

this information to verify the kind and amount of tobacco products removed in bond from the premises of manufacturers for experimental purposes. In addition, we may use this information to determine that the persons to whom such removals are made are using the tobacco products for legitimate experimental purposes and that the tobacco products are properly destroyed or returned to the premises of a manufacturer following their experimental use. If such tobacco products are not destroyed or returned to the premises of a manufacturer, we will use this information to collect the taxes due.

The collection of information is mandatory. The likely respondents may include small businesses or organizations. We have estimated 165 recordkeepers and the total annual recordkeeping burden as 1 hour. The recordkeeping is customary and usual for business purposes.

Administrative Procedure Act

In accordance with the provisions of 5 U.S.C. 553, we issued a notice of proposed rulemaking (66 FR 52730) prior to this final rule.

Coast Guard

33 CFR Part 165

[COTP TAMPA–02–024]

RIN 2115–AA97

Security Zone; Port of Tampa, Tampa, FL

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary fixed security zone in all waters extending in the vicinity of MacDill Air Force Base (AFB). This security zone is needed for national security reasons to protect MacDill AFB from potential subversive acts. Entry into this zone is prohibited, unless specifically authorized by the Captain of the Port, Tampa, Florida, or his designated representative.

DATES: This regulation is effective at 7 a.m. on April 1, 2002 and will remain in effect until 7 a.m. on June 15, 2002.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of [COTP Tampa–02–024] and are available for inspection or copying at Marine Safety Office Tampa, 155 Columbia Drive, Tampa, Florida 33606–3598 between 7:30 a.m. and 3 p.m. Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LCDR Michael Holland, Coast Guard Marine Safety Office Tampa, at (813) 228–2189 extension 130.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On December 3, 2001 we published a temporary final rule in the **Federal Register** entitled Security zone; Port of Tampa, Tampa, FL (66 FR 60151). That

temporary rule was extended by COTP Tampa-02-006 which expired on April 1, 2002.

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a NPRM. Publishing a NPRM and delaying its effective date would be contrary to the public interest since immediate action is needed to protect the public, ports and waterways of the United States. The Coast Guard will issue a broadcast notice to mariners and place Coast Guard or other law enforcement vessels in the vicinity of these zones to advise mariners of the restriction.

For the same reasons, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

The Coast Guard created these temporary zones to allow the Army Corps of Engineers to develop a restricted area around this military installation. Since the restricted area is not complete, the Coast Guard finds that immediate action is necessary to ensure the security of this military installation.

Background and Purpose

Based on the September 11, 2001, terrorist attacks on the World Trade Center buildings in New York and the Pentagon in Arlington, Virginia, there is an increased risk that subversive activity could be launched by vessels or persons in close proximity to MacDill Air Force Base. This security zone will encompass all waters in the vicinity of MacDill Air Force Base commencing from a point at 27° 50.20' N, 82° 32.14' W; extending to a point at 27° 49.60' N, 82° 32.14' W; then south-easterly 1,000 yards from shore to a point at 27° 48.90' N, 82° 28.20' W; then circling 1,000 yards from shore to a point at 27° 51.51' N, 82° 28.60' W; then westerly to end at a point at 27° 51.51' N, 82° 29.18' W. All positions noted are fixed using the North American Datum of 1983 (World Geodetic System 1984). The Coast Guard will issue a broadcast notice to mariners regarding this security zone and what law enforcement vessels will be on-scene enforcing the zone. Entry into this security zone is prohibited, unless specifically authorized by the Captain of the Port, Tampa, Florida or his designated representative.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs

and benefits under section 6(a)(3) of that order. The Office of Management and Budget has not reviewed it under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979) because this rule is in effect for a limited period of time and vessels may be allowed to enter the zone with the express permission of the Captain of the Port of Tampa.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), the Coast Guard considered whether this rule would have a significant economic effect upon a substantial number of small entities. "Small entities" include small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities because small entities may be allowed to enter on a case by case basis with the authorization of the Captain of the Port of Tampa.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process. If the rule will affect your small business, organization, or government jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** for assistance in understanding this rule.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501-3520).

Federalism

A rule has implication for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b) (2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Environmental

The Coast Guard considered the environmental impact of this rule and concluded under Figure 2-1, paragraph 34(g) of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation. A "Categorical Exclusion Determination" is available in the docket where indicated under **ADDRESSES**.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial

direct effect on one or more Indian tribes, on the relationships between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or use. We have determined that it is not a "significant energy action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

SUPPLEMENTARY INFORMATION:

I. Background

On August 9, 1999, the GAEPD submitted revisions to the Georgia SIP. The revisions pertain to Chapter 391–3–1 Rules for Air Quality Control and Chapter 391–3–20 Enhanced Inspection and Maintenance. The revisions were the subject of a public hearing held on May 12, 1999, and became State effective on July 8, 1999. The revisions are described below.

II. Analysis of State's Submittal

Rules for Air Quality Control Chapter 391–3–1–.01 Definitions

Rule 391–3–1–.01(yy) Particulate Matter Emissions

A statement is being added that states that the term "Particulate Emissions" as used in the Rules for Air Quality Control has the same meaning as the term "Particulate Matter Emissions."

Rule 391–3–1–.01(IIII) Volatile Organic Compound (VOC)

The definition of VOC is being amended to be consistent with the EPA definition by adding methyl acetate to the list of chemicals which are designated to have negligible photochemical reactivity. Various technical corrections were made.

Rules for Enhanced Inspection and Maintenance

Rule 391–3–20–.01 Definitions

The definition for "I/M Test Manual" is updated to the version dated April 9, 1999.

Rule 391–3–20–.05 Emission Standards. Amended

Paragraph (2)(b) is being amended to extend the use of ASM start-up exhaust emission standards until the EPA concludes a confirmation of the stringency of final exhaust emission standards and GAEPD establishes a new effective date for the final standards.

Rule 391–3–20–.21 Inspection Fees. Amended

Subparagraph (3)(c) is being amended to extend through July 31, 1999, the \$25.00 fixed test fee and the issuing of an administrative fee credit of \$6.30 to an inspection station owner for each ASM test performed.

III. Final Action

EPA is approving the aforementioned changes to the Georgia SIP because they are consistent with the Clean Air Act and Agency requirements.

The EPA is publishing this rule without prior proposal because the
