

governing inspection of records for this purpose and any other relevant (*i.e.* GSA or Commerce) directive. Such disclosure shall not be used to make determinations about individuals.

11. NMFS will make available to each NMFS-certified contractor a NMFS-generated final evaluation, containing the information described above, for each observer deployment made under contract with that contractor.

**POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**

**STORAGE:**

Electronic storage on computers or disk; paper records in file folders individually named and kept in secure file cabinets.

**RETRIEVABILITY:**

Observers are assigned observer numbers and "cruise" (or deployment) numbers. Documents can be electronically retrieved by observer name or observer number combined with cruise number and year of deployment. Contractors included in this system of records do not have electronic access to this information. Paper printouts of electronic records will be made by NMFS staff to transmit via fax to the contractors included in this system of records.

**SAFEGUARDS:**

Grounds and buildings employ security systems. Where electronic information is retrievable by terminal, all safeguards appropriate to secure the telecommunications system (hardware and software) are utilized. Paper records are maintained in secured file cabinets in areas that are accessible only to authorized personnel. NMFS-certified contractors, to whom access to this information is granted in accordance with this systems of records routine uses provision, are instructed on the confidential nature of this information.

**RETENTION AND DISPOSAL:**

Retention and disposal is in accordance with the National Archives Records Administration and the Department of Commerce record keeping procedures.

**SYSTEM MANAGER(S) AND ADDRESS:**

North Pacific Groundfish Observer Program Task Leader, Alaska Fisheries Science Center, North Pacific Groundfish Observer Program, 7600 Sand Point Way NE, BIN C15700, Building 4, Seattle, Washington, 98115-0070.

**NOTIFICATION PROCEDURE:**

Privacy Act information contained in this system of records may be requested from the system manager at the address above and must be approved by the Office of General Counsel, National Oceanic and Atmospheric Administration, Alaska Region. A requestor, including a NMFS-certified observer seeking information on himself or herself, should provide name, address, date of application, and record sought, pursuant to the inquiry provisions of the Department of Commerce's rules which appear in 15 CFR part 4b—Privacy Act.

**RECORD ACCESS PROCEDURES:**

Upon completion of each deployment debriefing, NMFS will fax a copy of the observer's final deployment evaluation to the observer's contracting company. The observer provider company must keep the observer evaluation record confidential and cannot release it without prior written release from the observer. Each observer is provided with a copy of his or her final evaluation upon completion of that debriefing. A request from a NMFS-certified observer for past evaluations should be addressed to the same address as stated in the notification section above.

**CONTESTING RECORD PROCEDURES:**

The Department's rules for access, for contesting contents, and for appealing initial determinations by the individual concerned appear in 15 CFR part 4b—Privacy Act.

**RECORD SOURCE CATEGORIES:**

NMFS-certified observers and North Pacific Groundfish Observer Program staff.

Dated: October 9, 2002.

**DEPARTMENT OF COMMERCE**

**Foreign-Trade Zones Board**

**[Docket 39-2002]**

**Foreign-Trade Zone 143—Sacramento, CA; Application for Foreign-Trade Subzone Status, Flint Ink North America Corporation (Pigments, Inks, and Varnish Products), West Sacramento, CA**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Sacramento-Yolo Port

District, grantee of FTZ 143, requesting special-purpose subzone status for the manufacturing and distribution facilities (pigments, inks, and varnish products) of Flint Ink North America Corporation (Flint Ink) in West Sacramento, California. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 7, 2002.

The Flint Ink facilities are located at 1115 Shore Street, West Sacramento, California (65.824 square feet of enclosed space on 4 acres). The facilities (28 employees) are used to manufacture, test, package, and warehouse pigments, inks, and varnish products primarily for use by the graphic arts industry.

Foreign-sourced materials account for approximately 10 to 50 percent of the finished-product value of Flint Ink's current products, and may include items from the following categories: Petroleum oils and mineral oils, distillates; hydrogen chloride and chlorosulfuric acid; sodium and potassium hydroxides; chlorides, chloride oxides, chloride hydroxides, bromides, bromide oxides, iodides and iodide oxides; nitrites and nitrates; acyclic alcohols and their derivatives; phenols and phenol-alcohols; ketones, quinines, and their derivatives; polycarboxylic acids and their derivatives; carboxylic acids and their derivatives; amine function compounds; carboxamide-function compounds and amide-function compounds of carbonic acid; heterocyclic compounds, and nucleic acids and their salts; nucleic acids and their salts, and other heterocyclic compounds; synthetic organic coloring matter, preparations based thereon, and synthetic organic products used as fluorescent brightening agents or luminophores; other coloring matter; printing ink, writing or drawing ink, and other inks; artificial waxes and prepared waxes; rosin, resin, and derivatives thereof; reaction initiators, reaction accelerators, and catalytic preparations; polymers of vinyl chloride or other halogenated olefins in primary forms; polymers of vinyl acetate or other vinyl esters, and other vinyl polymers, in primary forms; petroleum resins, coumarone-indene resins, polyterpenes, polysulfides, polysulfones, and other products in primary forms; and cellulose and its chemical derivatives in primary forms.

Zone procedures would allow the company to choose the duty rates that apply to the finished products (the primary initial finished product has a duty rate of 1.8% *ad valorem*; potential finished products have rates ranging

from duty-free to 9.2%) rather than the duty rates that would otherwise apply to the foreign-sourced materials noted above (duty-free to 9.2%; average of 7%). This savings from inverted tariffs would be the primary benefit derived from subzone status. FTZ procedures would also exempt Flint Ink from Customs duty payments on foreign materials used in production for export. In addition, Flint Ink states that it would realize logistical/procedural and other benefits. FTZ status may also make a site eligible for benefits provided under state/local programs. The application indicates that the savings from zone procedures will help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board. Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. Submissions Via Express/Package Delivery Services: Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. Submissions Via the U.S. Postal Service: Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is December 16, 2002. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 31, 2002.

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 917 7th Street, 2nd Floor, Sacramento, CA 95814.

Dated: October 10, 2002.

## DEPARTMENT OF COMMERCE

### Foreign-Trade Zones Board

[Docket 40-2002]

#### **Foreign-Trade Zone 170—Indianapolis, IN; Application for Foreign-Trade Subzone Status, Flint Ink North America Corporation (Pigments, Inks, and Varnish Products), New Albany, IN**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Indiana Port Commission, grantee of FTZ 170, requesting special-purpose subzone status for the manufacturing and distribution facilities (pigments, inks, and varnish products) of Flint Ink North America Corporation (Flint Ink) in New Albany, Indiana. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 7, 2002.

The Flint Ink facilities are located at 800 Industrial Boulevard, New Albany, Indiana (53,000 square feet of enclosed space on 14.05 acres). The facilities (55 employees) are used to manufacture, test, package, and warehouse pigments, inks, and varnish products primarily for use by the graphic arts industry.

Foreign-sourced materials account for approximately 10 to 50 percent of the finished-product value of Flint Ink's current products, and may include items from the following categories: petroleum oils and mineral oils, distillates; hydrogen chloride and chlorosulfuric acid; sodium and potassium hydroxides; chlorides, chloride oxides, chloride hydroxides, bromides, bromide oxides, iodides and iodide oxides; nitrites and nitrates; acyclic alcohols and their derivatives; phenols and phenol-alcohols; ketones, quinines, and their derivatives; polycarboxylic acids and their derivatives; carboxylic acids and their derivatives; amine function compounds; carboxamide-function compounds and amide-function compounds of carbonic acid; heterocyclic compounds, and nucleic acids and their salts; nucleic acids and their salts, and other heterocyclic compounds; synthetic organic coloring matter, preparations based thereon, and synthetic organic products used as fluorescent brightening agents or luminophores; other coloring matter; printing ink, writing or drawing ink, and other inks; artificial waxes and prepared waxes; rosin, resin, and derivatives thereof; reaction initiators, reaction accelerators, and catalytic preparations; polymers of vinyl chloride or other halogenated olefins in primary

forms; polymers of vinyl acetate or other vinyl esters, and other vinyl polymers, in primary forms; petroleum resins, coumarone-indene resins, polyterpenes, polysulfides, polysulfones, and other products in primary forms; and cellulose and its chemical derivatives in primary forms.

Zone procedures would allow the company to choose the duty rates that apply to the finished products (the primary initial finished product has a duty rate of 1.8% *ad valorem*; potential finished products have rates ranging from duty-free to 9.2%) rather than the duty rates that would otherwise apply to the foreign-sourced materials noted above (duty-free to 9.2%; average of 7%). This savings from inverted tariffs would be the primary benefit derived from subzone status. FTZ procedures would also exempt Flint Ink from Customs duty payments on foreign materials used in production for export. In addition, Flint Ink states that it would realize logistical/procedural and other benefits. FTZ status may also make a site eligible for benefits provided under state/local programs. The application indicates that the savings from zone procedures will help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board. Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. Submissions Via Express/Package Delivery Services: Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. Submissions Via the U.S. Postal Service: Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is December 16, 2002. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 31, 2002.

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 11405 North Pennsylvania Street, Suite 106, Carmel, IN 46032.
