SUPPLEMENTARY INFORMATION: Title V of Pub. L. 105-383 provides authority to the Secretary of Transportation to administratively waive the U.S.-build requirements of the Jones Act, and other statutes, for small commercial passenger vessels (no more than 12 passengers). This authority has been delegated to the Maritime Administration per 49 CFR 1.66, Delegations to the Maritime Administrator, as amended. By this notice, MARAD is publishing information on a vessel for which a request for a U.S.-build waiver has been received, and for which MARAD requests comments from interested parties. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

Vessel Proposed for Waiver of the U.S.-Build Requirement

(1) Name of vessel and owner for which waiver is requested.

Name of vessel: THORR. *Owner:* Mark S. Kulstad.

(2) Size, capacity and tonnage of vessel. *According to the applicant:* "44'2"LWL, 50'6"LOD, 41 gross tons, 33 net tons"

(3) Intended use for vessel, including geographic region of intended operation and trade. *According to the applicant:*

"I intent to use THORR as my private yacht and offer two (2) to six (6) guests to share in that experience for a fee. I intent to continue to cruise between Seward Alaska, the Prince William Sound and as far west as Kodiak in the summer. The number of day's operation will be limited to the weekends and my days off. My trips will be overnight and three to four days. In September of each year I intend to take THORR down to

the South East Alaska for winter lay up and return to Seward in May of each year. I would like to offer (2) to four (4) guests to accompany me on these two trips per year for a fee."

(4) Date and Place of construction and (if applicable) rebuilding. *Date of construction:* 1997. *Place of construction:* Tapei, Taiwan.

(5) A statement on the impact this waiver will have on other commercial passenger vessel operators. *According to the applicant:* "The impact I will have on other commercial passenger vessel operators should be non-existent. I am owner operator offering 20 to 30 trips a year. I intend to take two to six guests per trip, not because of regulation of economy but because I like to sleep in my own bed. With the hundreds of thousands of visitors to Alaska in the summers my few guests will have no effect on anyone. Currently out of Seward there are no overnight two to six person yacht operators. There are two operators that take out 15 to 20 guests on overnight, sightseeing trips, one operating out of Cordova, and one of Whittier. Out of Seward Kenai Fjord tours, Major marine tours, and Renown Charters offer sightseeing day trips for large groups (25 to 200+). There are also many fishing charters that take out 6 to 25 fishers on daily fishing trips, but THORR is not a fishing boat, it's a luxury yacht, we don't fish. Out of Whittier, Valdez, Cordova, Homer, Kodiak, and considering my 2 trips per year, Juneau, Ketchikan, and Sitka, there are similar large sightseeing tours, fishing charter and large overnight sightseeing charters. I'm sure there a few other small charters similar to my intended operation but with the vast number of tourists, friends, associates, and personal contacts I'm sure I will have no impact on those operators."

(6) A statement on the impact this waiver will have on U.S. shipyards. *According to the applicant:* "The issuing of this waiver will have no impact on U.S. shipyards. No U.S. shipyard markets a yacht less than 50 foot, capable of crossing a ocean, for an owner who wants to take the occasional guest for charter."

Dated: July 8, 2002.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 34221]

Central Railroad Company of Indianapolis—Acquisition and Operation Exemption—Norfolk Southern Railway Company

Central Railroad Company of Indianapolis (CERA), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire and operate approximately 31.66 miles of rail line owned by Norfolk Southern Railway Company (NSR).¹ The line to be acquired and operated runs between (1) Kokomo, IN, milepost I-51.8, and near Kokomo, milepost I-57.2, and (2) near West Marion Belt, IN, milepost TS-157.44, and Kokomo, milepost TS-183.7.² CERA certifies that its projected revenues as a result of this transaction will not result in the creation of a Class I or Class II rail carrier, and that its projected annual revenues will not exceed \$5 million.

The transaction was expected to be consummated on or after June 21, 2002, the effective date of the exemption (7 days after the notice was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34221, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423—

¹ CERA initially leased 121.82 miles of rail line in 1989 from Norfolk and Western Railway Company, the predecessor of NSR. However, since 1989, CERA has discontinued service over 90.16 miles of the rail line that it initially leased. CERA continued to operate over those portions of the leased line after each discontinuance, and currently operates over the 31.66 miles of rail line it seeks to acquire.

² On June 14, 2002, CERA concurrently filed a notice of exemption in STB Finance Docket No. 34212, *Central Railroad Company of Indianapolis—Trackage Rights Exemption—Norfolk Southern Railway Company* (STB served July 3, 2002), wherein NSR granted CERA approximately 5 miles of overhead and limited local trackage rights over a portion of NSR's tracks as follows: (1) from CERA's connection with NSR and the trackage of the West Marion Belt at Michael, IN, at milepost TS-157.44, to the connection between the West Marion Belt and the trackage of Winamac Southern Railroad Company adjacent to NSR-operated Goodman Yard at Marion, IN, and (2) from CERA's connection with NSR at milepost TS-157.44, through the switch serving Bell Fiber Corporation at milepost TS-155.6, to, and including the switch serving Essex Wire, Incorporated, at milepost TS-154.65.

0001. In addition, a copy of each pleading must be served on Louis E. Gitomer, 1455 F Street, NW., Suite 225, Washington, DC 20005.

Board decisions and notices are available on our Web site at www.stb.dot.gov.

Decided: July 8, 2002.
