## II. Receipt of Requests to Cancel and Amend Registrations to Delete Uses

### A. Background

In a memorandum of agreement ("Agreement") effective June 7, 2000, EPA and the basic manufacturers of the active ingredient chlorpyrifos agreed to several voluntary measures that will reduce the potential exposure to children associated with chlorpyrifos containing products. EPA initiated the negotiations with registrants after finding chlorpyrifos, as currently registered, was an exposure risk especially to children. As a result of the Agreement, registrants that hold the pesticide registrations of end-use products containing chlorpyrifos (who are in large part the customer of these basic manufacturers) have asked EPA to

cancel their registrations for these products.

In the **Federal Register** of December 5, 2001 (66 FR 63237) (FRL-6811-4), EPA published a notice of the Agency's receipt of end-use product cancellation requests from registrants that hold the pesticide registrations containing chlorpyrifos (who are in large part the customer of the basic manufacturers). These requests were submitted as a result of the Memorandum of Agreement that was signed on June 7, 2000, between EPA and the basic manufacturers of chlorpyrifos. A copy of the Memorandum of Agreement that was signed on June 7, 2000, is located in OPP docket control number 34203D.

### B. Requests for Voluntary Cancellation of End-Use Products

Pursuant to the Agreement and FIFRA section 6(f)(1)(A), several registrants have submitted requests for voluntary cancellation of registrations for their end-use products. The registrations for which cancellations were requested are identified in the following Table 1.

### III. Cancellation Order

Pursuant to section 6(f) of FIFRA, EPA is approving the requested registration cancellations. The Agency orders that the registrations identified in Table 1 are hereby canceled. After January 25, 2002, any distribution, sale, or use of existing stocks of the products identified in Table 1 in a manner inconsistent with the terms of this Order or the Existing Stock Provisions in Unit IV of this **Federal Register** notice will be considered a violation of section 12(a)(2)(K) of FIFRA and/or section 12(a)(1)(A) of FIFRA.

### IV. Existing Stocks Provisions

For purposes of this Order, the term "existing stocks" is defined, pursuant to EPA's existing stocks policy (56 FR 29362, June 26, 1991), as those stocks of a registered pesticide product which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the amendment or cancellation.

1. *Distribution or sale by registrants.* Except for the purposes of returns for relabeling consistent with the June 7, 2000 Memorandum of Agreement, shipping for export consistent with the requirements of section 17 of FIFRA, or proper disposal, the distribution or sale of existing stocks by registrants of any product identified in Table 1 will not be lawful under FIFRA after January 25, 2002.

2. *Retail and other distribution or sale.* The retail sale of existing stocks of products listed in Table 1 will not be lawful under FIFRA after January 25, 2002. Except as otherwise provided in this order, any other distribution or sale (for example, return to the manufacturer for relabeling) is permitted until stocks are exhausted.

3. *Use of existing stocks.* The use of existing stocks of products listed in Table 1 is permitted until such stocks are exhausted, provided such use is in accordance with the existing labeling of that product.
