

1877(h)(4) of the Social Security Act) meet the qualifications for waivers set forth under the new law. Use of this form will enable physicians to know they have provided all information needed to determine whether practitioners are eligible for a waiver. However, there is no prohibition on use of other means to provide requisite information. The Secretary will convey notification information and determinations to the Drug Enforcement Administration (DEA), which will assign an identification number to qualifying practitioners; this number will be included in the practitioner's registration under 21 U.S.C. 823(f).

Practitioners may use the form for two types of notification: (a) New, and (b) immediate. Under "new" notifications, practitioners may make their initial waiver requests to SAMHSA. "Immediate" notifications inform SAMHSA and the Attorney General of a practitioner's intent to prescribe immediately to facilitate the treatment

of an individual patient under 21 U.S.C. 823(g)(2)(E)(ii).

The form collects data on the following items: practitioner name; state medical license number and DEA registration number; address of primary location, telephone and fax numbers; e-mail address; name and address of group practice; group practice employer identification number; names and DEA registration numbers of group practitioners; purpose of notification (new or immediate); certification of qualifying criteria for treatment and management of opiate-dependent patients; certification of capacity to refer patients for appropriate counseling and other appropriate ancillary services; certification of maximum patient load, certification to use only those drug products that meet the criteria in the law. The form also notifies practitioners of Privacy Act considerations, and permits practitioners to expressly consent to disclose limited information to the SAMHSA Substance Abuse Treatment Facility Locator.

At present, there are no narcotic drugs or combinations for use under these notifications; however, SAMHSA believes that it is appropriate to develop a notification system to implement DATA in anticipation of narcotic treatment medications becoming available in the very near future. Therefore, SAMHSA recently obtained emergency OMB approval of form SMA 167 so that physicians will have it available to use if they wish to be assured that all required information is provided on their waiver submission and so that the review of submissions may be facilitated by use of a standard format for provision of the required information. Respondents may submit the form electronically, through a dedicated Web page that SAMHSA has established for the purpose, as well as via U.S. mail.

The following table summarizes the estimated annual burden for the use of this form.

Purpose of submission	Number of respondents	Responses per respondent	Burden per response (Hr.)	Total burden (Hrs.)
Initial Application for Waiver	1,200	1	.083	100
Notification to Prescribe Immediately	33	1	.083	3
Total	1,200	103

DEPARTMENT OF THE INTERIOR

Office of the Secretary

Privacy Act of 1974, as Amended; Amendment of an Existing System of Records

AGENCY: Department of the Interior.

ACTION: Proposed amendment of an existing system of records.

SUMMARY: The Department of Interior (DOI) is issuing public notice of its intent to amend a Departmentwide

Privacy Act (PA) system of records in its inventory of records systems subject to the Privacy Act of 1974 (5 U.S.C. 552a). DOI-71, "Freedom of Information Request Files System—Interior, is being amended due to the fact that the Department is consolidating data from systems (both paper and electronic) maintained by individual bureaus and offices within DOI into a centralized electronic database. The new electronic Freedom of Information Act tracking system (EFTS) will contain information on Freedom of Information Act (FOIA) and PA requesters and their requests for records or information, appeals, and related litigation. All of the fields in the PA system of records notice, DOI-71, have been revised. This includes changing the name of the system to "DOI-71: Electronic FOIA Tracking System and FOIA Case Files—Interior," DOI-71.

EFFECTIVE DATE: 5 U.S.C. 552a(e)(11) requires that the public be provided a 30-day period in which to comment on the agency's intended use of the information in the system of records. The Office of Management and Budget, in its Circular A-130, requires an

additional 10-day period (for a total of 40 days) in which to make these comments. Any persons interested in commenting on this proposed amendment may do so by submitting comments in writing to the Departmental Privacy Act Officer, U.S. Department of the Interior, Office of the Chief Information Officer, Mail Stop (MS)–5312—Main Interior Building (MIB), 1849 C Street NW., Washington, DC 20240, or by e-mail to Marilyn.Legnini@ios.doi.gov. Comments received within 40 days of publication in the **Federal Register** will be considered. The system will be effective as proposed at the end of the comment period unless comments are received which would require a contrary determination. The Department will publish a revised notice if changes are made based upon a review of comments received.

FOR FURTHER INFORMATION CONTACT:

Alexandra Mallus, Office of the Chief Information Officer, Office of the Secretary, by phone at 202-208-5342, by email at Alexandra_Mallus@ios.doi.gov or by
