FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 76

[CS Docket No. 96-85, FCC 02-117]

Implementation of Cable Act Reform Provisions of the Telecommunications Act of 1996

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Commission addresses petitions for reconsideration or clarification regarding certain decisions in this proceeding. It affirms its earlier decisions and denies the petitions. This action by the Commission implements the cable reform provisions of the Telecommunications Act of 1996.

FOR FURTHER INFORMATION CONTACT: Thomas L. Horan, Media Bureau, 202-418-7200.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Order on Reconsideration, FCC 02-117, adopted on April 16, 2002 and released on April 22, 2002. The full text of this Order on Reconsideration is available for inspection and copying during normal business hours in the FCC Reference Center, Room CY-A257, 445 12th Street, SW., Washington, DC 20554 or may be downloaded at www.fcc.gov. The Order may be purchased from the Commission's copy contractor, Qualex International, 445 12th Street, SW., Room CY-B402, Washington, DC, 20554, telephone 202-863-2893, facsimile 202-863-2898, or via e-mail qualexint@aol.com.

In the Report and Order ("R&O"), 64 FR 35948, July 2, 1999, in this proceeding, the Commission adopted rules to implement the cable reform provisions of the Telecommunications Act of 1996. This Order on Reconsideration addresses and subsequently denies petitions for reconsideration or clarification regarding certain of our decisions in the R&O. The major decisions in the Order on Reconsideration are as follows:

- The Commission reiterates that a Local Franchising Authority ("LFA") may establish and enforce requirements for facilities and equipment pursuant to the franchising and renewal provisions

of the statute consistent with the statutory directive that forbids an LFA from directing the use of particular transmission technologies.

- The Commission reaffirms that bulk discounts should not be premised on a cable operator's exclusive access to all residents.

- The Commission reaffirms its prior decision that truly passive investments should be excluded when determining whether an entity is affiliated with a cable operator for purposes of the small cable operator rate rules

- The Commission reiterates that when determining if there is effective competition by a local exchange carrier, the Commission will make a fact-specific finding in each case.

Ordering Clause

It is ordered that, pursuant to section 405 of the Communications Act of 1934, as amended, 47 U.S.C. 405, and section 1.106 of the Commission's rules, 47 CFR 1.106, the petitions for reconsideration or clarification are *denied*.

Magnuson-Stevens Act Provisions; Fisheries off the West Coast States and in the Western Pacific; Pacific Coast Groundfish Fishery; Groundfish Fishery Management Measures; Corrections

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Corrections to the 2002 specifications and management measures and the limited entry trawl trip limit table.

SUMMARY: This document contains corrections to the trawl trip limits and management measures for flatfish north and south of 40°10' N. lat. published in the March 7, 2002, final rule

implementing the 2002 Pacific Coast groundfish fishery specifications and management measures (March 7, 2002) and to the inseason action published May 7, 2002.

DATES: Effective June 14, 2002, through the effective date of the 2003 specifications and management measures for the Pacific Coast groundfish fishery, unless modified, superceded, or rescinded, in which case it will be announced in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Jamie Goen (Northwest Region, NMFS), 206-526-6140.

SUPPLEMENTARY INFORMATION:

Background

The specifications and management measures for the current fishing year (January 1 - December 31, 2002) were initially published in the **Federal Register** as an emergency rule for January 1-February 28, 2002 (67 FR 1540, January 11, 2002), and as a proposed rule for all of 2002 (67 FR 1555, January 11, 2002) that was finalized effective March 1, 2002 (67 FR 10490, March 7, 2002). In the meantime,

the emergency rule was amended at 67 FR 3820 (January 28, 2002) and at 67 FR 7289 (February 19, 2002). The final rule was subsequently amended at 67 FR 15338 (April 1, 2002) and, at 67 FR 30604 (May 7, 2002).

The final rule (67 FR 10490, March 7, 2002) and the subsequent inseason action (67 FR 30604, May 7, 2002) contained errors that need correction. More specifically, corrections to the limited entry trawl regulatory language on large footrope restrictions in the final rule and to the trip limit table (Table 3) in the inseason action are needed to clarify the Council's intent for limited entry trawl, large footrope flatfish limits north and south of 40°10' N. lat.

Corrections

In the final rule, FR Doc. 02-5302, in the issue of Thursday, March 7, 2002 (67 FR 10490) make the following correction:

1. On page 10512, in the third column, under section IV. NMFS Actions(A)(14), the second sentence of paragraph (b)(i) is corrected to read as follows:

* * * * *

(b) * * *

(i) *Large footrope trawl.* * * * It is unlawful to take and retain, possess or land petrale sole, rex sole, or arrowtooth flounder from a fishing trip if large footrope gear is onboard and the trip is conducted at least in part between May 1 and October 31; cumulative limits for "all other flatfish" (all flatfish except those with cumulative trip limits in Table 3 to section IV) and arrowtooth flounder (during January-April and September-December) are lower for vessels with large footrope gear on board throughout the year (See Table 3).

* * * * *

In the inseason action rule, FR Doc. 02-11218, in the issue of Tuesday, May 7, 2002 (67 FR 30604) make the following correction:

1. On page 30609, in line 34 (All other flatfish-North and South: large footrope) in Table 3 is removed and the large footrope information previously contained in line 34 is added under the headers "Flatfish-North" and "Flatfish-South" to read as follows:
