

*Application accepted by
Commissioner of Customs: April 26,
2002.*

Docket Number: 02-015.

Applicant: The Regents of the University of California (Riverside Campus), Materiel Management—056, Riverside, CA 92521-0411.

Instrument: Electron Microscope, Model Tecnai 12 TWIN.

Manufacturer: FEI Company, The Netherlands.

Intended Use: The instrument is intended to be used in the following research programs: (1) Development and evolution of nematode roundworms, (2) development of nerve function in mammals, (3) developmental processes related to plant reproduction, (4) reproductive processes in mice, and (5) the structure, function and processes of cell membranes in various animals. The instrument will also be used for educational purposes in the courses: (1) Bio/Nem 159, (2) MCLB/Biol 121L, (3) Bio 200A, PP 200, (4) Ent 231, (5) Neuro 211, and (6) Nem 226.

*Application accepted by
Commissioner of Customs: April 26,
2002.*

Docket Number: 02-016.

Applicant: Associated Universities, Inc., National Radio Astronomy Observatory (AUI/NRAO), 520 Edgemont Road, Charlottesville, VA 22903.

Instrument: Atacama Large Millimeter Array (ALMA) Radio Telescope.

Manufacturer: Vertex Antennentechnik GmbH, Germany.

Intended Use: The instrument is intended to serve as a test and evaluation instrument. The results of the evaluation will be used to finalize the design basis for the entire array of radio telescopes which will be located in Chile. The antennas of the Atacama Large Millimeter Array will collect millimeter and submillimeter waves from the cosmos and direct them through a series of mirrors into the cooled detectors. The purpose of the array is to collect the waves in such a fashion as to create an image of their source, cool gas and dust in the Universe. From these images the mechanisms of creation of planets stars and galaxies may be hypothesized and studied by astronomers and students.

*Application accepted by
Commissioner of Customs: May 3, 2002.*

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

[C-337-807]

Notice of Final Negative Countervailing Duty Determination: IQF Red Raspberries from Chile

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final negative countervailing duty determination.

SUMMARY: The Department of Commerce ("the Department") has made a final determination that countervailable subsidies are not being provided to producers and exporters of individually quick frozen red raspberries in Chile.

EFFECTIVE DATE: May 22, 2002.

FOR FURTHER INFORMATION CONTACT: Craig Matney or Jennifer Jones, Office of AD/CVD Enforcement 1, Import Administration, U.S. Department of Commerce, Room 3096, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1778 or 482-4194, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR Part 351 (April 2001).

Petitioners

The petition in this investigation was filed by the IQF Red Raspberries Fair Trade Committee ("Committee") and its members (collectively referred to hereinafter as "the petitioners"). The Committee is an *ad hoc* association of growers and processors of IQF red raspberries. All of the members of the Committee are producers of IQF red raspberries.

Case History

Since the publication of the preliminary determination in the **Federal Register** (see *Preliminary Negative Countervailing Duty Determination and Alignment of Final Countervailing Duty Determination With Final Antidumping Duty Determination: IQF Red Raspberries from Chile*, 66 FR 52588 (October 16, 2001) ("Preliminary Determination")), the following events have occurred:

We conducted verification of the questionnaire responses of the Government of Chile ("GOC"), Fruticola Olmue S.A. ("Olmue"), Exportadora Frucol Ltda. ("Frucol") and Comercial Fruticola S.A. ("Comfrut") from December 12-19, 2001.

On December 12, 2001, based on a request from Olmue, Frucol and Comfrut (collectively, "the responding companies"), which are also respondents in the companion antidumping duty investigation, the Department postponed the final antidumping determination until May 15, 2002. Because of the alignment of the countervailing duty investigation with the antidumping duty investigation, the final determination in the countervailing duty investigation was also postponed until May 15, 2002. See *Notice of Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: IQF Red Raspberries from Chile*, 66 FR 67510 (December 30, 2001).

On March 25, 2002, we received a combined case brief from the GOC and the three responding companies. No brief or rebuttal brief was filed by the petitioners. No hearing was held because none was requested.

Scope of Investigation

The products covered by this investigation are imports of IQF whole or broken red raspberries from Chile, with or without the addition of sugar or syrup, regardless of variety, grade, size or horticulture method (e.g., organic or not), the size of the container in which packed, or the method of packing. The scope of the investigation excludes fresh red raspberries and block frozen red raspberries (i.e., puree, straight pack, juice stock, and juice concentrate).

The merchandise subject to this investigation is classifiable under 0811.20.2020 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.

Period of Investigation

The period for which we are measuring subsidies (the POI) is calendar year 2000.

Analysis of Comments Received

All issues raised in the case brief submitted are addressed in the *Decision Memorandum*, which is hereby adopted by this notice. Attached to this notice as Appendix I is a list of the issues which parties have raised and to which we have responded in the *Decision*.

Memorandum. Parties can find a complete discussion of all issues raised in this investigation and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit, room B-099 of the main Department building. In addition, a complete version of the *Decision Memorandum* can be accessed directly on the Internet at <http://ia.ita.doc.gov/frn/> under the heading "Chile." The paper copy and electronic version of the *Decision Memorandum* are identical in content.

Verification

In accordance with section 782(i) of the Act, we verified the information used in making our final determination. We followed standard verification procedures, including meeting with government and company officials, and examining relevant accounting records and original source documents. Our verification results are outlined in detail in the public versions of the verification reports, which are on file in the Central Records Unit of the Department of Commerce, Room B-099.

Summary

The total net countervailable subsidy rates for Olmue, Comfrut, and Frucol are 0.01, 0.16 and 0.65 percent, *ad valorem*, respectively. All of these rates are *de minimis*. Therefore, we determine that countervailable subsidies are not being provided to producers or exporters of IQF red raspberries in Chile.

Suspension of Liquidation

In the *Preliminary Determination*, the total net countervailable subsidy rates for all the responding companies were *de minimis* and, therefore, we did not suspend liquidation. For the instant determination, because the rates for all the responding companies remain *de minimis*, we are not directing the Customs Service to suspend liquidation of IQF red raspberries from Chile.

Notification of the International Trade Commission

In accordance with section 705(d) of the Act, we have notified the International Trade Commission of our determination.

Return or Destruction of Proprietary Information

This notice will serve as the only reminder to parties subject to Administrative Protective Order of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Failure to comply is a violation of the APO.

This determination is published pursuant to sections 705(d) and 777(i) of the Act.

Dated: May 15, 2002

Faryar Shirzad,
Assistant Secretary for Import
Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 051702A]

Proposed Information Collection; Comment Request; International Dolphin Conservation Program

AGENCY: National Oceanic and
Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506 (c)(2)(A)).

DATES: Written comments must be submitted on or before July 22, 2002.

ADDRESSES: Direct all written comments to Madeleine Clayton, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6086, 14th and Constitution Avenue NW, Washington DC 20230 (or via Internet at MClayton@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Cathy Campbell, 562-980-4060 or Cathy.E.Campbell@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Oceanic and Atmospheric Administration (NOAA) collects information to implement the International Dolphin Conservation Program Act. The Act allows entry of

yellowfin tuna into the United States, under specific conditions, from nations in the Program that would otherwise be under embargo. The Act also allows U.S. fishing vessels to participate in the yellowfin tuna fishery in the eastern tropical Pacific Ocean on terms equivalent with the vessels of other nations. NOAA collects information to allow tracking and verification of "dolphin safe" and "non-dolphin safe" tuna products from catch through the U.S. market.

NOAA has modified the existing information collection by requiring that any wholesaler or distributor of any tuna or tuna products labeled as "dolphin-safe" produce documentary evidence concerning the origin of the tuna or products within 30 days of receiving a written request from the National Marine Fisheries Service (NMFS). NMFS expects that this will result in an annual information burden on 20 additional respondents.

In addition, NMFS has modified the existing information collection by eliminating the requirement that canneries provide 48 hours notice of receipt of tuna shipment and eliminating the requirement that processors provide NMFS with copies of their receiving reports on a real-time basis. This has resulted in an overall reduction in the number of annual burden hours and the estimated annual cost to the public of this information collection.

II. Method of Collection

Paper forms, other paper records, telephone calls, and radio transmissions.

III. Data

OMB Number: 0648-0387.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations, individuals or households.

Estimated Number of Respondents: 58.

Estimated Time Per Response: 30 minutes for a vessel permit application; 10 minutes for an operator permit application; 30 minutes for a request for a waiver to transit the eastern tropical Pacific Ocean without a permit (and subsequent radio reporting); 10 minutes for a notification of vessel departure; 10 minutes for a change in permit operator; 10 minutes for notification of a net modification; 10 hours for an experimental fishing operation waiver; 15 minutes for a request for a Dolphin Mortality Limit; 10 minutes for notification of vessel arrival; 60 minutes for a tuna tracking form; 10 minutes for
