DEPARTMENT OF STATE

[Public Notice 4068]

Bureau of Political-Military Affairs; Use of Exemption at Section 123.17 of the ITAR for Zimbabwe

AGENCY: Department of State.

ACTION: Notice.

SUMMARY: Notice is hereby given that the license exemptions at section 123.17 of the International Traffic in Arms Regulations (ITAR) (22 CFR parts 120-130) are authorized for use in connection with certain exports of firearms and ammunition to Zimbabwe.

EFFECTIVE DATE: July 17, 2002.

FOR FURTHER INFORMATION CONTACT: Ms. Mary Sweeney, Office of Defense Trade Controls, Bureau of Political-Military Affairs, Department of State, Telephone (202) 663-2700 or FAX (202) 261-8199.

SUPPLEMENTARY INFORMATION: Due to the Government of Zimbabwe subverting the democratic process through a badly flawed presidential election, orchestrating a campaign of violence and intimidation against its political opposition, and having a blatant disregard for the rule of law and serious human rights abuses, effective April 17, 2002, the Department suspended all licenses and approvals to export or otherwise transfer defense articles and defense services to Zimbabwe. The Department also instituted a policy of denial for new applications for licenses and other approvals to export or otherwise transfer defense articles and defense services to Zimbabwe (67 FR 18978). Also, the denial policy precluded the use of any exemption from licensing or other approval requirements in the ITAR. This notice modifies the denial policy by authorizing the use of the license exemptions at section 123.17 of the

ITAR for exports of firearms and ammunition to Zimbabwe when for personal use by individuals (not for resale or retransfer, including to the Government of Zimbabwe) and the firearms will be returned to the United States.

This action has been taken pursuant to section 38 of the AECA (22 U.S.C. 2778) and relevant provisions of the ITAR in furtherance of the foreign policy of the United States.

Dated: July 17, 2002.

Gregory M. Suchan,

Acting Assistant Secretary, Bureau of Political-Military Affairs, Department of State.

Coast Guard

[USCG-2002-11843]

National Environmental Policy Act: Coast Guard Procedures for Categorical Exclusions

AGENCY: Coast Guard, DOT.

ACTION: Notice of final agency policy.

SUMMARY: The Coast Guard revised its list of agency actions that we have determined do not individually or cumulatively have a significant effect on the human environment and, thus, are categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement under the National Environmental Policy Act (NEPA). Consistent with the Council on Environmental Quality's regulations for implementing the procedural provisions of NEPA, the Coast Guard periodically reviews its NEPA implementing procedures and determines whether it is necessary to clarify some existing categorical exclusions (CEs) to prevent misinterpretation and to create new CEs to reduce excessive and needless paperwork for actions that have proven to have no potential for significant impacts. The purpose of this notice is to provide the public our final list of new and revised categorical exclusions.

DATES: The new and revised categorical exclusions are effective as of July 23, 2002.

ADDRESSES: The Docket Management Facility maintains the public docket for this notice. Any comments and material received from the public, as well as this notice, and our April 8, 2002 notice requesting comments, are part of this docket (USCG-2002-11843) and available for inspection or copying at room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Ms. Kebby Kelley, Office of Civil Engineering, Environmental Management Division, U.S. Coast Guard, Headquarters, 202-267-6034 or via email at kkelley@comdt.uscg.mil.

SUPPLEMENTARY INFORMATION:

Background

The National Environmental Policy Act (NEPA) (42 U.S.C. 4321 *et seq.*) established the Council on Environmental Quality (CEQ). NEPA

and CEQ regulations (40 CFR parts 1500-1508) establish a broad national policy which encourages and promotes productive harmony between man and his environment and provides policies and goals to ensure that environmental considerations and associated public concerns are given careful weight in all decisions of the Federal government.

Section 102 of NEPA (42 USCS 4332) and 40 CFR 1507.3 require Federal agencies to develop and, as needed, revise implementing procedures consistent with NEPA and the CEQ regulations. Additionally, 40 CFR 1500.4 and 1500.5 require Federal agencies to use categorical exclusions (CEs) to reduce excessive paperwork and reduce delay.

To determine whether improvements are needed in its list of agency actions that we have determined are categorically excluded from further NEPA environmental impact analysis, the Coast Guard periodically reviews its list. This list of CEs is contained in section 2.B.2, figure 2-1, of the "Coast Guard National Environmental Policy Act (NEPA) Implementing Procedures and Policy for Considering Environmental Impacts," (Commandant Instruction M16475.1D).

During the most recent review, NEPA-related information in our project administrative records was examined to determine whether the current CEs were being applied consistently and appropriately. Areas of confusion or misinterpretation were identified for further evaluation. Also, the Coast Guard evaluated whether new CEs would be appropriate to further reduce needless paperwork and delay.

Where areas of confusion or misinterpretation with the existing CEs were identified, the Coast Guard evaluated whether the situation could be resolved through improvements in internal guidance, modifications to the existing CEs, or the development of new CEs. Evaluations in these cases included both an examination of the administrative record, as well as, experiences of expert staff in working with the existing CEs. Modifications of existing CEs and new CEs were done where appropriate to resolve areas of confusion or misinterpretation of the existing CE list.

The need for other new CEs was identified by examination of Environmental Assessments (EAs), and associated Findings of No Significant Impact (FONSI) for similar or like actions. Where it was found that EAs with FONSI existed for many similar or like actions, a new CE was created. The working group also received input from other Coast Guard staff as to actions that
