Foreign-Trade Zones Board

[Docket 30-2002]

Foreign-Trade Zone 61—San Juan, PR; Expansion of Facilities and Manufacturing Authority—Subzone 61F; IPR Pharmaceuticals, Inc. Plant (Pharmaceuticals), Guayama, PR

An application has been submitted to the Foreign-Trade Zones Board (the Board) by IPR Pharmaceuticals, Inc., requesting to add capacity and to expand the scope of manufacturing authority under zone procedures within Subzone 61F, at the IPR plant in Guayama, Puerto Rico. It was formally filed on August 1, 2002.

Subzone 61F was approved by the Board in 1995 at a single site located at State Road No. PR 53, km. 84, Guayama, Puerto Rico, with authority granted for the manufacture of intermediate and bulk pharmaceuticals (Board Order 787, 60 FR 63499, 12/11/95).

Subzone 61F (800 employees) currently consists of 7 buildings totaling 95,748 square feet on 49 acres. IPR is now proposing to add 8 buildings of 88,126 sq. ft. and 101 acres. The proposed Subzone 61F would then consist of 15 buildings of 183,874 sq. ft. on 150 acres.

The application also requests to expand the scope of authority for manufacturing activity conducted under FTZ procedures to include additional general categories of inputs that have recently been approved by the Board for other pharmaceutical plants. They include chemically pure sugars, empty

capsules for pharmaceutical use, protein concentrates, natural magnesium phosphates and carbonates, gypsum, anhydrite and plasters, petroleum jelly, paraffin and waxes, sulfuric acid, other inorganic acids or compounds of nonmetals, ammonia, zinc oxide, titanium oxides, fluorides, chlorates, sulfates, salts of oxometallic acids, radioactive chemical elements, colloidal precious metals, compounds of rare earth metals, acyclic hydrocarbons, derivatives of phenols or peroxides, acetals and hemiacetals, phosphoric esters and their salts, diazo-compounds, glands for therapeutic uses, wadding, gauze and bandages, pharmaceutical glaze, hair preparations, lubricating preparations, albumins, prepared glues and adhesives, catalytic preparations, diagnostic or laboratory reagents, prepared binders, acrylic and ethylene polymers, self-adhesive plates and sheets, other articles of vulcanized rubber, plastic cases, cartons, boxes, printed books, brochures and similar printed matter, carboys, bottles, and flasks, stoppers, caps, and lids, aluminum foil, tin plates and sheets, taps, cocks and valves, and medical instruments and appliances. Materials sourced from abroad represent some 50%-65% of finished product value.

Zone procedures would exempt IPR from Customs duty payments on foreign materials used in production for export. Some 30–40 percent of the plant's shipments are exported. On domestic shipments, the company would be able to defer Customs duty payments on foreign materials, and to choose the duty rate that applies to finished products (duty free-9.2%) instead of the rates otherwise applicable to the foreign input materials (duty free-20%)(noted above). The application indicates that the savings from zone procedures would help improve IPR's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions Via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. *Submissions Via the U.S. Postal Service:* Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—

Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is September 9, 2002. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to October 23, 2002.)

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 525 F.D. Roosevelt Ave., Suite 905, San Juan, PR 00918.

Dated: August 2, 2002.

Dennis Puccinelli,

Executive Secretary.

Certain Cut-To-Length Carbon-Quality Steel Plate from the Republic of Korea: Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Rescission of Antidumping Duty Administrative Review.

EFFECTIVE DATE : August 9, 2002.

FOR FURTHER INFORMATION CONTACT: Timothy Finn or Howard Smith at (202) 482–0065 or (202) 482–5193, respectively; AD/CVD Enforcement, Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations at 19 CFR Part 351 (2002).

Background

On February 1, 2002, the Department of Commerce (the Department)

published a notice of opportunity to request administrative reviews of the antidumping duty orders on certain cut-to-length carbon-quality steel plate (CTL plate) from France, Italy, Indonesia, India, Japan, and the Republic of Korea covering the period February 1, 2001, through January 31, 2002 (67 FR 4945, 4946).

On March 20, 2002, pursuant to separate requests made by Bethlehem Steel Corporation and United States Steel Corporation (collectively “the petitioners”) and Nucor Corporation (Nucor), a domestic interested party, the Department initiated administrative reviews of the antidumping duty orders on CTL plate from the above-named countries (67 FR 14696, 14697)(March 27, 2002). On April 26, 2002, the petitioners withdrew their request for the administrative reviews of CTL plate from France, Italy, Indonesia, India, Japan, and Korea. However, Nucor did not withdraw its request for an administrative review of CTL plate from Korea. Therefore, in accordance with 19 CFR 351.213(d)(1), on May 20, 2002, the Department rescinded the administrative reviews initiated with respect to France, Italy, Indonesia, India and Japan. *See Certain Cut-To-Length Carbon-Quality Steel Plate from France, Italy, Indonesia, India, and Japan: Rescission of Antidumping Duty Administrative Review*, 67 FR 36855 (May, 28, 2002). Subsequently, on June 18, 2002, Nucor withdrew its request for the administrative review of CTL plate from Korea.

Rescission of Review

Section 351.213(d)(1) of the Department's regulations provides that a party that requests an administrative review may withdraw the request within 90 days after the date of publication of the notice of initiation of the requested administrative review. The Department is rescinding the administrative review of the order on CTL plate from Korea for the period February 1, 2001 through January 31, 2002 because the requesting parties have withdrawn their requests for this administrative review within the 90-day time limit and no other interested parties have requested a review of CTL plate from Korea for this time period.

This notice is in accordance with section 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: August 2, 2002.

Bernard T. Carreau,

Deputy Assistant Secretary for Import Administration.
