Instructions for Preparation of Form HUD-52832—Physical Needs Assessment

Report Submission: Prepare a separate form HUD-52832 for each development in the PHA's/IHA's inventory, which is eligible for Comprehensive Grant Program (CGP) funding. Submit these forms to HUD as part of the submission of the original Comprehensive Plan in the first year of participation in the CGP and every sixth year when a complete revision of the physical needs assessment is required. On an as-needed basis, submit a revised form for any development whose physical needs have significantly changed since the last needs assessment and the PHA/IHA wishes to include these needs in the Action Plan. Use only one page per development or development group. Developments which are contiguous and treated as one development for management purposes may be grouped together.

Heading Instructions:

Development Number—Enter an 11-digit alpha numeric code as follows: two-digit State code (alpha); two-digit Field Office code (numeric); P for public housing or B for Indian Housing; three-digit PHA/IHA number (numeric); and three-digit development number (numeric). For example, VA05PO36001.

DOFA Date—Enter the Date of Full Availability (DOFA).

General Characteristics—Check the appropriate box that describes the type of development, the type of occupancy, and the type of structure. Also enter the number of buildings.

If Turnkey III is checked, indicate the number of vacant or non-homebuyer-occupied units planned for substantial rehabilitation next to the box. By so doing, the PHA/IHA indicates that: (1) the proposed modernization will result in bringing the identified units into full compliance with the homeownership objectives under the Turnkey III Program; and (2) the PHA/IHA has homebuyers who both are eligible for homeownership, in accordance with the requirements of 24 CFR Part 904 for PHA's or 24 CFR Part 905, Subpart G, for IHA's, and have demonstrated their intent to be placed into the Turnkey III units proposed to be substantially rehabilitated.

If the development is a Mutual Help and will be at least 10 years old during the next five years, indicate the number of units that are planned for one-time substantial rehabilitation next to the box. By so doing, the IHA indicates that the proposed modernization will result in bringing the identified units into full compliance with the homeownership objectives under the Mutual Help Program.

Current Bedroom Distribution—Enter the current number of units for each bedroom size and the total number of current units in the development as identified in the ACC.

Vacant Units—Enter the number of vacant units as of the date this form is prepared and the percentage of vacant units to the total number of units in the development. In determining the number of vacant units, refer to the definition of vacant units as prescribed in PHMAP Indicator 1.

Column Instructions:

General Description of Needed Physical Improvements: Enter a general description of all unfunded physical improvements that must be undertaken to bring the development (dwelling and nondwelling structures, dwelling and nondwelling equipment, and site) up to a level at least equal to the modernization and energy conservation standards and to comply with other program requirements. Include any replacements of equipment, systems and structural elements that will be needed, assuming routine and timely maintenance,

within the next five years. Exclude any physical improvement needs for PHA-wide non-dwelling structures and equipment. Enter only physical improvements that are eligible for CGP funding. Do not enter any physical improvements already funded by CIAP or other sources which the PHA/IHA plans to complete. However, enter physical improvements currently funded under CIAP where the PHA/IHA plans to reprogram CIAP funds for other work under the CGP.

Describe the proposed improvements in broad categories, such as kitchens, bathrooms, roofs, electrical systems, heating systems, landscaping, non-dwelling structures, lead-based paint testing, lead-based paint abatement, physical accessibility, etc. Include all broad categories of needed work without regard to the availability and/or source of funds.

If there are no current needs and the PHA/IHA does not anticipate any replacement needs within the next five years, enter a statement to that effect in this section. Such a statement does not preclude the PHA/IHA from amending the needs assessment at any time within the five-year period if unforeseen needs arise or from identifying new needs which have occurred when the needs assessment is revised every sixth year.

Urgency of Need: For each broad category of work identified under the General Description of Needed Physical Improvements, enter a number that corresponds to the urgency of the need on a PHA-wide basis at that development, with "1" reflecting the most urgent need and "5" reflecting the least urgent need. In determining the urgency of need, assign a "1" to activities required to correct emergency conditions and to meet statutory or other legally mandated requirements, such as lead-based paint testing.

Total Preliminary Estimated Hard Cost for Needed Physical Improvements: Enter the total preliminary estimated hard cost for the broad work categories listed in the General Description of Needed Physical Improvements, excluding any management improvements, administration, architectural/engineering fees, relocation or other soft costs, and any hard costs for PHA/IHA-wide nondwelling structures and equipment.

Per Unit Hard Cost: Divide the Total Preliminary Estimated Hard Cost for Needed Physical Improvements by the total number of current units in the development and enter the per unit hard cost.

Hard Cost Exceed 90% of TDC: Check Yes or No as to whether the Total Preliminary Estimated Hard Cost for Needed Physical Improvements exceeds 90% of computed Total Development Cost (TDC) for the development. **Note:** If Yes is checked, the PHA/IHA may not include work categories/items, except for emergency work, in its Action Plan or Annual Statement unless it submits, and HUD approves, a request to exceed 90% of TDC. **Note:** If Yes is checked, attach the viability analysis.

Development Has Long-Term Physical and Social Viability: Check Yes or No as to whether the PHA/IHA has determined that the development has long-term physical and social viability. **Note:** If No is checked, attach the viability analysis and an explanation of what actions are proposed regarding the nonviable development.

Source(s) of Information: Identify the source(s) of information used to develop the General Description of Needed Physical Improvements. Retain such information in PHA/IHA files (1) as supporting documentation for the needs assessment, (2) for post-review by HUD, or (3) for submission to HUD upon request.

Heading Instructions:

PHA/IHA Name—Enter the Public Housing Agency (PHA)/ Indian Housing Authority (IHA) Name.

Original or Revision Number -- Self-explanatory. Every sixth year a new original is prepared.

Column Instructions:**General Description of Management/Operations Needs:**

Enter a general description of all unfunded and no cost improvements needed to upgrade the management and operation of the PHA/IHA and of each viable development so that decent, safe and sanitary living conditions will be provided. Enter only management improvements that are eligible for CGP funding.

Do not enter any management improvements already funded by CIAP or other sources which the PHA/IHA plans to complete. However, enter management improvements currently funded under CIAP where the PHA/IHA plans to reprogram CIAP funds for other work under the CGP.

Prepare a separate Form HUD-52837 (Parts I, II and III) for emergency funding under the annual formula grant where there is no approved Comprehensive Plan.

Prepare a separate Form HUD-52837 (Parts I, II and III) for each funding request from the \$75 million reserve for natural and other disasters and emergencies.

Where the PHA elects to submit an Annual Statement covering up to a two-year period, prepare a separate Form HUD-52837 (Part II only) for year two. A separate Part I and Part III covering year two are not required.

For the Performance and Evaluation Report:

At the end of each program year, complete the sections of Parts I, II and III as noted in footnote 3 on a copy of the original or revised Annual Statement and mark the box Performance and Evaluation Report for Program Year Ending _____. Submit the form(s) to HUD, together with the narrative report on resident and local/tribal government participation and other required items. Part I: Summary**Heading Instructions:**

PHA/IHA Name - Enter the Public Housing Agency (PHA)/Indian Housing Authority (IHA) name.

This number is an 11-digit alpha numeric code as follows: two-digit State code (alpha); two-digit Field Office code (numeric); P for Public Housing or B for Indian Housing; three-digit PHA/IHA number (numeric); and three-digit Grant number. The first Comprehensive Grant approved under the CGP shall be 701; e.g., VA05P036701. The second Comprehensive Grant approved under the CGP shall be 702; e.g., VA05P036702. Any funding from the \$75 million reserve for natural and other disasters and emergencies shall be given a separate Comprehensive Grant number from the PHA's/IHA's annual formula funding.

FFY of Grant Approval - Enter the FFY in which the grant is being approved/was approved.

Type of Submission - Check the appropriate box and indicate whether the submission is the Original Annual Statement for the annual formula grant or for the \$75 million reserve for natural and other disasters and emergencies, the Revised Annual Statement (and revision number), or the Performance and Evaluation Report for Program Year Ending (enter date, e.g., 6/30/93).

Total Estimated Cost:

Line 1 - Enter the Original Total Estimated Cost, rounded to the nearest thousand dollars, for all work that will be undertaken from non-CGP funds, including CIAP funds being reprogrammed for CGP purposes. Enter zero if no work will be undertaken from non-CGP funds. After initial approval by HUD, enter any cost decrease or increase in the Revised Total Estimated Cost column whenever a revised Annual Statement is submitted to HUD for review and approval.

Lines 2 through 14 - For each line, enter the Original Total Estimated Cost, rounded to the nearest thousand dollars, for all work that will be undertaken from the annual formula grant or the \$75 million reserve. Enter zero if no work will be undertaken in a particular development account. After initial approval by HUD, enter any cost decrease or increase in the Revised Total Estimated Cost column whenever a revised Annual Statement is submitted to HUD for review and approval.

Line 15 - Amount of Annual Grant - Enter the sum of lines 2 through 14 in the Original Total Estimated Cost column. After initial approval by HUD, the sum of lines 2 through 14 in the Revised Total Estimated Cost column may not exceed line 15 in the Original Total Estimated Cost column.

Line 16 - Amount of line 15 Related to Lead-Based Paint (LBP) Testing - Enter the amount of line 15 related to LBP testing in the Original Total Estimated Cost column and, as appropriate, in the Revised Total Estimated Cost column.

Line 17 - Amount of line 15 Related to LBP Abatement - Enter the amount of line 15 related to LBP abatement in the Original Total Estimated Cost column and, as appropriate, in the Revised Total Estimated Cost column. For example, if windows are being replaced, estimate the portion of the funding which is directly related to LBP abatement.

Line 18 - Amount of line 15 Related to Section 504 Compliance - Enter the amount of line 15 related to Section 504 compliance in the Original Total Estimated Cost column and, as appropriate, in the Revised Total Estimated Cost column.

Actual Cost:

At the end of the CGP program year, i.e., 6/30, for each annual grant with a separate Comprehensive Grant Number for which funds are still being expended, complete the section on Actual Cost.

Lines 1 through 18 - For each line, enter the Actual Cost of funds Obligated and Expended at the end of the CGP program year.

Line 15 - Enter the sum of lines 2 through 14 for obligated and expended.

Part II: Supporting Pages

Development Number/Name - Enter the abbreviated number (e.g., VA-36-1) and the name, if any, of the development where the work items will be undertaken. Enter "PHA-wide" for work items that relate to a PHA-wide activity (e.g., management improvements, administration, non-dwelling equipment).

General Description of Proposed Work Items - For each development listed, enter a general description of all work items (physical or management, as applicable) that will be undertaken at that development, including work that will be funded with non-CGP funds and no cost items, before listing work items to be undertaken at other developments. Identify work items that will be accomplished by Force Account labor by entering (FA) in parenthesis next to the work item. After listing all work items for all developments being funded, enter a general description of PHA-wide activities, such as management improvements, administrative costs, equipment, etc. When work items are subsequently deleted, draw a line through the General Description, Development Account Number, and Estimated Cost. When work items are subsequently added, enter the new work item under the appropriate development number. Enter the quantity of the work as a percentage or whole number. Do not specify the per unit cost or the quality of materials. **Note:** Describe administrative costs in sufficient detail to clearly identify items excluded from the 7% limitation.

Development Account Number - For work items that will be funded from CGP funds, enter the appropriate development account which corresponds to the work item described under the General Description of Proposed Work Items column. For appropriate development accounts, refer to Handbook 7485.3. Where funding will be provided from non-CGP sources, or the work is a no cost item, enter "NA".

Estimated Cost:

Original-For each work item and PHA-wide activity described, enter the Original Estimated Cost. Asterisk the estimated cost of each work item that will be funded with non-CGP funds, including reprogrammed CIAP funds. After listing the estimated cost for all work items at a particular development, enter a subtotal of the estimated cost of only the work items that will be funded from the current year's CGP grant. (**Note:** Do not count costs that have been asterisked in this subtotal). Enter a grand total for Part II of only the work items and PHA-wide activities that will be funded with the current year's CGP grant.

Revised-Where the estimated cost is revised, enter a Revised Estimated Cost as appropriate.

Difference-Enter the difference between the Original and Revised Estimated Costs. If the cost increases, put a plus (+) in front of the dollar amount. If the cost decreases, put a minus (-) in front of the dollar amount. When a new work item is subsequently added, show the estimated cost in the revised column and in the column marked difference. Put a plus (+) in front of the dollar amount unless that item is in an approved two-year or partial two-year Annual Statement. When a work item is subsequently deleted, show the original estimated cost in the column marked difference and put a minus (-) in front of the dollar amount. Each time there is an increase or decrease in the dollar amount for a particular work item, it must be offset by a corresponding increase or decrease in another work item so that the total revised estimated cost is equal to the amount of the annual grant. When the cumulative total of additions equals or exceeds 10%, obtain prior HUD approval before awarding a contract for work that results in the major change. When this occurs, asterisk the work item and complete this form with the appropriate modifications and mark the box Revised Annual Statement/ Revision Number _____.

Funds Obligated-Funds Expended - At the end of each CGP program year for each annual grant with a separate Comprehensive Grant Number for which funds are still being expended, complete the section on Funds Obligated and Funds Expended.

Funds Obligated - In this column, for each development listed, enter the cumulative dollar amount of all funds obligated for that development (round to the nearest thousand) opposite the Original Estimated Cost subtotal. This includes funds obligated by the PHA/IHA for work to be performed by contract labor (i.e., contract award) and force account labor (i.e., work actually started). Funds that are recorded as being obligated shall remain obligated so that total funds obligated are always greater than or equal to total funds expended. Total funds obligated shall not exceed the amount of the annual grant. For each PHA-wide activity listed, enter the total amount of all funds obligated for that activity (round to the nearest thousand) opposite the Original Estimated Cost subtotal.

Funds Expended - In this column, for each development listed, enter the cumulative dollar amount of all funds expended for that development (round to the nearest thousand) opposite the Original Estimated Cost subtotal. For each PHA-wide activity listed, enter the dollar amount of funds expended for that activity (round to the nearest thousand) opposite the Original Estimated Cost subtotal.

Status of Proposed Work - At the end of each program year, complete this section and submit to HUD for the Performance and Evaluation Report. For each work item listed, prepare a brief description of the status of the item, e.g., work completed, contract awarded on 5/2/93, etc. Explain the addition, deletion or modification of any work items, such as the addition of any emergency work, and deviations within the 10% cap for major changes to the Annual Statement, any shifting of work from year two to year one of the approved Annual Statement.

Part III: Implementation Schedule:

Development Number/Name - Enter the abbreviated number (e.g., VA 36-1) and the name, if any, of each development listed on Part II. Enter "PHA-wide" for work items that relate to PHA-wide management improvements.

Implementation Schedule - Funds Obligated - Opposite each development and for each PHA-wide management improvement, enter the estimated quarter ending date for obligation of all funds under the Original column. (Note: - Provide an implementation schedule only for PHA-wide management improvements not for other PHA-wide activities, (e.g., administration, non-dwelling equipment). After initial approval by HUD, enter any revised quarter ending date for obligation of all funds under the Revised column. When all funds are obligated, enter the quarter ending date under the Actual column.

(Note: - Provide an implementation schedule only for PHA-wide management improvements not for other PHA-wide activities (e.g., administration, non-dwelling equipment). After initial approval by HUD, enter any revised quarter ending date for expenditure of all funds under the Revised column. When all funds are expended, enter the quarter ending date under the Actual column.

Reasons for Revised Target Date - Explain any revisions to the target dates for fund obligation or expenditure by specifying the valid delay outside of the PHA's control.
