Type of Information Collection Request: New Collection; *Title of Information Collection:* Survey of Newly Eligible Medicare Beneficiaries; *Form No.:* CMS-10050 (OMB# 0938-NEW); *Use:* It is not enough to merely mail information about the Medicare program to each beneficiary. We need to know not only that the beneficiaries got the information, but that they understood the information and are able to use it in making choices about their Medicare participation. To this end, CMS must have measure(s) over time of what beneficiaries know and understand about the Medicare program now to be able to quantify and attribute any changes to their understanding or behavior to information/education initiatives. Measuring beneficiary information needs and knowledge over time will help us evaluate the impact of information/education and other initiatives as well as to understand how the population is changing apart from such initiatives; *Frequency:* Monthly; *Affected Public:* Individuals or Households; *Number of Respondents:* 3,600; *Total Annual Responses:* 3,600; *Total Annual Hours:* 1,080.
