

Biomarkers Branch, Human Studies Division, National Health and Environmental Effects Research Laboratory, Office of Research and Development, U.S. Environmental Protection Agency (EPA). Participation of adults and children in this collection of information is strictly voluntary.

This information is being collected as part of a research program consistent with the section 3(a) (v) (1) of the Beaches Environmental Assessment and Coastal Health Act of 2000 and the strategic plan for EPA's Office of Research and Development (ORD) and the Office of Water entitled "Action Plan for Beaches and Recreational Water." The Beaches Act and ORD's strategic plan have identified research on effects of microbial pathogens in recreational waters as a high-priority research area with particular emphasis on developing new water quality indicator guidelines for recreational waters. EPA has broad legislative authority to establish water quality criteria and to conduct research to support these criteria. This data collection is for a series of epidemiological studies to evaluate exposure to and effects of microbial pathogens in marine and fresh (Great Lakes) recreational waters as part of EPA's research program on exposure and health effects of microbial pathogens in recreational waters. The results of these health effects studies will be used to document human health effects associated with recreational water use and correlate these health effects with ongoing EPA studies to identify a new generation of indicators for detection of human pathogens in recreational water and appropriate, effective, and expeditious testing methods for these indicators (addressed separately under section 3(a) (v) (2 & 3) of the Beaches Environmental Assessment and Coastal Health Act of 2000). The results will be used to develop mathematical relationships that will be used for the generation of new national water quality guidelines and appropriate monitoring guidelines.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on February 15, 2002, (67 FR 7150); three comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for

this collection of information is estimated to average about a half hour per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Interview & Telephone Follow-ups: Based on consultation with the individuals listed in section 3(c) of the ICR, and our experience with similar types of information collection, we estimate that each family will spend an average of 30 minutes completing the beach interview and will require no record keeping. This includes the time for reviewing the information pamphlet and answering the questions. We estimate that each family will spend an average of 30 minutes completing the first home telephone interview and 20 minutes completing the second home telephone interview. The telephone interviews will require no record keeping.

Respondents/Affected Entities: Entities potentially affected by this action are families frequenting fresh and marine water beaches in the continental United States.

Estimated Number of Respondents: 4500.

Frequency of Response: Once.

Estimated Total Annual Hour Burden: 5,000

Estimated Total Annualized Capital, O&M Cost Burden: \$0.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 2081.01 in any correspondence.

Dated: June 10, 2002.

Agency Information Collection Activities: Submission for OMB Review; Comment Request; NESHAP Subpart HH: National Emission Standards for Hazardous Air Pollutants (NESHAP) From Oil and Natural Gas Production

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: NESHAP Subpart HH: National Emission Standards for Hazardous Air Pollutants (NESHAP) From Oil and Natural Gas Production; OMB Number 2060-0417; expiration date July 31, 2002. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before July 26, 2002.

ADDRESSES: Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing a respondent burden, including through the use of automated collection techniques to Susan Auby, Collection Strategies Division (Mail Code 2822T), Office of Environmental Information, United States Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460-0001; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention: Desk Officer for EPA. Include the EPA ICR number 1788.03 and OMB Control Number 2060-0417 in any correspondence.

FOR FURTHER INFORMATION: For a copy of the ICR contact Susan Auby at EPA by phone at (202) 566-1672 by email at auby.susan@epa.gov, or download off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR No. 1788.03. For technical questions about the ICR contact Dan Chadwick of the Office of Compliance at (202) 564-7054 or via E-mail at chadwick.dan@epa.gov.

SUPPLEMENTARY INFORMATION:

Title: NESHAP Subpart HH: National Emission Standards for Hazardous Air Pollutants (NESHAP) From Oil and Natural Gas Production (OMB Control No. 2060-0417 ; EPA ICR No. 1788.03) expiring 7/31/2002. This is a request for extension of a currently approved collection.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP), for the regulations published at 40 CFR part 63, subpart HH were proposed on February 6, 1998, and promulgated on June 17, 1999. These regulations apply to the following facilities in 40 CFR part 63, subpart HH: Facilities that are major sources or area sources of hazardous air pollutants (HAP) that process, upgrade, or store hydrocarbon liquids prior to the point of custody transfer; or that process, upgrade, or store natural gas prior to the point at which natural gas enters the natural gas transmission and storage source category, or is delivered to a final end user, and that commence construction, modification or reconstruction after the date of proposal. Specifically exempted from this regulation are oil and natural gas production wells. This information is being collected to assure compliance with 40 CFR part 63, subpart HH. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports. Owners or operators are also required to maintain records of the occurrence and duration of any start-up, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all sources subject to NESHAP.

Any owner or operator subject to the provisions of this part shall maintain a file of these records, and retain the file for at least 5 years following the date of such occurrences, maintenance reports, and records. All reports are sent to the delegated State or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA Regional Office.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on January 30, 2002 (67 FR 4421). No comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 6.9 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners and Operators of Oil and Natural Gas Production Facilities.

Estimated Number of Respondents: 498.

Frequency of Response: On Occasion, Semi-Annually, Annually.

Estimated Total Annual Hour Burden: 29,489 hours.

Estimated Total Annualized Capital and Operating & Maintenance Cost Burden: \$567,093.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques, to the addresses listed above. Please refer to EPA ICR No. 1788.03 and OMB Control No. 2060-0417 in any correspondence.

Dated: June 13, 2002.

National Emission Standards for Hazardous Air Pollutants: Revision of Area Source Category List Under Section 112(c)(3) and 112(k)(3)(B)(ii) of the Clean Air Act

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of revisions to the area source category list under the Integrated Urban Air Toxics Strategy.

SUMMARY: This notice adds 18 area source categories of hazardous air pollutants (HAP) to the list developed under the Integrated Urban Air Toxics Strategy (Strategy). Required under section 112(c)(3) and 112(k)(3)(B)(ii) of the Clean Air Act (CAA), the Strategy's area source category list constitutes an important part of EPA's agenda for regulating stationary sources of air toxics emissions. The revisions to the list of area sources have not been reflected in any previous notices and are being made without public comment on the Administrator's own motion. Such revisions are deemed by EPA to be without need for public comment based on the nature of the actions.

EFFECTIVE DATE: June 26, 2002.

ADDRESSES: Docket No. A-97-44 contains supporting information used in development of this notice. The docket is available for public inspection and copying between 8:00 a.m. and 5:30 p.m., Monday through Friday, excluding legal holidays. The docket is located in EPA's Air and Radiation Docket and Information Center (6102), Room M-1500, 401 M Street, SW, Washington, DC 20460, or by calling (202) 260-7548. A reasonable fee may be charged for copying docket materials.

FOR FURTHER INFORMATION CONTACT: Ms. Barbara B. Driscoll, Policy, Planning and Standards Group, Emission Standards Division (C439-04), EPA, Research Triangle Park, North Carolina 27711, facsimile number (919) 541-0942 telephone number (919) 541-1051, electronic mail (e-mail): driscoll.barbara@epa.gov.

SUPPLEMENTARY INFORMATION: *Docket.* The docket for this action is A-97-44. The docket is an organized file of all the information submitted to or otherwise relied upon by the Agency in the development of the revised list of area source categories. The principal purpose of the docket is to allow interested parties to identify and locate documents that serve as a record of the process engaged in by the Agency to publish today's revision to the initial list. The docket is available for public inspection at EPA's Air and Radiation Docket and Information Center, which is listed in the **ADDRESSES** section of this notice.

Worldwide Web (WWW). In addition to being available in the docket, an electronic copy of today's notice will also be available on the WWW through the Technology Transfer Network (TTN). Following signature, a copy of the notice will be posted on the TTN's policy and guidance page, <http://www.epa.gov/ttn/oarpg>. The TTN provides information and technology exchange in various areas of air
