of duties imposed on the Department of the Interior by those statutory authorities as defined in Federal laws including, but not restricted to, the Federal Aid in Sport Fish Restoration Act, Fish and Wildlife Coordination Act, and the Fish and Wildlife Act of 1956 in furtherance of the Secretary of the Interior's statutory responsibilities for administration of the U.S. Fish and Wildlife Service's mission to conserve, protect, and enhance fish, wildlife, and plants and their habitats for the continuing benefit of the American people. The Council will assist the Secretary and the Department of the Interior by providing advice on activities to enhance fishery and aquatic resources.

Dated: February 15, 2002.

Gale Norton,

Secretary of the Interior.

BILLING CODE 4310-55-M

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Review of Existing Coordinated Long-Range Operating Criteria for Colorado River Reservoirs

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of extension of comment period, corrections.

SUMMARY: The 1970 Criteria for Coordinated Long-Range Operation of Colorado River Reservoirs (Operating Criteria), promulgated pursuant to Public Law 90-537, were published in the **Federal Register** on June 10, 1970. The Operating Criteria provided for the coordinated long-range operation of the reservoirs constructed and operated under the authority of the Colorado River Storage Project Act, Boulder Canyon Project Act, and Boulder Canyon Project Adjustment Act for the purposes of complying with and

carrying out the provisions of the Colorado River Compact, Upper Colorado River Basin Compact, and the Mexican Water Treaty.

The 1970 Operating Criteria specified that a formal review take place at least once every five years with participation by such Colorado River Basin state representatives as each Governor may designate, and other parties and agencies as the Secretary of the Interior (Secretary) may deem appropriate. Public law 90-537 allows the Secretary, as a result of actual operating experience or unforeseen circumstances, to modify the Operating Criteria to better accomplish the purposes of the two basin compacts and the Mexican Water Treaty. The Commissioner of the Bureau of Reclamation (Reclamation) is the authorized agent of the Secretary for the purpose of conducting and coordinating this review.

As part of the Operating Criteria review, Reclamation has incorporated an active public involvement process that includes all interested parties and stakeholders. This public process is designed to solicit comments on Operating Criteria provisions that may need revision as the result of actual operating experience, and to disclose the results of this analysis.

Reclamation is extending the comment period for written comments through Friday, March 29, 2002. The various public view points expressed during the review process will be considered in determining if a change to the Operating Criteria is warranted. Reclamation is also requesting feedback to determine if a public meeting should be held to solicit comments from the public on the need to revise the Operating Criteria. Please let us know by Friday, March 29, 2002, if and where you would like us to conduct a public meeting.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

DATES: Written comments on the Operating Criteria and/or feedback on whether or not to conduct a public meeting must be received on or before Friday, March 29, 2002.

ADDRESSES: Written comments on the Operating Criteria and/or feedback on whether or not to conduct a public meeting may be mailed to: Regional Director, Attention: BCOO-4600, Lower Colorado Region, Bureau of Reclamation, PO Box 61470, Boulder City, Nevada 89006-1470.

FOR FURTHER INFORMATION CONTACT: Jayne Harkins, Bureau of Reclamation, PO Box 61470, Boulder City, Nevada 89006-1470, faxogram number (702) 293-8042, telephone number (702) 293-8190; or Tom Ryan, Bureau of Reclamation, 125 South State Street, Room 6107, Salt Lake City, Utah 84138-1102, faxogram number (801) 524-5499, telephone number (801) 524-3732.

Supplementary Information and Corrections: This will be the sixth review of the Operating Criteria conducted since their initial promulgation in 1970. Previous reviews of the Operating Criteria resulted in no changes. The public review process for this review began with a **Federal Register** notice published on January 15, 2002 (Vol. 67, No. 10, p. 1986), announcing formal review of the Operating Criteria and inviting comments during the 60 days following the notice. In the January 15, 2002, notice, an e-mail address was published where comments could be sent. We regret that this e-mail address is currently unavailable. Please use the information cited above to provide written comments on the Operating Criteria and/or feedback on whether or not Reclamation should conduct a public meeting, or contact members of the Reclamation review team. The January 15, 2002, notice also included a copy of the Operating Criteria that contained several errors. This notice includes a corrected version of the Operating Criteria.

Notification of dates, times, and locations for future public meetings or comment periods will be made through the **Federal Register**, media outlets, and to all respondents to this notice.

Dated: February 21, 2002.

John W. Keys, III,

Commissioner, Bureau of Reclamation.

Criteria for Coordinated Long-Range Operation of Colorado River Reservoirs Pursuant to the Colorado River Basin Project Act of September 30, 1968 (Pub. L. 90-537)

These Operating Criteria are promulgated in compliance with
