SUMMARY: The Bureau of Land Management (BLM) is proposing supplementary rules to apply to the public lands within the State of Colorado. The rules relate to the illegal use of alcohol and drugs on the public lands. The BLM needs the supplementary rules to protect natural resources and the health and safety of public land users. These supplementary rules will allow BLM Law Enforcement Officers to enforce on public lands regulations pertaining to Alcohol and Drug laws in a manner consistent with current State of Colorado laws as contained in the Colorado Revised Statutes.

DATES: Comments on the proposed supplementary rules must be received or postmarked by October 3, 2002 to be assured consideration. In developing final supplementary rules, BLM may not consider comments postmarked or received in person or by electronic mail after this date.

BLM will make available to the public all submissions from organizations and businesses and from individuals identifying themselves as representatives or officials of organizations or businesses.

SUPPLEMENTARY INFORMATION:**I. Discussion of the Supplementary Rules**

These supplementary rules will apply to all the public lands within the State of Colorado. In keeping with the BLM's performance goal to reduce threats to public health, safety, and property, these supplementary rules are necessary to protect the natural resources and to provide for safe public recreation and public health; to reduce the potential for damage to the environment; and to enhance the safety of visitors and neighboring residents. Alcohol-related offenses are a growing problem on the public lands. Unlawful consumption of alcohol and drugs, and abuses of alcohol and drugs, such as driving while under the influence, pose a significant health and safety hazard to all users and uses of the public lands and can result in the destruction of natural resources and property, and/or cause physical injury/death. In addition, drug-related offenses, including the possession of drug paraphernalia, result in the legitimization and encouragement of the illegal use of controlled substances by making the drug culture more visible and enticing. Further, the ready availability of drug paraphernalia tends to promote, suggest, or increase the public acceptability of the illegal use of controlled substances. In keeping with BLM's policy regarding the reduction of

illegal use of controlled substances on public lands, and due to undesirable impacts on the public lands, the greatest of which is the threat to visitor safety and the safety of BLM employees, the BLM Colorado Law Enforcement Program will continue aggressive pursuit of ways to eliminate the possession, use, manufacturing, and trafficking of controlled substances, as well as the use and availability of drug paraphernalia on public lands, and will seek prosecution of those persons responsible for such activity. These supplementary rules will allow BLM Law Enforcement Officers to enforce on public lands regulations pertaining to Alcohol and Drug laws in a manner patterning current State of Colorado laws as contained in the Colorado Revised Statutes in an effort to further the working relationship and partnerships formed with numerous Sheriff's Departments throughout Colorado and the Colorado State Patrol.

II. Procedural Information*Executive Order 12866, Regulatory Planning and Review*

These supplementary rules are not a significant regulatory action and are not subject to review by the Office of Management and Budget under Executive Order 12866. These supplementary rules will not have an effect of \$100 million or more on the economy. They are directed at preventing unlawful personal behavior on public lands, for purposes of protecting public health and safety. They will not adversely affect, in a material way, the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities. These interim final supplementary rules will not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency. The supplementary rules do not alter the budgetary effects of entitlements, grants, user fees, or loan programs or the right or obligations of their recipients; nor do they raise novel legal or policy issues. The supplementary rules merely enable BLM law enforcement personnel to enforce regulations pertaining to unlawful possession/use of alcohol and drugs in a manner patterning current State of Colorado laws, as contained in the Colorado Revised Statutes, where appropriate on public lands.

Clarity of the Supplementary Rules

Executive Order 12866 requires each agency to write regulations that are simple and easy to understand. We

invite your comments on how to make these interim final supplementary rules easier to understand, including answers to questions such as the following:

(1) Are the requirements in the proposed supplementary rules clearly stated?

(2) Do the proposed supplementary rules contain technical language or jargon that interferes with their clarity?

(3) Does the format of the proposed supplementary rules (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce their clarity?

(4) Would the proposed supplementary rules be easier to understand if they were divided into more (but shorter) sections?

(5) Is the description of the interim final supplementary rules in the **SUPPLEMENTARY INFORMATION** section of this preamble helpful in understanding the interim final supplementary rules? How could this description be more helpful in making the supplementary rules easier to understand?

Please send any comments you have on the clarity of the supplementary rules to the address specified in the **ADDRESSES** section.

National Environmental Policy Act

BLM has prepared an environmental assessment (EA) and has found that the interim final supplementary rules would not constitute a major Federal action significantly affecting the quality of the human environment under section 102(2)(C) of the Environmental Protection Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C). The proposed supplementary rules will enable BLM law enforcement personnel to cite persons for unlawful possession/use of alcohol or drugs on public lands for the purpose of protecting public health and safety. BLM has placed the EA and the Finding of No Significant Impact (FONSI) on file in the BLM Administrative Record at the address specified in the **ADDRESSES** section. BLM invites the public to review these documents and suggests that anyone wishing to submit comments in response to the EA and FONSI do so in accordance with the Written Comments section, above.

Regulatory Flexibility Act

Congress enacted the Regulatory Flexibility Act of 1980, as amended, 5 U.S.C. 601–612, (RFA) to ensure that Government regulations do not unnecessarily or disproportionately burden small entities. The RFA requires a regulatory flexibility analysis if a rule would have a significant economic impact, either detrimental or beneficial,

on a substantial number of small entities. The proposed supplementary rules do not pertain specifically to commercial or governmental entities of any size, but contain rules to protect the health and safety of individuals, property, and resources on the public lands. Therefore, BLM has determined under the RFA that these proposed supplementary rules would not have a significant economic impact on a substantial number of small entities.

Small Business Regulatory Enforcement Fairness Act (SBREFA)

These supplementary rules do not constitute a “major rule” as defined at 5 U.S.C. 804(2). Again, the supplementary rules pertain only to individuals who may wish to use alcohol or drugs on the public lands. In this respect, the regulation of such use is necessary to protect the public lands and facilities and those, including small business concessioners and outfitters, who use them. The supplementary rules have no effect on business, commercial or industrial use of the public lands.

Unfunded Mandates Reform Act

These proposed supplementary rules do not impose an unfunded mandate on state, local, or tribal governments or the private sector of more than \$100 million per year; nor do these interim final supplementary rules have a significant or unique effect on state, local, or tribal governments or the private sector. The supplementary rules do not require anything of state, local, or tribal governments. Therefore, BLM is not required to prepare a statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*)

Executive Order 12630, Governmental Actions and Interference With Constitutionally Protected Property Rights (Takings)

The proposed supplementary rules do not represent a government action capable of interfering with constitutionally protected property rights. The supplementary rules do not address property rights in any form, and do not cause the impairment of anyone's property rights. Therefore, the Department of the Interior has determined that the supplementary rules would not cause a taking of private property or require further discussion of takings implications under this Executive Order.

Executive Order 13132, Federalism

The proposed supplementary rules will not have a substantial direct effect on the States, on the relationship

between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. The supplementary rules apply in only one state, Colorado, and do not address jurisdictional issues involving the Colorado State government. Therefore, in accordance with Executive Order 13132, BLM has determined that these proposed supplementary rules do not have sufficient Federalism implications to warrant preparation of a Federalism Assessment.

Executive Order 12988, Civil Justice Reform

Under Executive Order 12988, Colorado State Office of BLM has determined that these proposed supplementary rules would not unduly burden the judicial system and that they meet the requirements of sections 3(a) and 3(b)(2) of the Order.

Paperwork Reduction Act

These proposed supplementary rules do not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*

Author

The principal author of this supplementary rules is Special Agent David Moore of the Colorado State Office, BLM, assisted by Ted Hudson of the Regulatory Affairs Group, Washington Office, BLM.
