Committee for the Implementation of Textile Agreements

October 10, 2002.

Commissioner of Customs,
Department of the Treasury, Washington, DC 20229.

Dear Commissioner: Pursuant to section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); Executive Order 11651 of March 3, 1972, as amended; and the Uruguay Round Agreement on Textiles and Clothing (ATC), you are directed to prohibit, effective on January 1, 2003, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton, wool and man-made fiber textile products in the following categories, produced or manufactured in Costa Rica and exported during the twelve-month period beginning on January 1, 2003 and extending through December 31, 2003, in excess of the following restraint limits:

Category	Twelve-month limit
340/640	1,728,466 dozen.
342/642	638,074 dozen.
347/348	2,912,850 dozen.
443	234,722 numbers.
447	12,655 dozen.

The limits set forth above are subject to adjustment pursuant to the provisions of the ATC and administrative arrangements notified to the Textiles Monitoring Body.

Products in the above categories exported during 2002 shall be charged to the applicable category limits for that year (see directive dated October 25, 2001) to the extent of any unfilled balances. In the event the limits established for that period have been exhausted by previous entries, such products shall be charged to the limits set forth in this directive.

Also pursuant to the ATC, and under the terms of the Special Access Program, as set forth in 63 FR 16474 (April 3, 1998), you are

directed to establish guaranteed access levels for properly certified cotton, wool and man-made fiber textile products in the following categories which are assembled in Costa Rica from fabric formed and cut in the United States and re-exported to the United States from Costa Rica during the period beginning on January 1, 2003 and extending through December 31, 2003:

Category	Guaranteed access level
340/640	650,000 dozen.
342/642	250,000 dozen.
347/348	1,500,000 dozen.
443	200,000 numbers.
447	4,000 dozen.

Any shipment for entry under the Special Access Program which is not accompanied by a valid and correct certification in accordance with the provisions of the certification requirements established in the directive of May 15, 1990 (55 FR 21074), as amended, shall be denied entry unless the Government of Costa Rica authorizes the entry and any charges to the appropriate specific limit. Any shipment which is declared for entry under the Special Access Program but found not to qualify shall be denied entry into the United States.

These specific limits and guaranteed access levels do not apply to goods that qualify for quota-free entry under the Trade and Development Act of 2000.

In carrying out the above directions, the Commissioner of Customs should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception of the rulemaking provisions of U.S.C.553(a)(1).

Sincerely,
James C. Leonard III,
Chairman, Committee for the Implementation of Textile Agreements.
