BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

[Docket No.: 020528133-2133-01]

Privacy Act of 1974: System of Records

AGENCY: Department of Commerce.

ACTION: Notice of amendment of Privacy Act System of Records; Commerce/Census System 5: Population and Housing Census Records of the 1960 and Subsequent Censuses.

SUMMARY: In accordance with the Privacy Act (5 U.S.C. 552a(e) (4) and (11), the Department of Commerce is issuing notice of our intent to amend the system of records entitled Commerce/Census-5, "Population and Housing Census Records of the 1960 and Subsequent Censuses." We invite public comment on the change to the system of records announced in this notice.

DATES: *Effective Date:* The system will become effective without further notice on August 2, 2002, unless comments dictate otherwise. *Comment Date:* To be

considered, written comments must be submitted on or before August 2, 2002.

ADDRESSES: Comments may be mailed to Gerald W. Gates, Chief, Policy Office, U.S. Census Bureau, Washington, DC 20233.

SUPPLEMENTARY INFORMATION: Pursuant to Title 13 of the United States Code, Section 141, the U.S. Census Bureau has conducted the 2000 Census. The amendment updates administrative information concerning the locations of the system files, the categories of individuals covered by the system, the categories of records in the system, the purpose of the system of records, retrievability, safeguards, and the disposal of the records in the system in addition to other minor administrative updates. Accordingly, the Population and Housing Census Records of the 1960 and Subsequent Censuses system notice originally published at 45 FR 82105, December 12, 1980, is amended by the addition of the following information updates.

The Department of Commerce finds no probable or potential effect of the proposed change to the system of records on the privacy of individuals. Respondent data including personally identifying data are captured as images suitable for computer processing. Images are scheduled for permanent retention. Original data sources are destroyed, according to the disposal procedures for Title 13 ("census confidential") records, after confirmation of successful data capture and data transmission to headquarters. The Individual Census Record File (ICRF) represents a unified record of individual responses, including all names and other written entries provided by the respondent, and all associated address and geographic information for each housing unit or person living in group quarters. The ICRF is scheduled for permanent retention.

Accordingly, the Population and Housing Census Records of the 1960 and Subsequent Censuses is amended by the following updates:
