

Respondents: Business or other for-profit, and state, local or tribal governments.

Number of Respondents: 443.

Estimated Time Per Response: 5 hours.

Frequency of Response:

Recordkeeping requirement; quarterly and semi-annual reporting requirements.

Total Annual Burden: 2,215 hours.

Total Annual Cost: N/A.

Needs and Uses: The quarterly and supplemental reports will be used by the Commission to monitor carrier progress in transition to E911, and thus ensure that this important effort will continue in an orderly and timely fashion.

The burden estimates in this notice include the information currently approved by OMB and additional information for the newly affected entities.

In February 2002, the Commission received emergency approval from the Office of Management and Budget (OMB) for reporting burdens contained in a series of Orders allowing seven carriers additional time to comply with the Commission's Enhanced 911 Phase II implementation schedule subject to certain reporting requirements. The Commission opened a period for comment on these burdens at 67 FR 14714, March 27, 2002. The period for comment ends on May 28, 2002. However, the Commission has revised the information contained in the announcement of the comment period in anticipation of other carriers who might also seek a waiver and be subject to the reporting requirement. So, the Commission revised its original notice and associated burden estimates and extends the public comment period for 60 days after publication in the **Federal Register**.
