

Section 40.31(g) also issued under sec. 122, 68 Stat. 939 (42 U.S.C. 2152). Section 40.46 also issued under sec. 184, 68 Stat. 954, as amended (42 U.S.C. 2234). Section 40.71 also issued under sec. 187, 68 Stat. 955 (42 U.S.C. 2237).

2. Section 40.13(a) is revised to read as follows:

§ 40.13(a) Unimportant quantities of source material.

(a) Any person is exempt from the regulations in this part and from the requirements for a license set forth in section 62 of the Act to the extent that such person receives, possesses, uses, disposes, transfers, or delivers source material in any chemical mixture, compound, solution, or alloy in which the source material is by weight less than one-twentieth of 1 percent (0.05 percent) of the mixture, compound, solution, or alloy. The exemption contained in this paragraph does not include byproduct material as defined in this part.

3. Section 40.51 is revised to read as follows:

§ 40.51 Transfer of source or byproduct material.

(a) No licensee shall transfer source or byproduct material except as authorized pursuant to this section.

(b) Except as otherwise provided in its license and subject to the provisions of paragraphs (c), (d), and (e) of this section, any licensee may transfer source or byproduct material:

(1) To the Department of Energy;

(2) To the agency in any Agreement State that regulates radioactive materials pursuant to an agreement with the Commission or the Atomic Energy Commission under section 274 of the Act;

(3) To any person exempt from the licensing requirements of the Act and regulations in this part, to the extent permitted under such exemption;

(4) To any person in an Agreement State subject to the jurisdiction of that State who has been exempted from the licensing requirements and regulations of that State, to the extent permitted under such exemptions;

(5) To any person authorized to receive such source or byproduct material under terms of a specific license or a general license or their equivalents issued by the Commission or an Agreement State;

(6) To any person abroad pursuant to an export license issued under part 110 of this chapter; or

(7) As otherwise authorized by the Commission in writing.

(c) Before transferring source or byproduct material to a specific licensee

of the Commission or an Agreement State or to a general licensee who is required to register with the Commission or with an Agreement State prior to receipt of the source or byproduct material, the licensee transferring the material shall verify that the transferee's license authorizes receipt of the type, form, and quantity of source or byproduct material to be transferred.

(d) The following methods for the verification required by paragraph (c) of this section are acceptable:

(1) The transferor may have in its possession, and read, a current copy of the transferee's specific license or registration certificate;

(2) The transferor may have in its possession a written certification by the transferee that it is authorized by license or registration certificate to receive the type, form, and quantity of source or byproduct material to be transferred, specifying the license or registration certification number, issuing agency, and expiration date;

(3) For emergency shipments, the transferor may accept oral certification by the transferee that it is authorized by license or registration certificate to receive the type, form, and quantity of source or byproduct material to be transferred, specifying the license or registration certificate number, issuing agency, and expiration date, provided that the oral certification is confirmed in writing within 10 days;

(4) The transferor may obtain other sources of information compiled by a reporting service from official records of the Commission or the licensing agency of an Agreement State as to the identity of licensees and the scope and expiration dates of licenses and registrations; or

(5) When none of the methods of verification described in paragraphs (d)(1) to (4) of this section are readily available or when a transferor desires to verify that information received by one of these methods is correct or up-to-date, the transferor may obtain and record confirmation from the Commission or the licensing agency of an Agreement State that the transferee is licensed to receive the source or byproduct material.

(e) A licensee shall obtain written approval from the NRC before transferring any source material derived from its specifically licensed material to persons exempt under § 40.13(a) or equivalent Agreement State regulations. A licensee seeking NRC approval to transfer such material must submit a dose assessment with information containing the estimated annual total effective dose equivalent to a member of

the public that would result from the transfer, and the parameters and assumptions used in the assessment.

Dated at Rockville, Maryland, this 22nd day of August, 2002.

For the Nuclear Regulatory Commission.

Annette Vietti-Cook,

Secretary of the Commission.

BILLING CODE 7590-01-P

SMALL BUSINESS ADMINISTRATION

13 CFR Part 121

Small Business Size Standards Waiver of the Nonmanufacturer Rule

AGENCY: Small Business Administration.

ACTION: Notice of intent to grant a waiver of the nonmanufacturer rule for hand and edge tool manufacturing.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a waiver of the Nonmanufacturer Rule for Hand and Edge Tool Manufacturing. The basis for waivers is that no small business manufacturers are supplying these classes of products to the Federal Government. The effect of a waiver would be to allow otherwise qualified regular dealers to supply the products of any domestic manufacturer on a Federal contract set aside for small businesses or awarded through the SBA 8(a) Program. The purpose of this notice is to solicit comments and potential source information from interested parties.

DATES: Comments and sources must be submitted on or before September 9, 2002.

ADDRESS COMMENTS TO: Edith Butler, Program Analyst, U.S. Small Business Administration, 409 3rd Street, SW., Washington DC, 20416, Tel: (202) 619-0422.

FOR FURTHER INFORMATION CONTACT: Edith Butler, Program Analyst, (202) 619-0422 FAX (202) 205-7280.

SUPPLEMENTARY INFORMATION: Public Law 100-656, enacted on November 15, 1988, incorporated into the Small Business Act the previously existing regulation that recipients of Federal contracts set aside for small businesses or SBA 8(a) Program procurement must provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor. This requirement is commonly referred to as the Nonmanufacturer Rule. The SBA regulations imposing this requirement are found at 13 CFR 121.406 (b). Section 303(h) of the law provides for waiver of

this requirement by SBA for any "class of products" for which there are no small business manufacturers or processors in the Federal market.

To be considered available to participate in the Federal market on these classes of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal Government within the last 24 months.

The SBA defines "class of products" based on six digit coding systems. The first coding system is the Office of Management and Budget *North American Industry Classification System (NAICS)*. The second is the Product and Service Code established by the Federal Procurement Data System.

This notice proposes to grant A Waiver of the Nonmanufacturer Rule for hand and edge tool manufacturing, North American Industry Classification System (NAICS) 332212. The public is invited to comment or provide source information to SBA on the proposed waiver of the nonmanufacturer rule for hand and edge tool manufacturing, and provide information on potential small business manufacturers for these products.

In an effort to identify potential small business manufacturers, the SBA has searched the Procurement Marketing & Access Network (PRO-Net) and the SBA will publish a notice in the **Federal Register**. The public is invited to comment or provide source information to SBA on the proposed waiver of the Nonmanufacturer Rule for these classes of products.

Linda G. Williams,

Associate Administrator for Government Contracting.

BILLING CODE 8025-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 02-ACE-7]

Proposed Modification of Class D Airspace; Knob Noster, Whiteman AFB, MO; and Modification of Class E Airspace; Knob Noster, Whiteman AFB, MO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This action proposes to modify Class D airspace at Knob Noster,

Whiteman AFB, MO, modify Class E airspace designated as a surface area for Knob Noster, Whiteman AFB, MO and modify Class E airspace extending upward from 700 feet above the surface of the earth at Knob Noster, Whiteman AFB, MO. It has been determined that the Knob Noster, Whiteman AFB, MO Class D airspace and the Knob Noster, Whiteman AFB, MO Class E airspace designated as a surface area be amended to provide for containment of instrument approach procedures within controlled airspace. Adequate controlled airspace should be established to contain Category E circling requirements. It has also been determined that the extension of the Knob Noster, Whiteman AFB, MO Class E airspace extending upward from 700 feet above the surface of the earth is no longer required. This action would amend the existing Knob Noster, Whiteman AFB, MO Class D airspace and the Knob Noster, Whiteman AFB, MO Class E airspace designated as a surface area by changing the existing 4.6-mile radius to a 6.5-mile radius and by eliminating the north and south extensions. This action would also amend Knob Noster, Whiteman AFB, MO Class E airspace extending upward from 700 feet above the surface of the earth by deleting that portion within 1.8 miles each side of the Whiteman ILS localizer south course, extending from the 7-mile radius to the 9.7-mile radius south of Knob Noster, Whiteman AFB, MO.

DATES: Comments for inclusion in the Rules Docket must be received on or before October 7, 2002.

ADDRESSES: Send comments on the proposal in triplicate to: Federal Aviation Administration, Docket Number 02-ACE-7, Manager, Airspace Branch, Air Traffic Division, ACE-520, DOT Regional Headquarters Building, 901 Locust, Kansas City, MO 64106.

The official docket may be examined in the Office of the Regional Counsel for the Central Region at the same address between 9 a.m. and 3 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours in the Air Traffic Division at the same address listed above.

FOR FURTHER INFORMATION CONTACT: Brenda Mumper, Air Traffic Division, Airspace Branch, ACE-520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2524.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Airspace Docket No. 02-ACE-7." The postcard will be date/time stamped and returned to the commenter. All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of the comments received. All comments submitted will be available for examination in the Office of the Regional Counsel for Central Region, Room 506, DOT Regional Headquarters Building, 901 Locust, Kansas City, MO 64106, both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Federal Aviation Administration, Manager, Airspace Branch, Air Traffic Division, ACE-520, DOT Regional Headquarters Building, 901 Locust, Kansas City, MO 64106. Communications must identify the docket number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11-2A, which describes the application procedure.

The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to amend Class D airspace at Knob Noster, Whiteman AFB, MO. Class D airspace designations for airspace areas
