The period to appeal has expired and no appeal was filed. Therefore, there is now a final and conclusive court decision with respect to the final determination of sales at less than fair value, and we are amending

our final determination of the antidumping duty investigation for KTN based on our recalculation of KTN's rates pursuant to the remand. The amended final determination margin for KTN is 13.48 percent. As a result of these changes, the "All Others" rate also changes to 13.48 percent. We will instruct the U.S. Customs to change the

relevant cash deposit instructions, effective December 28, 2001.¹

Amendment to Final Determination

Pursuant to section 516A(e) of the Tariff Act of 1930, as amended (the Act), we are now amending the final determination of the sales at less than fair value investigation. The amended weighted-average margins are:

Exporter/ Manufacturer	Weighted-Average Margin (percent)
Krupp Thyssen Nirosta GmbH	13.48
All Others	13.48

We will instruct U.S. Customs to change the existing "All Others" cash deposit requirements accordingly, effective December 28, 2001. We note that KTN's current cash deposit rate is based upon an administrative review conducted subsequent to this segment of the proceeding. Therefore, this amended final determination does not affect the cash deposit rate for KTN.

Record of Service*I. Background*

In his State of the Union address, President Bush called on all Americans to perform some form of service to the nation for the equivalent of two years of his or her life. Americans serve their country in extraordinary and countless ways. Most of our Nation's civic work is being done without the aid of the Federal Government, but we believe the Federal Government can work to enhance the opportunities for Americans to serve their neighbors and their Nation. The Administration proposes to create and expand activities that will enhance homeland security, provide additional community-based service and volunteer opportunities, and assist people around the world. In January, the President announced the creation of the USA Freedom Corps which will have three major components: a newly created Citizen Corps to engage citizens in homeland security; an improved and enhanced AmeriCorps and Senior Corps, programs of the Corporation for National and Community Service (Corporation); and a strengthened Peace Corps.

In support of the President's call to service, the Corporation has created an electronic record of service that provides citizens who accept his challenge a way to track their service time and record their service hours. Use of this tracking tool is 100 percent electronic in that users will establish a user ID and password that automatically creates a "record of service" account which is only accessible to that particular user. This record of service account can be updated only by the user who established the account. In addition, those users who create a record of service account can, by

checking various blocks, elect to receive information about USA Freedom Corps and other national and community service volunteer activities.

II. Current Action

Because of President Bush's announcement on March 12, 2002, which informed the public of the availability of this record of service, the Corporation, on March 6, 2002, submitted a request for emergency processing and approval by OMB of this record of service because it could not reasonably comply with the normal clearance procedures under the Paperwork Reduction Act. OMB approved this request on March 12, 2002, for a period of six months to expire on September 30, 2002, and assigned Control Number 3045-0077 to this information collection activity. The link to this record of service, which is now available for use, and which serves as a means for the public to record their record of service may be found on the following Internet address: <http://www.usafreedomcorps.gov>.
