FOR FURTHER INFORMATION CONTACT:

Kumkum Ray, Engineering and Operations Division, at (703) 787-1600.

SUPPLEMENTARY INFORMATION: The MMS published a proposed rulemaking on May 17, 2002 (67 FR 35372), to completely reorganize and update the 30 CFR 250, subpart B, regulations that describe plan submittals for oil and gas exploration and development and production on the OCS. In addition, MMS prepared a companion draft Notice to Lessees and Operators (NTL) for the Gulf of Mexico OCS Region (GOM OCS Region). The draft NTL further interprets the proposed rule regarding information required to be submitted for MMS determinations, analyses, and approvals of plans in the GOM OCS Region. The draft NTL is posted on our MMS web site with the proposed rule for comment. Both the proposed rule and the NTL are very extensive and detailed. Therefore, the Offshore Operators Committee (OOC) requested that we extend the comment period in a letter to MMS dated June 6, 2002. The OOC stated that the additional time was necessary to allow reviewers to prepare comprehensive written comments on the proposed rule and NTL. We have agreed to their request and this notice extends the comment period to December 13, 2002.

Public Comments Procedures: Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the rulemaking record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the rulemaking record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Dated: June 18, 2002.

E.P. Danenberger,

Chief, Engineering and Operations Division.

RIN 1029-AC05

Bonding and Other Financial Assurance Mechanisms for Treatment of Long-Term Pollutational Discharges and Acid/Toxic Mine Drainage (AMD) Related Issues

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Advance notice of proposed rulemaking; extension of comment period.

SUMMARY: We are extending the comment period for the advance notice of proposed rulemaking (ANPRM) published in the May 17, 2002, **Federal Register**. The comment period was originally scheduled to close on July 16, 2002, and is now being extended for 90 days. In the ANPRM, we are seeking comments on what types of financial guarantees will best ensure adequate funding for the treatment of unanticipated long-term pollutational discharges, including acid or toxic mine drainage (collectively referred to as AMD), that develop as a result of surface coal mining operations.

DATES: To ensure consideration, we must receive your comments on or before October 15, 2002.

ADDRESSES: You may mail or hand carry comments to the Office of Surface Mining Reclamation and Enforcement, Administrative Record, Room 101, 1951 Constitution Avenue, NW, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Ruth Stokes, Program Support Directorate, Office of Surface Mining Reclamation and Enforcement, on 202-208-2611.

SUPPLEMENTARY INFORMATION: In response to requests from three parties, we are extending the public comment period for the proposed rule published on May 17, 2002 (67 FR 35071). In the ANPRM, we are seeking comments on what types of financial guarantees will best ensure adequate funding for the treatment of unanticipated long-term pollutational discharges, including acid or toxic mine drainage (collectively referred to as AMD), that develop as a result of surface coal mining operations. Specifically, we are interested in views from all parties on how we can best address the proper level of treatment and number of years to use in calculating financial assurance amounts

for AMD, appropriate financial mechanisms to cover treatment costs, and suggestions on appropriate enforcement in cases where financial assurance is not fully adequate for the long term, but AMD is still being treated. Also, we invite comment on whether codification of our AMD policy statement would be helpful. We are extending the comment period to allow additional time for all interested parties to participate in formulating ideas and approaches on ways to address this important issue.

Dated: July 3, 2002.

Mary Josie Blanchard,

Assistant Director, Program Support.

[TN-121; TN-205-200206b; FRL-7245-8]

Approval and Promulgation of Implementation Plans; Tennessee: Approval of Revisions to Tennessee Implementation Plan.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State implementation plan (SIP) revisions submitted by the State of Tennessee for the purpose of revising the regulations for definitions and visible emission in the Tennessee SIP. In the Final Rules Section of this **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Written comments must be received on or before August 15, 2002.

ADDRESSES: All comments should be addressed to Steven M. Scofield at the EPA, Region 4 Air Planning Branch, 61

Forsyth Street, SW., Atlanta, Georgia 30303-8960.

Copies of the State submittals are available at the following addresses for inspection during normal business hours:

Air and Radiation Docket and Information Center (Air Docket 6102), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460.

Environmental Protection Agency, Region 4 Air Planning Branch, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. Steven M. Scofield, 404/562-9034.

Division of Air Pollution Control, Tennessee Department of Environment and Conservation, L & C Annex, 9th Floor, 401 Church Street, Nashville, Tennessee 37243-1531. 615/532-0554.

FOR FURTHER INFORMATION CONTACT:

Steven M. Scofield; Regulatory Development Section; Air Planning Branch; Air, Pesticides and Toxics Management Division; U.S. Environmental Protection Agency Region 4; 61 Forsyth Street, SW.; Atlanta, Georgia 30303-8960. Mr. Scofield can also be reached by phone at (404) 562-9034 or by electronic mail at scofield.steve@epa.gov.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule which is published in the Final Rules Section of this **Federal Register**.

Dated: April 22, 2002.

A. Stanley Meiburg,

Acting Regional Administrator, Region 4.

Revisions to the California State Implementation Plan, Ventura County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the Ventura County Air Pollution Control District (VCAPCD) portion of the California State Implementation Plan (SIP). This revision concerns volatile organic compound (VOC) emissions from soil decontamination operations. We are proposing to approve the local rule to

regulate these emission sources under the Clean Air Act as amended in 1990.

DATES: Any comments on this proposal must arrive by August 15, 2002.

ADDRESSES: Mail comments to Andy Steckel, Rulemaking Office Chief (AIR-4), U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

You can inspect copies of the submitted SIP revisions and EPA's technical support document (TSD) at our Region IX office during normal business hours. You may also see copies of the submitted SIP revisions at the following locations:

California Air Resources Board, Stationary Source Division, Rule Evaluation Section, 1001 "I" Street, Sacramento, CA 95812.

Ventura County Air pollution Control District, 669 County Square Dr., 2nd FL., Ventura CA 93003.

FOR FURTHER INFORMATION CONTACT:

Charnjit Bhullar, Rulemaking Office (Air-4), U.S. Environmental Protection Agency, Region IX, (415) 972-3960.

SUPPLEMENTARY INFORMATION: This proposal addresses local rule, VCAPCD 74.29. In the Rules and Regulations section of this **Federal Register**, we are approving this local rule in a direct final action without prior proposal because we believe this SIP revision is not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Anyone interested in commenting should do so at this time, we do not plan to open a second comment period. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: May 30, 2002.

Keith Takata,

Acting Regional Administrator, Region IX.

Motor Vehicle Emissions Budgets in Progress, Attainment, and Maintenance State Implementation Plans for Ozone, Carbon Monoxide, and Nitrogen Dioxide; California

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: At the request of the State of California, EPA is proposing to limit the duration of our approvals of motor vehicle emissions budgets ("budgets") in certain existing California state implementation plans (SIPs) that provide for progress, attainment, and maintenance of the 1-hour ozone, 8-hour carbon monoxide (CO), and annual nitrogen dioxide (NO₂) national ambient air quality standards (NAAQS). Specifically, we propose to limit our approvals of the existing budgets to last only until the effective date of EPA's adequacy finding for new budgets that replace these existing approved budgets (*i.e.*, budgets for the same pollutant, Clean Air Act requirement and year). The State of California will submit new budgets as part of comprehensive revisions to certain approved progress, attainment, and maintenance plans that reflect updated information and a new version of California's motor vehicle emission factor model. On the effective date of EPA's adequacy finding for a new budget our approval of the existing budget would terminate and thus the new adequate budget would apply instead of the existing budget for transportation conformity purposes.

DATES: Written comments on this proposal must be received by August 15, 2002.

ADDRESSES: Please mail comments to: Dave Jesson (AIR-2), EPA Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901. The rulemaking docket for this notice is available for public inspection during normal business hours at EPA's Region IX office. A reasonable fee may be charged for copying parts of the docket.

Copies of the SIP materials are also available for inspection at the following location: California Air Resources Board, 1001 I Street, Sacramento, California, 95812.

FOR FURTHER INFORMATION CONTACT: Dave Jesson, EPA Region IX, (415) 972-3957, or jesson.david@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, "we," "us" and "our" refer to EPA.
