

The Northwest Mountain Region, Airports Division, Federal Aviation Administration (FAA), announces it has extended, until December 9, 2002, the scoping comment period pertaining the FAA Notice of Intent to prepare Draft and Final Environmental Impact Statements (EIS) for the construction of a replacement airport at St. George, Utah.

Background

On January 30, 2001, the Federal Aviation Administration (FAA) issued a Record of Decision/Finding of No Significant Impact document for the construction of a replacement airport at St. George, Utah. On December 22, 2001, the Grand Canyon Trust filed suit against the FAA in the U.S. Circuit Court of Appeals for the District of Columbia Circuit. On May 24, 2002, the court issued its decision on the issues. In summary, the court found that "the FAA must evaluate the cumulative impact of noise pollution of the Park (Zion National Park) as a result of construction of the proposed replacement airport in light of air traffic near and over the Park, from whatever airport, air tours near or in the Park, and the acoustical data collected by the NPS in the Park in 1995 and 1998 mentioned in comments on the draft Environmental Assessment (EA)". The court remanded the case [to the FAA] "because the record is insufficient for the court to determine whether an EIS is required".

The purpose of the Draft and final EIS's will be to address the court's issues and any other environmental issues that have changed since issuance of the final environmental assessment in January of 2001.

In previously issued notices (**Federal Register** and *The Spectrum Newspaper*, St. George, Utah) some misunderstanding may have existed regarding the use of the word "Park" in the Background text. This notice clarifies that the Park in question is Zion National Park. Further, the FAA has extended the scoping comment period until December 9, 2002, to insure an adequate comment period with a clear understanding that the "Park" is Zion National Park.

Proposed Action and Alternatives

The proposed action is the construction of a replacement airport at St. George, Utah. Alternatives to be evaluated include:

- a. No-Build (continue using the existing airport as is).
- b. Build a replacement airport at the preferred site (which is a combination of alternative sites 1 and 1A), and

c. Alternative sites 1, 1A, and 2 as described on pages 32–40 of the final EA.

Scoping Process

The proposed action was the subject of a Final Environmental Assessment (FEA) report prepared in January 2001. Persons wishing to review the FEA in order to better understand the proposed action or provide comments regarding environmental concerns may review the FEA at the following locations:

Federal Aviation Administration,
Airports Division, ANM-600, 1601

[STB Finance Docket No. 34264]

Connotton Valley Railway, Inc.—Lease and Operation Exemption—Wheeling & Lake Erie Railway Company

Connotton Valley Railway, Inc. (CVR), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to lease and operate, pursuant to an agreement with Wheeling & Lake Erie Railway Company (W&LE),

approximately 10.4 miles of rail line. The line extends from milepost 5.1 in Cleveland, OH, to milepost 15.5 at Falls Junction, in Glenwillow, OH (including access to the yard at Falls Junction and all existing siding and run-around tracks within and between said points). CVR certifies that its projected annual revenues as a result of this transaction will not exceed those that would qualify it as a Class III rail carrier, and further certifies that its projected annual revenues will not exceed \$5 million.

The parties report that they intend to consummate the transaction on or after the effective date of the exemption. The earliest the transaction could have been consummated was October 15, 2002 (7 days after the exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34264, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Barbara Williams, 14 South Main Street, PO Box 261, West Salem, OH 44287.
