SUPPLEMENTARY INFORMATION:

Description of Information Collection

Title: Tobacco Marketing Quota Referenda Ballot.

OMB Control Number: 0560-0182.

Form Number: MQ-5.

Type of Request: Extension with Revision of a Currently Approved Information Collection.

Abstract: This information collection is used by the Farm Service Agency (FSA) in administering the national tobacco marketing quota program; specifically, the Agricultural Adjustment Act of 1938 (the 1938 Act) requires that national tobacco marketing quotas be established each year only if tobacco producers favor it for the next three years. FSA County offices collect information from the voters by mailing them a Ballot Form or polling them at certain places. The Ballot Form (MQ5) contains a question of favoring the marketing quotas for a certain kind of tobacco with "YES" or "NO" answer to the question. Eligible to vote are tobacco allotment and quota owners and growers who share in the risk of producing the kind of tobacco for which

a referendum is held. The FSA County Committee tabulates the votes and the final count is used to determine whether or not a national marketing quota will be established annually for the certain kinds of tobacco. If the information is not collected, the requirements of the 1938 Act will not be met and FSA would have no way to determine whether tobacco farmers want to continue the national marketing quotas and the price support program. FSA would lack the necessary information to administer the national tobacco marketing quotas.

Estimate of Annual Burden: 5 minutes.

Type of Respondents: Tobacco farmers who are eligible to vote in a referendum.

Estimated Annual Number of Respondents: 155,000.

Estimated Annual Number of Responses Per Respondent: 1.

Estimated Total Annual Burden on Respondents: 13,000 hours.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.

Signed at Washington, DC, on June 28, 2002.

James R. Little,

Administrator, Farm Service Agency.

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Preliminary Results of 2000-2001 Administrative Review, Partial Rescission of Review, and Notice of Intent to Revoke Order in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of 2000-2001 administrative review, partial rescission of the review, and notice of intent to revoke order in part.

SUMMARY: We preliminarily determine that sales of tapered roller bearings and parts thereof, finished and unfinished, from the People's Republic of China, were made below normal value during the period June 1, 2000, through May 31, 2001. We are also rescinding the review, in part, in accordance with 19 CFR 351.213(d)(3).

Tianshui Hailin Import and Export Corporation and Hailin Bearing Factory, Wanxiang Group Corporation, and Zhejiang Machinery Import & Export Corp. have requested revocation of the antidumping duty order in part. Based on record evidence, we preliminarily find that only Tianshui Hailin Import and Export Corporation and Hailin Bearing Factory qualifies for revocation. Accordingly, we preliminarily determine to revoke the order with respect to the subject merchandise produced and exported by Tianshui Hailin Import and Export Corporation and Hailin Bearing Factory, but not with respect to the subject merchandise produced and exported by the other two companies.

If these preliminary results are adopted in our final results of review, we will instruct the Customs Service to assess antidumping duties based on the differences between the export price or constructed export price and normal value on all appropriate entries. Interested parties are invited to comment on these preliminary results.

EFFECTIVE DATE: July 9, 2002.

SUPPLEMENTARY INFORMATION:

Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all references to the Department of Commerce's ("the Department") regulations are to 19 CFR Part 351 (April 2001).

Background

On May 27, 1987, the Department published in the **Federal Register** (52 FR 19748) the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished ("TRBs"), from the People's Republic of China ("PRC"). The Department notified interested parties of the opportunity to request an administrative review of this order on June 11, 2001 (66 FR 31203). On June 28, 2001, Zhejiang Machinery Import & Export Corp. ("ZMC") requested an administrative review, and also requested that the Department revoke the antidumping duty order as it pertains to that company. On June 29, 2001, Wanxiang Group Corporation ("Wanxiang"), China National Machinery Import & Export Corporation ("CMC"), Tianshui Hailin Import and Export Corporation and Hailin Bearing Factory ("Hailin"), Luoyang Bearing Corporation (Group) ("Luoyang"), and Weihai Machinery Holding (Group) Co., Ltd. ("Weihai") also requested administrative reviews. Hailin, Weihai, and Wanxiang also requested that the Department revoke the antidumping duty order as it pertains to them. Also on June 29, 2001, the petitioner, The Timken Company, requested that the Department conduct an administrative

review of the antidumping duty order on hundreds of PRC TRBs exporters. The petitioner revised its request on July 10, 2001. In accordance with 19 CFR 351.221(b)(1), we published a notice of initiation of this antidumping duty administrative review on July 23, 2001 (66 FR 38252).

On August 6, 2001, Chin Jun Industrial Ltd. ("Chin Jun") reported that it had no shipments of subject merchandise to the United States during the period of review ("POR"), June 1, 2000, through May 31, 2001. In accordance with 19 CFR 351.213(d)(3), we preliminarily conclude that there were no shipments from Chin Jun to the United States during the POR and are preliminarily rescinding the review with respect to this company. However, prior to issuing the final results, we will confirm with the Customs Service that Chin Jun had no shipments during the POR.

On August 14, 2001, we sent a questionnaire to the Secretary General of the Basic Machinery Division of the Chamber of Commerce for Import & Export of Machinery and Electronics Products and requested that the questionnaire be forwarded to all PRC companies identified in our initiation notice and to any subsidiary companies of the named companies that produce and/or export the subject merchandise. In this letter, we also requested information relevant to the issue of whether the companies named in the initiation notice are independent from government control. See the "Separate Rates Determination" section, below. Courtesy copies of the questionnaire were also sent to companies with legal representation.

We received responses to the questionnaire in September and October 2001 from the following seven companies: Liaoning MEC Group Co. Ltd. ("Liaoning"), CMC, ZMC, Wanxiang, Hailin, Weihai, and Luoyang. With respect to Liaoning, on September 21, 2001, we rejected Liaoning's Section A questionnaire response because neither the petitioner nor Liaoning had requested an administrative review and we did not consider Liaoning to be a respondent in the instant proceeding. The petitioner submitted comments on the remaining questionnaire responses in November 2001. We sent out supplemental questionnaires to CMC, ZMC, Wanxiang, Hailin, Weihai, and Luoyang in November and December 2001, and January, March, and April 2002, and received responses to these supplemental questionnaires in December 2001 and January, March, April, and May 2002.
