

public hearing on proposed rulemaking which was published in the **Federal Register** on Wednesday, May 29, 2002 (67 FR 37369), relating to the disallowance of deduction and credits for nonresident alien individuals and foreign corporations that fail to file a timely U.S. income tax return.

FOR FURTHER INFORMATION CONTACT:

Nina E. Chowdhry, (202) 622-3880 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

The notice of cancellation of public hearing on proposed rulemaking that is subject to this correction is under sections 874 and 882 of the Internal Revenue Code.

Need for Correction

As published, the notice of cancellation of public hearing on proposed rulemaking contained errors which may prove misleading and are in need of correction.

Correction of Publication

Accordingly, the publication of the cancellation of notice of public hearing on proposed rulemaking which is the subject of FR Doc. 02-13397, is corrected as follows:

1. On page 37369, in the preamble, following the caption **ACTION:**, the language "Cancellation of notice of proposed rulemaking by cross-reference to temporary regulations and notice of public hearing." is corrected to read "Cancellation of notice of public hearing on proposed rulemaking."

2. On page 37369, in the preamble, following the caption **SUMMARY:**, the language "This document provides notice of cancellation of proposed regulations and notice of public hearing relating to the disallowance of deductions and credits for nonresident alien individuals and foreign corporations that fail to file a timely U.S. income tax return." is corrected to read "This document provides notice of cancellation of a public hearing on proposed regulations relating to the disallowance of deductions and credits for nonresident alien individuals and foreign corporations that fail to file a timely U.S. income tax return."

Cynthia E. Grigsby,

Chief, Regulations Unit, Associate Chief Counsel, (Income Tax & Accounting).

BILLING CODE 4830-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[CA 250-0331b; FRL-7165-5]

Revisions to the California State Implementation Plan, Lake County Air Quality Management District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the Lake County Air Quality Management District (LCAQMD) portion of the California State Implementation Plan (SIP). This revision concerns particulate matter (PM-10) emissions from open fires and prescribed burning. We are proposing to approve local rules that regulate this emission source under the Clean Air Act as amended in 1990 (CAA or the Act).

DATES: Any comments on this proposal must arrive by July 15, 2002.

ADDRESSES: Mail comments to Andy Steckel, Rulemaking Office Chief (AIR-4), U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105.

You can inspect copies of the submitted rule revisions and EPA's technical support document (TSD) at our Region IX office during normal business hours. You may also see copies of the submitted rule revisions and TSD at the following locations:

Environmental Protection Agency, Air Docket (6102), Ariel Rios Building, 1200 Pennsylvania Avenue, NW., Washington DC 20460.

California Air Resources Board, Stationary Source Division, Rule Evaluation Section, 1001 "I" Street, Sacramento, CA 95814.

Lake County Air Quality Management District, 885 Lakeport Boulevard, Lakeport, CA 95453.

FOR FURTHER INFORMATION CONTACT: Al Petersen, Rulemaking Office (AIR-4), U.S. Environmental Protection Agency, Region IX; (415) 947-4118.

SUPPLEMENTARY INFORMATION: This proposal addresses the approval of the local LCAQMD Sections [Rules] 203, 204.5, 208.3, 208.8, 226.4, 226.5, 240.8, 246, 248.3, 248.5, 249.5, 251.7, 270, 431, 431.5, 433, 434, 1000, 1001, 1003, 1105, 1107, 1130, 1140, 1145, 1150, 1160, and 1170. In the Rules section of this **Federal Register**, we are approving these local rules in a direct final action without prior proposal because we believe this SIP revision is not controversial. If we receive adverse comments, however, we will publish a

timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: March 14, 2002.

Laura Yoshii,

Acting Regional Administrator, Region IX.

Approval and Promulgation of Air Quality Implementation Plans; Montana; Billings/Laurel Sulfur Dioxide State Implementation Plan; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; correction.

SUMMARY: On May 2, 2002, EPA proposed to partially and limitedly approve and limitedly disapprove revisions to the Billings/Laurel sulfur dioxide (SO₂) State Implementation Plan (SIP). EPA noticed an error in the May 2, 2002 document and is correcting it with this document.

DATES: Written comments on the May 2, 2002 proposed rule must be received on or before July 1, 2002.

FOR FURTHER INFORMATION CONTACT: Laurie Ostrand, EPA, Region VIII, (303) 312-6437.

Correction

Our May 2, 2002 document, in which we proposed partial and limited approval and limited disapproval of the Billings/Laurel SO₂ SIP (67 FR 22242) (FR Doc. 02-10333), is corrected as follows:

On page 22246, first column, Section IV. Request for Public Comment, the last sentence should read as follows: "We will consider your comments in deciding our final action if your letter is received on or before July 1, 2002."

As published on May 2, 2002, the sentence incorrectly listed the comment deadline as "[W]e will consider your comments in deciding our final action if your letter is received before [insert date, 30 days from publication]." The correct deadline for submitting

comments appeared in the **DATES** section of the May 2, 2002 notice, first column of 67 FR 22242.

Dated: June 6, 2002.

Robert E. Roberts,

Regional Administrator, Region 8.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 2 and 97

[ET Docket No. 02-98 ; FCC 02-136]

Amateur Radio Service Rules

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document proposes to amend the Commission's Rules to add a new secondary allocation to the 135.7-137.8 kHz band for the amateur service for experimentation in the low frequency ("LF") region of the spectrum; add a new secondary allocation to the 5250-5400 kHz band for the amateur service to facilitate high frequency ("HF") amateur service operations; and to upgrade the amateur service allocation from secondary status to primary status and add a primary allocation for the amateur-satellite service in the 2400-2402 MHz band. The proposed changes to the Rules would enhance the ability of the amateur service to conduct technical experiments with LF propagation and antenna design; allow amateurs to communicate at 5250 kHz when propagation conditions do not permit communication at 3500 kHz or 7000 kHz; and provide protected status for the amateur-satellite service now using the 2400-2402 MHz band.

DATES: Written comments are due July 29, 2002, and reply comments are due August 13, 2002.

FOR FURTHER INFORMATION CONTACT:

Kathryn Medley, Office of Engineering and Technology, (202) 418-1211, TTY (202) 418-2989, e-mail: kmedley@fcc.gov.

ADDRESSES: All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor,

Vistrionix, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743. U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, SW, Washington, DC 20554.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *Notice of Proposed Rulemaking*, ET Docket 02-98, FCC 02-136, adopted May 2, 2002, and released May 15, 2002. The full text of this document is available for inspection and copying during regular business hours in the FCC Reference Center (Room CY-A257), 445 12th Street, SW., Washington, DC 20554. The complete text of this document also may be purchased from the Commission's copy contractor, Qualex International, 445 12th Street, SW., Room, CY-B402, Washington, DC 20554. The full text may also be downloaded at: www.fcc.gov. Alternative formats are available to persons with disabilities by contacting Brian Millin at (202) 418-7426 or TTY (202) 418-7365.

Pursuant to Sections 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments on or before July 29, 2002, and reply comments on or before August 13, 2002. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. See *Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998). Comments filed through the ECFS can be sent as an electronic file via the Internet to <http://www.fcc.gov/e-file/ecfs.html>. Generally, only one copy of an electronic submission must be filed. If multiple docket or rulemaking numbers appear in the caption of this proceeding, however, commenters must transmit one electronic copy of the comments to each docket or rulemaking number referenced in the caption. In completing the transmittal screen, commenters should include their full name, U.S. Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, commenters

should send an e-mail to ecfs@fcc.gov, and should include the following words in the body of the message, "get form <your e-mail address.>" A sample form and directions will be sent in reply. Parties who choose to file by paper must file an original and four copies of each filing. If more than one docket or rulemaking number appear in the caption of this proceeding, commenters must submit two additional copies for each additional docket or rulemaking number.

Summary of Notice of Proposed Rule Making

1. *The Notice of Proposed Rulemaking ("NPRM")* proposes to amend parts 2 and 97 of the Commission's rules to: (1) Add a new secondary allocation to the 135.7-137.8 kHz band for the amateur service for experimentation in the low frequency ("LF") region of the spectrum; (2) add a new secondary allocation to the 5250-5400 kHz band for the amateur service to facilitate high frequency ("HF") amateur service operations; and (3) upgrade the amateur service allocation from secondary status to primary status and add a primary allocation for the amateur-satellite service in the 2400-2402 MHz band. These proposed changes to the rules would enhance the ability of the amateur service to conduct technical experiments with LF propagation and antenna design; allow amateurs to communicate at 5250 kHz when propagation conditions do not permit communication in the amateur allocated spectrum at 3500 kHz or 7000 kHz; and provide protected status for the amateur-satellite service now using the 2400-2402 MHz band.

2. *An Allocation in the Low Frequency ("LF") range.* The American Radio Relay League filed a *Petition for Rulemaking* with the Commission requesting a secondary allocation to the amateur service in the LF spectrum range (specifically the 135.7-137.8 kHz and the 160-190 kHz bands). The Commission was persuaded by ARRL's arguments to consider a secondary amateur service allocation in the LF range of the spectrum to serve the public interest because amateur experimentation could lead to a better understanding of communication techniques in this frequency range.

3. Incumbent use of the 135.7-137.8 kHz band is relatively light and thus a secondary amateur service allocation in this band raises few concerns. An analysis of a portion of the UTC database of power line carrier ("PLC") systems by Commission staff shows that PLC system density is significantly less in the 135.7-137.8 kHz band than in the
