

### Suspension of Liquidation

Pursuant to section 735(c)(1)(B) of the Act, we are instructing the U.S. Customs Service (Customs) to continue to suspend liquidation of all imports of cold-rolled steel from Japan that are entered, or withdrawn from warehouse, for consumption on or after May 9, 2002 (the date of publication of the *Preliminary Determination* in the **Federal Register**). Customs shall continue to require a cash deposit or the posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown below. The suspension of liquidation instructions will remain in effect until further notice.

We determine that the following percentage margins exist:

| Manufacturer/Exporter            | Margin (percent) |
|----------------------------------|------------------|
| Kawasaki Steel Corporation ..... | 115.22           |
| Nippon Steel Corporation .....   | 115.22           |
| All Others .....                 | 112.56           |

### ITC Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our determination. As our final determination is affirmative, the ITC will determine, within 45 days, whether these imports are causing material injury, or threatening material injury, to an industry in the United States. If the ITC determines that material injury, or threat of injury does not exist, the proceeding will be terminated and all securities posted will be refunded or cancelled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing Customs officials to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

### Notification Regarding APO

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

Dated: July 10, 2002.

#### SUPPLEMENTARY INFORMATION:

#### The Applicable Statute and Regulations

#### Final Determination

We determine that certain cold-rolled carbon steel flat products (cold-rolled steel) from Thailand are being, or are likely to be sold, in the United States at less than fair value (LFTV), as provided in section 735 of the Act. The estimated margins are shown in the "Suspension of Liquidation" section of this notice.

#### Background

On May 9, 2002, the Department published its preliminary determination in the above-captioned antidumping duty investigation. See *Notice of Preliminary Determination of Sales at Less Than Fair Value: Certain Cold-Rolled Carbon Steel Flat Products From Thailand*, 67 FR 31261 (May 9, 2002) (*Preliminary Determination*). This investigation was initiated on October 18, 2001.<sup>1</sup> See *Notice of Initiation of*

<sup>1</sup> The petitioners in this investigation are Bethlehem Steel Corporation, LTV Steel Company, Inc., National Steel Corp., Nucor Corporation, Steel Dynamics, Inc., United States Steel Corporation,

*Antidumping Duty Investigations: Certain Cold-Rolled Carbon Steel Flat Products From Argentina, Australia, Belgium, Brazil, France, Germany, India, Japan, Korea, the Netherlands, New Zealand, the People's Republic of China, the Russian Federation, South Africa, Spain, Sweden, Taiwan, Thailand, Turkey, and Venezuela*, 66 FR 54198 (October 26, 2001) (*Initiation Notice*).

Since the preliminary determination, the following events have occurred. We gave interested parties an opportunity to comment on the preliminary determination. No case or rebuttal briefs were submitted. With respect to scope, in the preliminary LTFV determinations in these cases, the Department preliminarily excluded certain porcelain enameling steel from the scope of these investigations. See *Scope Appendix to the Notice of Preliminary Determination of Sales at Less Than Fair Value: Certain Cold-Rolled Carbon Steel Flat Products from Argentina*, 67 FR 31181 (May 9, 2002) (*Scope Appendix - Argentina Preliminary LTFV Determination*). On June 13, 2002, we issued a preliminary decision on the remaining 75 scope exclusion requests filed in a number of the on-going cold-rolled steel investigations (see the June 13, 2002, memorandum regarding "Preliminary Scope Rulings in the Antidumping Investigations on Certain Cold-Rolled Carbon Steel Flat Products from Argentina, Australia, Belgium, Brazil, France, Germany, India, Japan, Korea, the Netherlands, New Zealand, the People's Republic of China, the Russian Federation, South Africa, Spain, Sweden, Taiwan, Thailand, Turkey, and Venezuela, and in the Countervailing Duty Investigations of Certain Cold-Rolled Carbon Steel Flat Products from Argentina, Brazil, France, and Korea" (*Preliminary Scope Rulings*), which is on file in the Department's Central Records Unit (CRU), room B-099). We gave parties until June 20, 2002 to comment on the preliminary scope rulings, and until June 27, 2002 to submit rebuttal comments. We received comments and/or rebuttal comments from petitioners and respondents from various countries subject to these investigations of cold-rolled steel. In addition, on June 13, 2002, North American Metals Company (an interested party in the Japanese proceeding) filed a request that the Department issue a "correction" for an already excluded product. On July 8, 2002, the petitioners objected to this request.

WCI Steel, Inc., and Weirton Steel Corporation (collectively, the petitioners).

At the request of multiple respondents, a hearing with respect to the *Preliminary Scope Rulings* was held on July 1, 2002.

### Scope of Investigation

For purposes of this investigation, the products covered are certain cold-rolled (cold-reduced) flat-rolled carbon-quality steel products. A full description of the scope of this investigation, as well as final decisions on all of the scope exclusion requests submitted in the context of the concurrent cold-rolled steel investigations is contained in the "Scope Appendix" attached to the *Notice of Final Determination of Sales at Less Than Fair Value: Certain Cold-Rolled Carbon Steel Flat Products from Australia*, published concurrently with this notice. For a complete discussion of the comments received on the *Preliminary Scope Rulings*, see the memorandum regarding "Issues and Decision Memorandum for the Final Scope Rulings in the Antidumping Duty Investigations on Certain Cold-Rolled Carbon Steel Flat Products from Argentina, Australia, Belgium, Brazil, France, Germany, India, Japan, Korea, the Netherlands, New Zealand, the People's Republic of China, the Russian Federation, South Africa, Spain, Sweden, Taiwan, Thailand, Turkey, and Venezuela, and in the Countervailing Duty Investigations of Certain Cold-Rolled Carbon Steel Flat Products from Argentina, Brazil, France, and Korea," dated July 10, 2002, which is on file in the CRU.

### Analysis of Comments Received

We received no comments from interested parties in response to our preliminary determination. We did not hold a hearing because none was requested.

### Use of Facts Available

In the *Preliminary Determination*, the Department applied total adverse facts available to the sole mandatory respondent, Thai Cold-Rolled Steel Sheet Public Company, Limited (TCR). Specifically, the Department assigned TCR the rate of 142.78 percent, which was derived from the highest rate in the amended petition. See *Preliminary Determination*, 67 FR at 31262. The Department based the "all others" rate on the simple average of the margins in the amended petition, which is 127.44 percent. The interested parties did not object to the use of adverse facts available, nor to the Department's choice of facts available. Therefore, for this final determination, we are continuing to apply total adverse facts available to the mandatory respondent.

### Suspension of Liquidation

Pursuant to section 735(c)(1)(B) of the Act, we are instructing the U.S. Customs Service (Customs) to continue to suspend liquidation of all imports of cold-rolled steel from Thailand that are entered, or withdrawn from warehouse, for consumption on or after May 9, 2002 (the date of publication of the *Preliminary Determination* in the *Federal Register*). Customs shall continue to require a cash deposit or the posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown below. The suspension of liquidation instructions will remain in effect until further notice.

We determine that the following percentage margins exist:

| Manufacturer/Exporter                                      | Margin (percent) |
|------------------------------------------------------------|------------------|
| Thai Cold-Rolled Steel Sheet Public Company, Limited ..... | 142.78           |
| All Others .....                                           | 127.44           |

### ITC Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our determination. As our final determination is affirmative, the ITC will determine, within 45 days, whether these imports are causing material injury, or threatening material injury, to an industry in the United States. If the ITC determines that material injury, or threat of injury does not exist, the proceeding will be terminated and all securities posted will be refunded or cancelled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing Customs officials to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

### Notification Regarding APO

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.
