

do not result in significant changes to EPA's regulatory analysis compared to that conducted for proposal. More detailed information on the results of this analysis is provided in the rulemaking record (DCN 375084). These results are preliminary and subject to change, depending on ongoing refinements and corrections made to both EPA's cost and financial models and input data. In addition, these results do not yet consider potential longer-term market adjustment and structural adjustment by regulated facilities. These results also do not take into account potential cost offsets due to available cost share assistance, given increases in government expenditures and changes to program eligibility requirements under the new farm bill legislation.

Dated: July 16, 2002.

G. Tracy Mehan, III,

Assistant Administrator for Water.

[FR Doc. 02-18579 Filed 7-22-02; 8:45 am]

BILLING CODE 6560-50-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-P-7611]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain

qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street, SW., Washington, DC 20472, (202) 646-3461 or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: FEMA proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically

excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Acting Administrator for Federal Insurance and Mitigation Administration certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, flood insurance, reporting and record keeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Source of Flooding and Location of Referenced Elevation	*Elevation in feet (NGVD)		Communities affected
	Existing	Modified	
<i>Bayou Petit Anse-Deblanc Coulee-Segura Branch Canal</i>			Unincorporated Areas of Iberia Parish.
Approximately 6,100 feet downstream of U.S. Route 90	None	*9	
Approximately 75 feet upstream of U.S. Route 90	None	*10	
<i>Bayou Teche</i>			Unincorporated Areas of Iberia Parish, City of Jeanerette, City of New Iberia, Village of Loreauville.
Approximately 2,200 feet downstream of Lewis Street	None	*8	
Approximately 5,000 feet upstream of State Highway 86 (Daspit Road)	None	*15	
<i>Commercial Canal</i>			Unincorporated Areas of Iberia Parish, City of New Iberia.
Approximately 400 feet downstream of Briarwood Drive	None	*9	
Approximately 450 feet upstream of East Admiral Doyle Drive ..	None	*10	

Source of Flooding and Location of Referenced Elevation	*Elevation in feet (NGVD)		Communities affected
	Existing	Modified	
<i>Duboin Canal</i>			Unincorporated Areas of Iberia Parish, City of New Iberia.
Approximately 2,900 feet downstream of East Admiral Doyle Drive.	None	*11	
Approximately 3,250 feet upstream of East Admiral Doyle Drive	None	*16	
<i>Jacks Coulee</i>			Unincorporated Areas of Iberia Parish.
Approximately 2,350 feet downstream of U.S. Route 90	None	*9	
Approximately 150 feet upstream of U.S. Route 90	None	*10	
<i>Little Valley Bayou</i>			Unincorporated Areas of Iberia Parish.
Approximately 750 feet downstream Hardin Street	None	*9	
Approximately 575 feet upstream of Smith Road	None	*11	
<i>Peebles Coulee</i>			Unincorporated Areas of Iberia Parish, City of New Iberia.
Approximately 3,225 feet Downstream of Sidney LeBlanc Road	None	*9	
Approximately 3,100 feet upsteam of James Romero Drive	*13	*12	
<i>Rodere Canal</i>			Unincorporated Areas of Iberia Parish, City of New Iberia
Just upstream of Curtis Lane	*10	*9	
Approximately 1,450 feet upstream of Center Street	*11	*13	
<i>Tete Bayou</i>			Unincorporated Areas Iberia Parish
Approximately 375 feet downstream of Emile Verret Road	None	*13	
Approximately 4,450 feet upstream of Emile Verret Road	None	*15	
<i>Gulf of Mexico</i>			City of Jeanerette.
On Landry Street approximately 1,250 feet southwest of the intersection of Landry Street and Patricia Ann Lane.	None	*9	

*National Geodetic Vertical Datum

Maps are available for inspection at the Iberia Parish Courthouse, 300 Iberia Street, New Iberia, Louisiana.

Send comments to The Honorable Will Langlinais, Iberia Parish President, Parish Courthouse, 300 Iberia Street, Suite 400, New Iberia, Louisiana 70560.

Maps are available for inspection at City Hall, 1010 East Main Street, Jeanerette, Louisiana.

Send comments to The Honorable Arthur L. Verret, Mayor, City of Jeanerette, City Hall, 1010 East Main Street, Jeanerette, Louisiana 70544.

Maps are available for inspection at the Town Hall, 103 South Main Street, Loreauville, Louisiana.

Send comments to the Honorable Forbus Mestayer, Mayor, Village of Loreauville, Town Hall, 103 South Main Street, Loreauville, Louisiana 70552.

Maps are available for inspection at City Hall, 457 East Main Street, New Iberia, Louisiana.

Send comments to The Honorable Ruth Fontenot, Mayor, City of New Iberia, City Hall, 457 East Main Street, Suite 300, New Iberia, Louisiana 70560.

<i>East Marley Creek</i>			Village of Mokena, Will County.
Approximately 800 feet downstream of Wolf Road	*680	*679	
Just downstream of 104th Street	*687	*686	

Maps are available for inspection at the Village Hall, 11004 Carpenter Street, Mokena, Illinois.

Send comments to Mr. Paul Pearson, Mokena Village Engineer, 11004 Carpenter Street, Mokena, Illinois 60448.

Maps are available for inspection at the Land Use Department, Subdivision Engineering Division, 58 E. Clinton Street, Joliet, Illinois.

Send comments to The Honorable Joseph L. Mikan, Will County Executive, 302 N. Chicago Street, Joliet, Illinois 60432.

<i>Elkhorn River</i>			Madison County, City of Tilden, Village of Meadow.
Approximately 4,800 feet	None	*1498	

*National Geodetic Vertical Datum

<i>Elkhorn River</i>			Grove, City of Norfolk, Village of Battle Creek.
Downstream of 558th Avenue			
Approximately 300 feet upstream of Center Street/534th Avenue.	None	*1657	
<i>Union Creek</i>			Madison County
Approximately 1.9 miles upstream of 3rd Street	None	*1589	
Approximately 1.7 miles upstream of 3rd Street	None	*1588

BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR part 67

[Docket No. FEMA-P-7609]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street, SW., Washington, DC 20472, (202) 646-3461 or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: FEMA proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Acting Administrator for Federal Insurance and Mitigation Administration certifies that this proposed rule is exempt from the requirements of the Regulatory

Flexibility Act because proposed or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, flood insurance, reporting and record keeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet. (NGVD) ◆(NAVD)	
				Existing	Modified
Arkansas	Saline County (Unincorporated Areas).	Clear Creek	Approximately 4,800 feet downstream of U.S. Route 167.	None	252
			Approximately 350 feet upstream of U.S. Route 167.	None	270
		Duck Creek	Approximately 6,000 feet downstream of S. Springlake Road.	None	253
			Approximately 300 feet downstream U.S. Route 167.	None	275
		Hopt Branch	Approximately 1,500 feet downstream of Honeysuckle Drive.	None	268
			Approximately 4,250 feet upstream of Honeysuckle Drive.	None	285
