Health Professions Preparatory, Pregraduate and Indian Health Professions Scholarship Programs

AGENCY: Indian Health Service, HHS.

ACTION: Notice of Availability of Funds for Health Professions Preparatory, Pregraduate and Indian Health Professions Scholarship Programs for Fiscal Year (FY) 2003.

SUMMARY: The Indian Health Service (IHS) is publishing a Notice of Availability of Funds for Health Professions Preparatory, Pregraduate and Indian Health Professions Scholarship Programs for Fiscal Year (FY) 2003.

The IHS announces the availability of approximately \$3,750,000 to fund scholarships for the Health Professions Preparatory, and Pregraduate Scholarship Programs for FY 2003

awards. These programs are authorized by section 103 of the Indian Health Care Improvement Act (IHCIA), Public Law 94-437, as amended by Public Law 100-713, Public Law 102-573, and Public Law 104-313.

The Indian Health Scholarship (Professions), authorized by section 104 of the IHCIA, Public Law 94-437, as amended by Public Law 100-713, by Public Law 102-573, and by Public Law 104-313 has approximately \$8,215,500 available for FY 2003 awards.

Full-time and part-time scholarships will be funded for each of the three scholarship programs.

The Indian Health Professions Preparatory Scholarship is listed as No. 93.123 in the Office of Management and Budget *Catalog of Federal Domestic Assistance* (CFDA). The Health Professions Pregraduate Scholarship is listed as No. 93.971, and the Indian Health Scholarship (Professions) is listed as No. 93.972 in the CFDA.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of *Healthy People 2010*, a PHS-led activity for setting priority areas. This program announcement is related to the priority area of Education and Community-Based Programs. Potential applicants may obtain a copy of *Healthy People 2010*, (Full Report,

Stock No. 017-001-00474-0) or *Healthy People 2010*, (Summary Report; Stock No. 017-001-00473-1) through the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402-9325 (Telephone 202-783-3238).

DATES: The application deadline for both new and continuing applicants is February 28, 2003. If February 28 falls on the week-end, the application will be due on the following Monday. Applications shall be considered as meeting the deadline if they are received by the appropriate Scholarship Coordinator on the deadline date or postmarked on or before the deadline date. (Applicants should request a legibly dated U.S. Postal Service postmark or obtain a legibly dated receipt from a commercial carrier or U.S. Postal Service. Private metered postmarks shall not be accepted as proof of timely mailing.) Applications received after the announced closing date will be returned to the applicant and will not be considered for funding.

ADDRESSES: Application packets may be obtained by calling or writing to the addresses listed below. The application form number is IHS 856, 856-2 through 856-8, 815, 816, 818 (approved under OMB No. 0917-0006 (expires 12/31/2004)).

A. General Program Purpose: These grants programs are intended to encourage American Indians and Alaska Natives to enter the health professions and to assure the availability of Indian health professionals to serve Indians.

B. Eligibility Requirements: 1. The Health Professions Preparatory Scholarship awards are made to American Indians or Alaska Natives who meet the criteria in section 4(c) of the IHCA, as amended, who have successfully completed high school education or high school equivalency and who have been accepted for enrollment in a compensatory, pre-professional general education course or curriculum. Support is limited to 2 years for full-time students and the part-time equivalent of 2 years not to exceed 4 years for part-time students.

2. The Health Professions Pregraduate Scholarship awards are made to American Indians or Alaska Natives who meet the criteria in section 4(c) of the IHCA, as amended, who have successfully completed high school education or high school equivalency and who have been accepted for enrollment or are enrolled in an accredited pregraduate program leading to a baccalaureate degree in pre-medicine or pre-dentistry. Support is limited to 4 years for full-time students and the part-time equivalent of 4 years not to exceed 8 years for part-time students.

3. The Indian Health Scholarship (Professions) may be awarded only to an individual who is a member of a federally recognized tribe as provided by section 104, 4(c), and 4(d) of the

IHCA. Membership in a Tribe recognized only by a state does not meet this statutory requirement. To receive an Indian Health Scholarship (Professions) an otherwise eligible individual must be enrolled in an appropriately accredited school and pursuing a course of study in a health profession as defined by section 4(n) of the IHCA. Support is limited to 4 years for full time students and the part-time equivalent of 4 years not to exceed 8 years for part-time students.

Awards for the Indian Health Scholarships (Professions) will be made in accordance with 42 CFR 36.330. Recipients shall incur a service obligation prescribed under section 338C of the Public Health Service Act (43 U.S.C. 244m) which shall be met by service:

- (1) In Indian Health Service;
- (2) In a program conducted under a contract or compact entered into under the Indian Self-Determination Act;
- (3) In a program assisted under Title V of the Indian Health Care Improvement Act (Pub. L. 94-437) and its amendments; and
- (4) In private practice of his or her profession, if the practice (a) is situated in a health professional shortage area, designated in regulations promulgated by the Secretary and (b) addresses the health care needs of a substantial number of Indians as determined by the Secretary in accordance with guidelines of the Service;

Pursuant to the Indian Health Amendments of 1992 (Pub. L. 104-313), a recipient of an Indian Health Professions Scholarship may, at the election of the recipient, meet his/her active duty service obligation prescribed under section 338c of the Public Health Service Act (42 U.S.C. 254m) by a program specified in options (1)-(4) above that:

- (i) Is located on the reservation of the Tribe in which the recipient is enrolled; or
- (ii) Serves the Tribe in which the recipient is enrolled.

In summary, all recipients of the Indian Health Scholarship (Professions) are reminded that recipients of this scholarship incur a service obligation. Moreover, this obligation shall be served at a facility determined by the Director, IHS, consistent with IHCA, Pub. L. 94-437, as amended by Pub. L. 100-713, and Pub. L. 102-573.

C. Fund Availability: Both part-time and full-time scholarship awards will be made in accordance with regulations at 42 CFR part 36.320, incorporated in the application materials, for Health Professions Preparatory Scholarship Program for Indians and 42 CFR part 36.370, incorporated in the application materials, for Health Professions Pregraduate Scholarship Program for Indians. Approximately 238 awards, 100 of which are continuing, will be made under the Health Professions Preparatory and Pregraduate Scholarship Programs for Indians. The awards are for 10 months in duration and the average award to a full-time student is approximately \$18,000. In FY 2003, approximately \$1,500,000 is available for continuation awards and approximately \$2,250,000 is available for new awards.

Approximately 393 awards, 179 of which are continuing, will be made under the Indian Health Scholarship (Professions) Program. Awards will be made to both full-time and part-time students. The awards are for 12 months in duration and the average award to a full-time student is for approximately \$23,000. In FY 2003, approximately \$3,410,000 is available for continuation awards, and \$4,485,000 is available for new awards.

No more than 5% of available funds will be used for part-time scholarships this fiscal year. Students are considered part-time if they are enrolled for a minimum of 6 hours of instruction and are not considered in full-time status by their college/university. Documentation must be received from part-time applicants that their school and course curriculum allows less than full-time status.

D. Criteria for Evaluation: Applications will be evaluated against the following criteria:

1. Needs of the IHS. Applicants are considered for scholarship awards based on their desired career goals and how these goals relate to current Indian health manpower needs. Applications for each health career category are reviewed and ranked separately.

2. Academic Performance. Applicants are rated according to their academic performance as evidenced by transcripts and faculty evaluations. In cases where a particular applicant's school has a policy not to rank students academically, faculty members are

asked to provide a personal judgment of the applicant's achievement. Health Professions applicants with a cumulative GPA below 2.0 are not eligible to apply.

3. Faculty/Employer

Recommendations. Applicants are rated according to evaluations by faculty members and current and/or former employers regarding the applicant's potential in the chosen health related professions.

4. Stated Reasons for Asking for the Scholarship and Stated Career Goals. Applicants must provide a brief written explanation of reasons for asking for the scholarship and of career goals. The applicant's narrative will be judged on how well it is written and content.

5. Applicants who are closest to graduation or completion are awarded first. For example, senior and junior applicants under the Health Professions Pregraduate Scholarship receive funding before freshmen and sophomores.

E. *Priority Categories*: Regulations at 42 CFR part 36.304 provide that the IHS shall, from time to time, publish a list of health professions eligible for consideration for the award of Indian Health Professions Preparatory and Pregraduate scholarships and Indian Health Scholarships (Professions). Section 104(b)(1) of the IHCA, as amended by the Indian Health Care Amendment of 1988, Pub. L. 100-713, authorizes the IHS to determine specific health professions for which Indian Health Scholarships will be awarded. Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Drug and Alcohol Services Information System (DASIS)—(OMB No. 0930-0106, Revision)—The DASIS consists of three related data systems: The Inventory of Substance Abuse Treatment Services (I-SATS); the National Survey of Substance Abuse Treatment Services (N-SSATS), and the Treatment Episode Data Set (TEDS). The I-SATS includes all substance abuse treatment facilities known to SAMHSA. The N-SSATS is an annual survey of all substance abuse treatment facilities listed in the I-SATS. The TEDS is a compilation of client-level admission data and discharge data submitted by States on clients treated in facilities that receive State funds. Together, the three DASIS components provide information on the location, scope and characteristics of all known drug and alcohol treatment facilities in the United States, the number of persons in treatment, and the characteristics of clients receiving services at publicly-funded facilities. This information is needed to assess the nature and extent of these resources, to identify gaps in services, to provide a database for treatment referrals, and to assess demographic and substance-related trends in treatment.

The request for OMB approval includes only modest changes to the 2003 N-SSATS questionnaire, including the addition of buprenorphine to the pharmacotherapies list, the addition of beds for children of clients in treatment to the "other services" list, and the addition of a question to obtain outpatient treatment capacity to the outpatient treatment section. The
