II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed amendment is to make certain revisions to provisions of the Exchange's Constitution and Rules pertaining to the governance of the Exchange. The principal governance change proposed to be made is to increase the public representation on the Exchange's Board of Directors ("Board") and three committees of the Board so that the Board and these three committees will be balanced between industry (member) and public directors. With respect to the Board, the Exchange proposes to amend Section 6.1 of the Constitution to maintain the current 23-person size of the Board, while increasing the number of public directors from 8 to 11. In order to accommodate the greater number of public directors, the Exchange proposes to reduce the number of off-floor member firm directors from 6 to 4, and to reduce the number of at-large member directors from 3 to 2. The number of floor member directors will remain unchanged at 4 directors, and the Board will continue to have one lessor member director. The Chairman of the Board will continue to serve as an *ex-officio* director. As a result, the Board will be

equally balanced between 11 member directors and 11 public directors plus the Chairman. Directors will continue to be elected for three-year terms, with all categories of directors to be elected by the membership. As a matter of transition, the Exchange proposes to effect the changes with the 2002 annual election of directors.⁵

In addition to changing the composition of the Board, the Exchange proposes to modify the composition of the Executive Committee to make it reflect the same balance and composition as the Board as a whole. To accomplish this, the Exchange proposes to amend Section 7.2 of its Constitution to provide that not less than 50% of the members of the Executive Committee, excluding the Chairman of the Board, will be public directors. Members of the Executive Committee may be removed only by the Board. The Chairman of the Board and the Vice Chairman of the Board will continue to be *ex officio* members of the Executive Committee, with the Chairman of the Board serving as the Chairman of the Executive Committee in place of the Vice Chairman, who currently holds that position.

The Exchange also proposes to codify in the Constitution the establishment of the Audit Committee (Section 7.3), the Compensation Committee (Section 7.4) and the Floor Directors Committee (Section 7.5) as committees of the Board.

The Audit Committee will consist of at least 3 directors of which not less than 50% will be public directors. The members of the Audit Committee will be appointed by the Chairman of the Board, subject to Board approval, as is currently provided in Exchange Rule 2.1, and the Chairman of the Audit Committee will be a public director also appointed by the Chairman of the Board. Members of the Audit Committee may be removed only by the Board.

The Compensation Committee will consist of the Vice Chairman of the Board, the lessor director, the Chairman of the Exchange's Financial Planning

Committee, one or more off-floor directors, and a number of public directors that will constitute at least 50% of the members of the Committee. The Chairman of the Compensation Committee will be a public director appointed by the Chairman of the Board with the approval of the Board, and the off-floor directors and the public directors on the Compensation Committee will also be appointed by the Chairman of the Board consistent with the Chairman's current authority under Rule 2.1. Members of the Compensation Committee may be removed only by the Board.

The Floor Directors Committee will consist of those directors who are primarily engaged in business on the floor of the Exchange, whether serving as floor directors or at-large directors, and will also include the lessor director as a non-voting member of the Committee. This represents no change from current practice. The Vice Chairman of the Board will be designated in the Constitution as the Chairman of this Committee. The Floor Directors Committee will continue to function as an advisory committee to the Board of Directors and to the Office of the Chairman.

It is also proposed to amend Section 8.3 of the Constitution, which describes the authority of the Vice Chairman of the Board, to make it clear that the authority of that officer to coordinate the activities of the committees of the Exchange does not extend to the Executive, Audit or Compensation Committees of the Board.

In addition to the foregoing proposed changes to the governance provisions of the Constitution, a few "housekeeping" amendments to the Constitution and rules are also proposed. Among these is the proposed deletion of outdated references to members of the Nominating Committee and floor directors who were elected prior to the 1999 annual election in Section 4.1 and in the note to Section 6.1(b) of the Constitution. In addition, because the offices of Chairman of the Executive Committee and Vice Chairman of the Board will no longer be held by the same person, it is proposed to amend a number of provisions in the Constitution and rules that refer to the Chairman of the Executive Committee to make them refer instead to the Vice Chairman of the Board so as not to change their intended meaning.

2. Statutory Basis

The CBOE believes that, by increasing the public representation on the Exchange's Board and three committees of the Board (the Executive, Audit and

⁵ In 1999, the Exchange amended its Constitution to increase the public representation on its Board of Directors from 4 to 8 public directors, and also to create a lessor director category on the Board. To accommodate the greater number of public directors and the lessor director, the Exchange increased the total size of its Board from 21 to 23 directors, reduced the number of floor directors from 6 to 4, and provided that the President of the Exchange would no longer be an *ex-officio* director. To effectuate these governance changes, the number of off-floor member directors and at-large directors remained unchanged at 6 directors and 3 directors, respectively, and the Chairman continued to serve as an *ex-officio* director. Compensation Committees) such that the Board and these three committees are balanced between industry and public directors, and by requiring that the Chairman of the Audit Committee and the Compensation Committee be public directors, the proposed amendment to the Constitution furthers the objectives of Section 6(b)(3) of the Act⁶ to assure fair representation of the members of the Exchange in the selection of its directors and in the administration of its affairs, and to provide that one or more members of the Board of Directors must be representatives of investors (*i.e.*, public directors). The CBOE also believes that the proposed amendment furthers the objectives of Section 6(b)(5) of the Act⁷ to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-46556; File No. SR-CHX-2002-31]

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by the Chicago Stock Exchange, Incorporated Relating To Execution of Limit Orders Following Exempted ITS Trade-Through

September 26, 2002.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 20, 2002, the Chicago Stock Exchange, Incorporated ("CHX" or "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II and III below, which Items have been substantively prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend certain provisions of CHX Article XX, Rule 37, which governs, among other

things, execution of limit orders in a CHX specialist's book following a trade-through in the primary market. Specifically, the CHX seeks to render voluntary a CHX specialist's obligation to fill limit orders in the specialist's book following a primary market trade-through, if such trade-through constitutes an Exempted Trade-Through (as defined below). The text of the proposed rule change is available at the Commission and at the CHX.³

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On August 28, 2002, the Commission issued an order granting a *de minimis* exemption (the "Exemption") for transactions in certain exchange-traded funds ("ETFs") from the trade-through provisions of the Intermarket Trading System ("ITS") Plan.⁴ The Exemption was proposed by Commission staff to permit rapid execution of orders in ETFs at prices that may trade through the quotations of other markets, including the NBBO price. Because Exempted Trade-Throughs will, by definition, be exempt from ITS restrictions, a market participant that reports execution of an Exempted Trade-Through will not be required to satisfy an administrative request from any ITS participant for satisfaction

³ In this submission, the CHX seeks permanent approval of a rule currently in effect on a 30-day pilot basis. See SR-CHX-2002-29.

⁴ See Securities Exchange Act Release No. 46428, 67 FR 56607 (September 4, 2002). At present, the exemption extends to transactions in three designated ETFs—the Nasdaq-100 Index ("QQQ"), the Dow Jones Industrial Average ("DIAMONDS") and the Standard & Poor's 500 Index ("SPDRs")—when the transactions are "executed at a price that is no more than three cents lower than the highest bid displayed in CQS and no more than three cents higher than the lowest offer displayed in CQS" (each, an "Exempted Trade-Through"). The exemption was effective as of September 4, 2002.
