Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: National Survey of Characteristics and Funding of School Mental Health Services: 2002-2003—New—SAMHSA's Center for Mental Health Services will sponsor this national study of the mental health services provided in U.S. public schools. A substantial proportion of public schools provide some level of mental health screening, prevention, and treatment services to their students. However, no national-level data are available on these services. The study is designed to document the types of mental health problems encountered in schools, the mental health services provided, the types and of qualifications of staff providing the services, the arrangements for delivery of services, and the funding of those services. The study will examine the prevalence of these mental health resources and their distribution across schools in the nation as they vary by grade level, size, locale, and the student populations served.

The survey will be conducted as a self-administered mail survey (with telephone followup) of a nationally representative sample of 2,000 public elementary, middle and secondary schools. The districts associated with the sampled schools will be asked to answer questions about funding sources, budgets, and issues related to funding. The results of the study will be available in the summer of 2003. Response burden for the survey is summarized in the following table.

Questionnaire	Number of respondents	Responses/ respondent	Burden/ response (hrs.)	Total burden hours
School district	1,200	1	.5	600
School	2,000	1	1.0	2,000
Total	3,200	2,600

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Indian Arts and Crafts Board (Board) is the agency responsible for the enforcement of the Indian Arts and Crafts Act of 1990, Pub. L. 101-644. The

Act is a truth-in-advertising law that prohibits the offer or display for sale, or sale of any art or craft product in a manner that falsely suggests it is Indian produced, an Indian product, or the product of a particular Indian tribe. Under the law, an "Indian" is defined as "any individual who is a member of an Indian tribe, or for the purposes of this section is certified as an Indian artisan by an Indian tribe." It is voluntary for a tribe to establish a certification program in accordance with 25 CFR part 309.

As the agency responsible for the enforcement of the Indian Arts and Crafts Act, it is necessary for the Board to know which federally recognized tribes have established a non-member artist certification program in accordance with the Act. This information is important for the effective enforcement of the Act because it will enable the Board to quickly verify whether or not a particular Federally recognized tribe has a certification program under the Act, and to make a preliminary determination as to whether an individual is making a truthful claim regarding his or her certification by a particular Federally recognized tribe.

Finally, this information will enable the Board to answer general inquiries from the public regarding tribal non-member certification programs.

II. Method of Collection

In order to identify those federally recognized Indian tribes that have established a non-member Indian artisan certification program as set forth in Public Law 101-644, the Indian Arts and Crafts Board is mailing a response form and a self-addressed stamped envelope to federally recognized Indian tribes requesting that they (1) identify whether or not they have established a non-member artist certification program and, (2) if the tribe has established such a program, whether or not the tribe is willing to mail or fax to the Board a copy of the tribal statutory language establishing the certification program, and (3) whether the federally recognized tribe authorizes the Board to distribute its tribal language upon request by other tribes in search of a model for establishing their certification program. Submission of the information and authorization is strictly voluntary on behalf of the tribe.

Information collected	Reason for collection
Name of organization, address, telephone number, and name of contact.	To identify the federally recognized Indian tribe responding and to obtain a method and name of contact.
Whether or not the tribe has established a non-member artist certification program.	To identify those federally recognized Indian tribes that have established a non-member artist certification program.
Whether or not the tribe is willing to send to the Board by mail or fax its non-member artist certification program language.	To identify those federally recognized tribes that are willing to submit to the Board a copy of the tribal language establishing a non-member artist certification program.
Whether or not the tribe authorizes the Board to use its non-member artist certification program language as a model for other tribes.	To obtain the federally recognized tribe's authorization to use the tribal language establishing a non-member artist certification program as a model for other tribes.

III. Proposed Use of the Information

The information collected will be used by the Indian Arts and Crafts Board to determine which federally recognized Indian tribes have established a non-member Indian artisan certification program as contemplated by the Indian Arts and Crafts Act of 1990. This will enable the Indian Arts and Crafts Board to provide accurate responses to inquiries from artisans and members of the public seeking this information.

IACB has submitted a request to OMB to approve the collection of information for the Non-member Artist Certification Response form. IACB is requesting a 3-year term of approval for the information collection activity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid

Office of Management and Budget control number. As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on the collection of information was published on August 2, 2001 (66 FR 40292). No comments were received. This notice provides the public with an additional 30 days in which to comment on the following information collection activity:

(1) *Title:* Non-member Indian Artisan Certification Program Form.

OMB Control Number: 1085-xxxx.

Type of Review: New Collection.

Affected Entities: Federally recognized Tribal Governments.

Number of Respondents: 580.

Frequency of Collection: One time data gathering.

(2) Total annual reporting and record keeping burden.

Total Reporting Per Respondent: 10 minutes.

Total Annual Burden Hours: 97 hours.

(3) *Description of the need for the information and proposed use of the information:* The Board is requesting the foregoing information from Federally recognized Indian tribes in order to identify those federally recognized tribes that have established a program for certifying non-member Indian artisans as described in Public Law 101-644 and 25 CFR part 309.

The Department of the Interior invites comments on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden of the collection and validity of the methodology and assumptions used;

(d) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other collection techniques or other forms of information technology. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.
