The Honorable J. Dennis Hastert
Speaker of the House of
Representatives
Washington, D.C. 20515-6501

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act (AECA), as amended, we are forwarding herewith Transmittal No. 02-62 and under separate cover the classified offset certificate thereto. This Transmittal concerns the Department of the Navy's proposed Letter(s) of Offer and Acceptance (LOA) to Hungary for defense articles and service estimated to cost \$55 million. Soon after this letter is delivered to your office, we plan to notify the news media of the unclassified portion of this Transmittal.

Reporting of Offset Agreements in accordance with Section 36(b)(1)(C) of the Arms Export Control Act (AECA), as amended, requires a description of any offset agreement with respect to this proposed sale. Section 36(g) of the AECA, as amended, provides that reported information related to offset agreements be treated as confidential information in accordance with section 12(c) of the Export Administration Act of 1979 (50 U.S.C. App. 2411(c)). Information about offsets for this proposed sale is described in the enclosed confidential attachment.

Sincerely,

A handwritten signature in cursive script, reading "Richard J. Millies", is positioned above the printed name and title.

Richard J. Millies
Acting Director

POLICY JUSTIFICATION**Hungary – AIM-9M-8/9 Sidewinder Missiles**

The Government of the Republic of Hungary has requested a possible sale of 160 AIM-9M-8/9 Sidewinder missiles, training missiles, All-Up-Round containers, software integration, test and tool sets, support equipment, maintenance facilities, spare and repair parts, personnel training and equipment, publications, U.S. Government and contractor engineering and other related elements of logistics support. The estimated cost is \$55 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by improving the military capabilities of Hungary and further weapon system standardization and interoperability with U.S. forces. These missiles will enhance the Hungarian Air Force's air-to-air intercept defensive capability.

The proposed sale of this equipment and support will not affect the basic military balance in the region.

The prime contractor will be Raytheon Systems Corporation of Tucson, Arizona. One or more proposed offset agreements may be related to this proposed sale.

Implementation of this proposed sale will require the assignment of several U.S. Government and contractor representatives for one-week intervals to participate in program review and technical reviews to Hungary.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 02-62**Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act, as amended (U)****Annex
Item No. vii****(vii) Sensitivity of Technology:**

1. The external view of the AIM-9M-8/9 Sidewinder missile is Unclassified and not sensitive. Advanced technology included in the missile: Active Optical Target Detector (AOTD), Gyro Optics Assembly within the Guidance Control Section (GCS), Infrared Countermeasures (IRCM), Detection and Rejection Circuitry, and a reduced smoke rocket motor. The equipment/hardware, software, and maintenance are classified Confidential. Pilot training is classified Secret. Manuals and technical documents are classified Secret. Performance and operating information is classified Secret.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that could reduce overall effectiveness.

3. A determination has been made that Hungary can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.
