Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact number listed under **For Applications or Information Contact**.

Individuals with disabilities also may obtain a copy of the application package in an alternative format by contacting that number. However, the Department is not able to reproduce in an alternative format the standard forms included in the application package.

Application Procedures

Note: Some of the procedures in these instructions for transmitting electronic applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

Pilot Project for Electronic Submission of Applications

In Fiscal Year 2002, the U.S. Department of Education is continuing to expand its project of electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The Program for North American Mobility in Higher Education (CFDA No. 84.116N) is one of the programs included in this project. If you are an applicant under the Program for North American Mobility in Higher Education, you may submit your application to us in either electronic or paper format.

The pilot project involves the use of the Electronic Grant Application System (e-APPLICATION, formerly e-GAPS) portion of the Grant Administration and Payment System (GAPS). We request

your participation in this pilot project. We shall continue to evaluate its success and solicit suggestions for improvement.

- If you participate in this e-APPLICATION pilot, please note the following:
 - Your participation is voluntary.
 - You will not receive any additional point value or penalty because you submit a grant application in electronic or paper format.
 - You can submit all documents electronically, including the Title Page, (substitutes for the ED Form 424), Budget Summary Form (substitutes for the ED Form 524), and all necessary assurances and certifications.
 - Within three working days of submitting your electronic application fax a signed copy of the Title Page (replaces ED 424) to the ApplicationQ Control Center after the following these steps:
 1. Print the Title Page from the e-APPLICATION system.
 2. Make sure that the institution's Authorizing Representative signs this form.
 3. Before faxing this form, submit your electronic application via the e-APPLICATION system. You will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).
 4. Place the PR/Award number in the upper right hand corner of the Title page.
 5. Fax the Title page to the Application Control Center at (202) 260-1349 within three working days of submitting your electronic application.
- We may request that you give us original signatures on all other forms at a later date.

You may access the electronic grant application for the Program for North American Mobility in Higher Education at: <http://e-grants.ed.gov>. Due to software upgrades, it is anticipated that the e-Application software will be unavailable for several days in mid-January. The tentative dates for this system down time are January 11-21, 2002. Please check this site for future updates on system availability.

We have included additional information about the e-APPLICATION pilot project (see Parity Guidelines between Paper and Electronic Applications) in the application package.
