Title: 2004 National Survey of Postsecondary Faculty (NSOPF:04): List Collection Procedures and Institution Questionnaire (KA).

Frequency: Other: One time.

Affected Public: Not-for-profit institutions (primary).

Reporting and Recordkeeping Hour Burden:

Response: 100.

Burden Hours: 446.

Abstract: The fourth cycle of the NSOPF is being conducted in response to a continuing need for data on faculty and instructors. The study will provide information about faculty in postsecondary institutions, which is key to learning about the quality of education and research in these institutions. This study will expand the information about faculty and instructional staff in two ways: allowing comparisons to be made over time and examining critical issues surrounding faculty that have developed since the first three studies. This clearance request covers field test and full scale activities for the first phase of the study—collection of lists of current faculty and instructors from sampled postsecondary institutions and a questionnaire to be completed by institution administrative officials to provide information about the context of the institution, such as hiring and promotion practices, policies on benefits, tenure, workload, etc. A second clearance request will be submitted shortly covering the faculty survey materials.

The E&S Survey is the instrument used by OCR to obtain trend data regarding the nation's public elementary and secondary schools. The survey collects data related to Title VI of the Civil Rights Act of 1964 (which prohibits discrimination on the basis of race, color, or national origin), Title IX of the Education Amendments of 1972 (which prohibits discrimination on the basis of sex) and Section 504 of the Rehabilitation Act of 1973 (which prohibits discrimination on the basis of handicap).
