i. *FERC Contact*: Any questions on this notice should be addressed to Mr. T.J. LoVullo at (202) 219-1168, or e-mail address: thomas.lovullo@ferc.gov.

j. *Deadline for filing comments and or motions*: August 1, 2002.

All documents (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington DC 20426. Please include the project number (P-2197) on any comments or motions filed.

k. *Description of Request*: As the result of a meeting held on July 3, 2002, Alcoa Power Generating Inc. (APGI or licensee), Duke Energy, Progress Energy, Aquila Energy Marketing Corporation, Commission staff, and representatives from most of the resources agencies with responsibility for water for the States of North Carolina and South Carolina concerning the drought in the project area and reservoir levels in the project reservoirs, there emerged a consensus that it would be prudent on behalf of all users of water on that watershed to reduce minimum releases from the Yadkin Project from 1,400 cubic feet per second (cfs) to 1,200 cfs. Accordingly, APGI requests the Commission grant it a temporary variance in the minimum release requirements from 1,400 cfs to 1,200 cfs until September 15, 2002, or further order of the Commission. On July 5, 2002, the Commission granted the variance request, but reserved authority to require changes to minimum releases associated with the temporary variance based upon comments received from this notice.

l. *Location of the Application*: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 208-1371. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene*—Anyone may submit comments, a protest, or a motion to intervene in accordance with the

requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents*—Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

p. *Agency Comments*—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

q. *Comments, protests and interventions* may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.gov> under the "e-Filing" link.

SUPPLEMENTARY INFORMATION:

Title: 2003 Report to Congress on Impacts and Control of Combined Sewer Overflows and Sanitary Sewer Overflows (EPA ICR No. 2063.01) expiring one year from the effective date of the ICR. This is a new collection.

Abstract: EPA is developing the 2003 Report to Congress on Impacts and Control of Combined Sewer Overflows and Sanitary Sewer Overflows to meet a requirement included in the Consolidated Appropriations Act for Fiscal Year 2001, Public Law 106-554. EPA's Office of Wastewater Management (OWM) will use data from federal sources, state environmental agencies, state and local health departments, and municipalities to determine, summarize, and report the extent of human health and environmental impacts caused by municipal combined sewer overflows (CSOs) and sanitary sewer overflows (SSOs). This Report will also include information on resources spent to address these impacts and an evaluation of the technologies used by municipalities to address these impacts. In addition, this Report will support EPA's SSO Notice of Proposed Rulemaking effort and data integration efforts for the National Pollutant Discharge Elimination System (NPDES) program.

OWM's method for collecting and analyzing the data for CSOs and SSOs from state environmental agencies, state and local health departments, and municipalities is as follows: site visits; interviews; file review; and phone calls to a subset of publicly owned treatment works (POTWs) and health departments nationwide. In addition, information that is collected from the various entities is voluntary and available to the public.

The data collected and analyzed for this Report will include the location of permitted and unpermitted wastewater discharges, the volume of pollutants discharged, and the constituents discharged; environmental and public health impacts of discharges; the resources spent to address these impacts; and an evaluation of the technologies used to address these impacts.

The burden for states and municipalities to provide, analyze, and review data submitted is a total of 6,300

hours and a cost of \$307,492. This burden will occur once, and the collection of information should be completed one-year from the effective date of the ICR. Of the total portion, the municipal burden is 2,565 hours and \$121,986. The states burden is 3,735 hours and \$185,506.

All data will be stored in a data management system developed by OWM. The data will be used as a cornerstone of the 2003 Report to Congress, giving federal offices, states, municipalities, and the public full access to the data collected both in print and through OWM's website (www.epa.gov/npdes).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on 05/02/02 (67 FR 22077-22078); no comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information will vary in hours, depending on the available information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected: State environmental agencies; State and local health departments; Municipal wastewater treatment authorities

Estimated Number of Respondents: 535.

Frequency of Response: Once.

Estimated Total Annual Hour Burden: 6,300

Estimated Total Annualized Capital, O&M Cost Burden: \$0.00.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing

respondent burden, including through the use of automated collection techniques to the addresses listed above. Please refer to EPA ICR No. 2063.01 in any correspondence.

Dated: July 11, 2002.

Oscar Morales,

Director, Collection, Strategies Division.
