

Preliminary Results of Review

We preliminarily find the following weighted-average dumping margin:

Manufacturer/Exporter	Period of Review	Margin
Uday Engineering Works	2/1/01 - 7/31/01	20.36 %

Upon completion of this new shipper administrative review, the Department will instruct the Customs Service to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., 0.50 percent or greater). Accordingly, we have calculated importer-specific duty assessment rates for the merchandise in question. The assessment rate will be assessed uniformly on all entries of that particular importer made during the POR. The Department will issue assessment instructions directly to the Customs Service within 15 calendar days of the publication of the final results of review in the **Federal Register**.

Cash Deposit Rates

The following deposit requirements will be effective upon publication of the final results of this new shipper administrative review for all shipments of stainless steel bar from India entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be the rate established in the final results of this review; (2) if the exporter is not a firm covered in this review, but was covered in a previous review or the original less than fair value ("LTFV") investigation, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a previous review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers and/or exporters of this merchandise, shall be 12.45 percent, the "all others" rate established in the LTFV investigation. (See 59 FR 66915, December 28, 1994).

These requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Public Comment

Interested parties may request a hearing within 30 days of the date of publication of this notice. Any hearing, if requested, will be held two days after the scheduled date for submission of rebuttal briefs (see below). Interested parties may submit written arguments in case briefs within 30 days of the date of publication of this notice. Rebuttal briefs, limited to issues raised in case briefs, may be filed no later than five days after the date of filing the case briefs. Parties who submit briefs in these proceedings should provide a summary of the arguments not to exceed five pages and a table of statutes, regulations, and cases cited. Copies of case briefs and rebuttal briefs must be served on interested parties in accordance with 19 CFR 351.303(f)(3).

The Department will issue the final results of this administrative review within 90 days from the issuance of these preliminary results.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This new shipper review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Notice of Rescission of Changed Circumstances Antidumping Duty Administrative Review: Certain Stainless Steel Butt-Weld Pipe and Tube Fittings from Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Rescission of Changed Circumstances Antidumping Duty Administrative Review.

DATES: EFFECTIVE DATE: August 19, 2002.

FOR FURTHER INFORMATION CONTACT: Jack K. Dulberger or Tom F. Futtner, AD/CVD Enforcement, Group II, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5505 or (202) 482-3814, respectively.

SUPPLEMENTARY INFORMATION:**The Applicable Statute and Regulations**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations at 19 CFR Part 351 (2002).

Background

On March 25, 1988, the Department published in the **Federal Register** an antidumping order on Certain Stainless Steel Butt-Weld Pipe and Tube Fittings (SSPF) from Japan. See *Antidumping Duty Order of Sales at Less Than Fair Value: Certain Stainless Steel Butt-Weld Pipe and Tube Fittings from Japan*, 53 FR 9787. On April 19, 2002, Benex submitted a letter requesting that the Department conduct an expedited changed circumstances review, pursuant to 19 CFR 351.216(e). On June 3, 2002, the Department initiated a

changed circumstances review on Certain Stainless Steel Butt-Weld Pipe and Tube Fittings (SSPF) from Japan. See *Notice of Initiation of Changed Circumstances Antidumping Duty Administrative Review: Certain Stainless Steel Butt-Weld Pipe and Tube Fittings from Japan*, 67 FR 39676. On July 24, 2002, Benex requested the Department's permission to withdraw without prejudice its request for a changed circumstances review.

Rescission of Changed Circumstances Review

19 CFR 351.213(d)(1) of the Department's regulations provides that the Department will rescind an administrative review if a party that requested a review withdraws the request within ninety days of the date of publication of the notice of initiation of the requested review. The Department's rules regarding review withdrawals do not specifically reference changed circumstances administrative reviews. In this case, Benex requested withdrawal of its changed circumstances review within ninety days of the review being initiated, the time period the Department generally considers reasonable for requesting the withdrawal of administrative reviews. Therefore, the Department has accepted Benex's withdrawal request in this case as timely.

The Department is now rescinding this changed circumstances antidumping duty administrative review. The U.S. Customs Service will continue to suspend entries of subject merchandise at the appropriate cash deposit rate for all entries of certain stainless steel butt-weld pipe and tube fittings from Japan.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended.

Dated: August 13, 2002.

Certain Steel Concrete Reinforcing Bars from Turkey; Notice of Extension of Time Limits for Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce is extending the time limits for the final results in the antidumping duty administrative review of certain steel concrete reinforcing bars from Turkey. The review covers three producers/exporters of the subject merchandise to the United States. The period of review is April 1, 2000, through March 31, 2001.

EFFECTIVE DATE: August 19, 2002.

FOR FURTHER INFORMATION CONTACT: Irina Itkin or Elizabeth Eastwood, Office of AD/CVD Enforcement, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-0656 and (202) 482-3874, respectively.

SUPPLEMENTARY INFORMATION:

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act) requires the Department of Commerce (the Department) to make a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

Postponement of Final Results of Administrative Review

The Department issued the preliminary results of this administrative review of the antidumping duty order on certain steel

concrete reinforcing bars from Turkey on May 1, 2002 (67 FR 21634). The current deadline for the final results in this review is August 29, 2002. In accordance with section 751(a)(3)(A) of the Act, and 19 CFR 351.213(h)(2), the Department finds that it is not practicable to complete the review within the original time frame due to the complexity of certain issues raised in the case briefs.

Because it is not practicable to complete this administrative review within the time limits mandated by section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the Department is extending the time limits for completion of the final results of this administrative review until October 28, 2002.

Dated: August 13, 2002.

Deputy Assistant Secretary for Import Administration.
