

for line extensions because Congress exempted such "extensions" from the requirements of 47 U.S.C. 214, under Section 402(b)(2)(A) of the Act. Furthermore, the Commission eliminated reporting requirements by domestic non-dominant carriers, small carriers, and carriers proposing small projects because Congress enacted section 214 to prevent unnecessary duplication of facilities that could result in increased rates being imposed on captive telephone ratepayers. Moreover, the Commission reduced, but did not entirely eliminate, submission requirements for domestic dominant rate-of-return carriers in applications for "new" lines because the information was either collected elsewhere, was found to be unnecessary and/or confusing in light of the provisions of section 402(b)(2)(A), or was no longer of decisional significance to the Commission. The Commission significantly streamlined the carrier exit procedures this process because of its desire to eliminate unnecessary barriers to carriers wanting to exit the market. See 47 CFR part 63. The Commission will use the information to determine if affected respondents are in compliance with its rules and the requirements of Section 214 of the Communications Act of 1934, as amended. Obligation to respond: Required to obtain or retain benefits.

Public reporting burden for the collections of information are as noted above. Send comments regarding the burden estimates or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, DC 20554.

I. Information Collection Requests

FMCS is seeking comments on the following information collection requests contained in FMCS agency forms.

Agency: Federal Mediation and Conciliation Service.

Form Number: OMB No. 3076-0006.

Type of Request: Emergency Extension of Expiration date of a currently approved collection without any change in the substance or method of collection.

Affected Entities: Potential applicants/grantees who received our grant application kit. Also, applicants/grantees who have received a grant from FMCS.

Frequency:

a. Three of the forms, the SF-424, LM-6, and LM-9 are submitted at the applicant/grantee's discretion.

b. To conduct the quarterly submissions, LM-7/LM-8 forms are used. Less than quarterly reports would deprive FMCS of the opportunity to provide prompt technical assistance to deal with those problems identified in the report.

c. Once per application. The LM-3 is the only form to which a "similar information" requirement could apply. That form takes the requirement into consideration by accepting recent audit reports in lieu of applicant completion of items C2 through 9 and items D1 through 3.

Burden: SF-424 Application for Federal Assistance, SF-270 (LM-6) Request for Advance or Reimbursement—30 minutes, (LM-8) Project Performance—60 minutes, SF-269a (LM-7) Financial Status Report—30 minutes, (LM-9) FMCS Grants Program Evaluation Questionnaire—60 minutes, and (LM-3) Accounting

System and Financial Capability Questionnaire 60 minutes.

Abstract: Except for the FMCS Forms LM-3 and LM-9, the forms under consideration herein are either required or recommended in OMB Circulars. The two exceptions are non-recurring forms, the former a questionnaire sent only to non-governmental potential grantees and the latter a questionnaire sent only to former grantees for voluntary completion and submission.

The collected information is used by FMCS to determine annual applicant suitability, to monitor quarterly grant project status, and for on-going program evaluation. If the information were not collected, there could be no accounting for the activities of the program. Actual use has been the same as intended use.

II. Request for Comments

FMCS solicits comments to:

(i) Evaluate whether the proposed collection of information is necessary for the appropriate performance of the functions of the agency, including whether the information will have practical utility.

(ii) Evaluate the accuracy of the agency's estimates of the burden of the proposed collection of information.

(iii) Enhance the quality, utility, and clarity of the information to be collected.

(iv) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic collection technologies or other forms of information technology, e.g. permitting electronic and fax submission of responses.

III. The Official Record

The official record is the paper records maintained at the address in **ADDRESSES** at the beginning of this document. FMCS will transfer all electronically received comments into printed form as they are received. These records are available for inspection from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays.
