

Estimate of Other Total Annual Cost Burden: \$15,000.00.

Request for Comments

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Direct Comments to OMB

Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for NIH. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact: Dr. Patty McCarthy, Program Coordinator, Graduate Partnerships Program, National Institutes of Health, 10 Center Drive, Building 10/Room 1C129, Bethesda, Maryland 20892-1153, or call 301-594-9603 or E-mail your request, including your address to: mccarthy@od.nih.gov.

Comments Due Date

Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

Dated: April 18, 2002.

Michael M. Gottesman,

*Deputy Director of Intramural Research,
National Institutes of Health.*

National Institute of General Medical Sciences; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. appendix 2), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of General Medical Sciences Special Emphasis Panel Centers of Excellence in Chemical Methodologies and Library Development.

Date: June 17-18, 2002.

Time: 7 pm to 7 pm.

Agenda: To review and evaluate grant applications.

Place: Holiday Inn—Bethesda, 8120 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: Laura K Moen, Ph.D., Office of Scientific Review, National Institute of General Medical Sciences, National Institutes of Health, Natcher Building, Room 1AS-13H, Bethesda, MD 20892, 301-594-3998, moenl@nigms.nih.gov.

BILLING CODE 4140–01–M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–4556–N–18]

Privacy Act of 1974; Establishment of a New System of Records

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notification of the Establishment of a new system of records.

SUMMARY: Pursuant to the provision of the Privacy Act of 1974, as amended (5 U.S.C. 552a), the Department of Housing and Urban Development developed the Public and Indian Housing (PIH) Information Center (PIC). This system combines several individual PIH business systems into one integrated system. The PIH systems now exist in one environment, enabling users access to a wealth of data without signing onto multiple systems. PIC incorporates the

former Integrated Business System (IBS); Multifamily Tenant Characteristics System (MTCS), previously released on October 1, 1999; and Capital Fund Verification System (FOCVS). It also incorporates new functionality such as the Building and Unit Inventory; Section 8 Management Assessment Program (SEMAP); and Risk Assessment.

PIH developed a state of the art system to improve the submission of information to HUD from the Office of Public and Indian Housing program participants. PIC facilitates more timely and accurate exchanges of data between public housing agencies (PHAs) and HUD Offices.

PIC contains building and unit details, PHA program information, financial and budgetary data, and family records with demographic, rent, and income details.

This system of records also supports the administration of programs for families receiving housing assistance from HUD by those entities that administer HUD's rental assistance programs. Entities that administer HUD's rental assistance programs include: PHAs, Indian Tribes, state agencies, and Tribally Designated Housing Entities participating in the Section 8 Program.

SYSTEM SECURITY MEASURES: The integrity and availability of data in PIC are important. Much of the data needs to be protected from unanticipated or unintentional modification. HUD restricts the use of this information to HUD approved officials and PHAs; thus, the data is protected accordingly. As a part of HUD's oversight responsibility, the collected data in PIC is used to calculate the amount of subsidy authorized and disbursed to PHAs to monitor PHAs' overall performance and use of HUD funds.

Vulnerabilities and corresponding security measures include: (1) Multi-user access—access to the PIC system is controlled using PIC's Security module. This module controls a user's access to particular modules, update access, read-only access, and approval access based on the user's role and security access level; (2) unauthorized system access—unauthorized access is reduced by restricting access by job function and by the use of user identifications (User IDs) and passwords. User IDs will also be utilized to identify transactions by users; (3) inaccurate and incomplete data—inaccurate and incomplete data are identified and eliminated with extensive edits, (4) data corruption/destruction—there are limited user IDs that will have update rights to the

production server/databases. This will greatly reduce the risk of data destruction or corruption, (5) multi-user processing—PIC utilizes reactive locking (which is an algorithm implemented in database management software so that multiple users cannot update the same data at the same time).

DATA QUALITY: PHAs enter management, building, unit, and family information into PIC. Family information includes the families' names, social security numbers (SSN), and dates of birth. When a PHA submits family data to PIC, the system will verify whether or not the SSN for the family's head of household exists in PIC. If the SSN does exist in PIC, but is actively associated with another PHA, the PHA will receive an error message that states that the family's SSN currently exists in PIC. The error message will also list the PHA that houses the family.

If PHA A submits a SSN to PIC, and the next day PHA B submits the same SSN, PHA B will receive a message that the family's SSN currently exists in PIC.

PHA B will verify the individual's social security number for accuracy. If the SSN is correct, PHA B may call the PHA A to compare families. The PHAs may exchange the family name, SSN, and date of birth of the head of household to determine if the family currently receives benefits from multiple PHAs.

This social security number search feature was established to help HUD maintain data quality and integrity and to support one of its strategic objectives to prevent fraud and abuse. This search feature will (1) help confirm that those families entitled to benefits receive benefits, (2) assist in limiting the duplication of benefits, and (3) help prevent the false application for benefits, thereby ensuring data quality. In addition, PIC will receive income data from state wage-information collection agencies (SWICAs), one or more private vendors and, the Social Security Administration. This will allow PHAs to verify the income of applicants and tenants at the time of occupancy and at re-certification.

DATES: *Effective Date:* This proposal shall become effective without further notice on May 29, 2002 unless comments are received during or before this period which would result in a contrary determination.

Comments Due Date: May 29, 2002.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW,
