

LA Union Station, Fullerton, Anaheim, Santa Ana Transportation Center, Irvine Transportation Center, San Juan Capistrano, Oceanside Transportation Center, Solana Beach, and San Diego Santa Fe Depot. Additional stations and improvements to existing stations will be determined based on ridership potential, system-wide needs, and local planning constraints/conditions. Station needs will be coordinated with local and regional planning agencies, and seamless connectivity with other modes of travel will be emphasized. Potential new station locations will be evaluated in the Program EIR/EIS including: San Diego Airport, and University Town Center (La Jolla).

#### Other Modal Alternatives

There are currently three main options for intercity travel between the major urban areas of San Diego and Los Angeles: vehicles on the highway system, commercial air service, and conventional passenger trains (Amtrak). The FRA and the Department will evaluate a set of Modal/System Alternatives consisting of expansion of highways and airports at a similar level of investment serving the markets identified for the Passenger Rail Alternative, with no substantial change to intercity and commuter rail systems. The modal alternatives will be defined by assigning the expected incremental travel demand forecasted for the 20-year horizon to the state's transportation infrastructure, then identifying alternatives for accommodating that travel demand without passenger rail improvements.

#### Scoping and Comments

FRA encourages broad participation in the EIR/EIS process during scoping and subsequent review of the resulting environmental documents. Comments and suggestions are invited from all interested agencies and the public at large to insure the full range of issues related to the proposed action and all reasonable alternatives are addressed and all significant issues are identified. In particular, FRA is interested in determining whether there are areas of

environmental concern where there might be the potential for significant impacts identifiable at a program level. Public agencies with jurisdiction are requested to advise the FRA and the Department of the applicable permit and environmental review requirements of each agency, and the scope and content of the environmental information that is germane to the agency's statutory responsibilities in connection with the proposed improvements.

Scoping meetings will be advertised locally and are planned for the following major cities along the LOSSAN rail corridor at the dates and times indicated:

- *Los Angeles*: April 2, 1:30 to 3:30 pm, MTA Bldg, Union Station Room, One Gateway Plaza
- *San Clemente*: April 2, 6:00 to 8:00 pm, San Clemente Inn, 2600 Avenida de Presidente
- *Anaheim*: April 3, 10:00 am to 12:00 pm, City Hall West, Gordon Hoyt Conference Center, 201 S. Anaheim Blvd.
- *Carlsbad*: April 3, 6:00 to 8:00 pm, Carlsbad Senior Center, 799 Pine Street

Persons interested in providing comments on the scope of the program EIR/EIS should do so by April 17, 2002. Comments can be sent in writing to Mr. David Valenstein at the FRA address identified above. Comments may also be addressed to Mr. Patrick Merrill of the Department at their address identified above. Information regarding the environmental review process will also be made available through the Department's rail services Internet site: <http://www.amtrakcalifornia.com/>. Information and documents regarding technical studies will be made available through the Authority's Internet site: <http://www.cahighspeedrail.ca.gov/>.

Issued in Washington DC, on March 14, 2002.

## DEPARTMENT OF TRANSPORTATION

### Research and Special Programs Administration Office of Hazardous Materials Safety; Notice of Delays in Processing of Exemption Applications

**AGENCY:** Research and Special Programs Administration, DOT.

**ACTION:** List of applications delayed more than 180 days.

**SUMMARY:** In accordance with the requirements of 49 U.S.C. 5117(c), RSPA is publishing the following list of exemption applications that have been in process for 180 days or more. The reason(s) for delay and the expected completion date for action on each application is provided in association with each identified application.

**FOR FURTHER INFORMATION CONTACT:** J. Suzanne Hedgepath, Director, Office of Hazardous Materials, Exemptions and Approvals, Research and Special Programs Administration, U.S. Department of Transportation, 400 Seventh Street, SW, Washington, DC 20590-0001, (202) 366-4535.

#### Key to "Reasons for Delay"

1. Awaiting additional information from applicant.
2. Extensive public comment under review.
3. Application is technically complex and is of significant impact or precedent-setting and requires extensive analysis.
4. Staff review delayed by other priority issues or volume of exemption applications.

#### Meaning of Application Number Suffixes

- N—New application.
- M—Modification request.
- PM—Party to application with modification request.

Issued in Washington, DC, on March 13, 2002.

**J. Suzanne Hedgepath,**

*Director, Office of Hazardous Materials, Exemptions and Approvals.*

## NEW EXEMPTION APPLICATIONS

Application No.	Applicant	Reason for delay	Estimated date of completion
11862-N .....	The BOC Group, Murray Hill, NJ .....	4	05/31/2002
11927-N .....	Alaska Marine Lines, Inc., Seattle, WA .....	4	05/31/2002
12353-N .....	Monson Companies, South Portland, ME .....	4	05/31/2002
