Background

On April 10, 2002, the Department published in the Federal Register the preliminary results of the administrative review of the antidumping duty order on ICC from Canada. See *Notice of Preliminary Results of Antidumping Duty Administrative Review: Iron Construction Castings from Canada*, 67 FR 17358 (April 10, 2002).

In response to the Department's invitation to comment on the preliminary results of this review, Canada Pipe Company, Ltd. (Canada Pipe or respondent) filed its case brief on May 10, 2002. No other interested parties filed case or rebuttal briefs.

The Department has conducted this administrative review in accordance with section 751 of the Act.

Scope of Review

The merchandise covered by this review consists of certain iron construction castings from Canada, limited to manhole covers, rings, and frames, catch basin grates and frames, cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule (HTS) item numbers 7325.10.0010, 7325.10.0020, and 7325.10.0025¹. The HTS item numbers are provided for convenience and Customs purposes only. The written description remains dispositive.

Period of Review

The POR is March 1, 2000, to February 28, 2001.

Analysis of Comments Received

directly on the Web at <http://ia.ita.doc.gov>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made no changes in the margin calculation.

Final Results of Review

We determine that the following weighted-average percentage margin exists for the period March 1, 2000, through February 28, 2001:

Manufacturer/Exporter	Percent Margin
Canada Pipe Company, Ltd.	1.43 percent

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of ICC from Canada entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) the cash deposit rate for Canada Pipe Company, Ltd.² will be the rate shown above; (2) for previously reviewed or investigated companies not covered in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if merchandise is exported by a firm other than the manufacturer and the exporter is not a firm covered in this review, prior reviews, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will be 7.5 percent, the "all-others" rate established in the LTFV investigation³. These deposit requirements, when imposed, shall remain in effect until publication of the final results of administrative review for a subsequent review period.

Assessment

The Department shall determine, and the U.S. Customs Service (Customs)

² As noted in the accompanying *Decision Memorandum*, the cash deposit rate calculated for Canada Pipe Company, Ltd. in this administrative review applies to Canada Pipe Company, Ltd., including its unincorporated foundries, Laperle, Grand Mere, and Bibby Ste-Croix.

³ The "all others" rate was incorrectly identified as 14.67 percent in both the preliminary results of this review (67 FR 17358) and the preliminary results of the review covering the period March 1, 1999 through February 29, 2000 (65 FR 76609).

shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the importer-specific sales to the total entered value of the same sales. Where the assessment rate is above de minimis, we will instruct Customs to assess duties on all entries of subject merchandise by that importer. The Department will issue appraisal instructions directly to Customs.⁴

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: August 8, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

APPLICABLE STATUTE:

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce (the Department) regulations are to 19 C.F.R. Part 351 (April 2001).

Pursuant to section 751(a)(3)(A) of the Act, the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period. The preliminary results are currently scheduled to be completed on October 31, 2002. However, the Department finds that it is not practicable to complete the preliminary results in these administrative reviews of certain preserved mushrooms from India, Indonesia, and the People's Republic of

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time for completion of the preliminary results of these reviews until February 28, 2003.

Dated: August 12, 2002.
