

I. Other Requirements

Technical Reporting Requirements

Provide CDC with original plus two copies of:

1. Interim progress report, due on July 2 of each year. The progress report will serve as your non-competing continuation application, and must contain the following elements:

a. Current Budget Period Activities Objectives.

b. Current Budget Period Financial Progress.

c. New Budget Period Program Proposed Activity Objectives.

d. Detailed Line-Item Budget and Justification.

e. Additional Requested Information. 2. Financial status report, due December 29 of each year.

3. Final financial and performance reports, no more than 90 days after the end of the project period.

Send all reports to the Grants Management Specialist identified in the "Where to Obtain Additional Information" section of this announcement.

Additional Requirements

The following additional requirements are applicable to this program. For a complete description of each, see Attachment I of the program announcement, as posted on the CDC Web site:

AR-1 Human Subjects Requirements

AR-2 Requirements for Inclusion of Women and Racial and Ethnic Minorities in Research

AR-9 Paperwork Reduction Act Requirements Projects that involve the collection of information from 10 or more persons and that are funded by cooperative agreements will be subject to review and approval by the Office of Management and Budget (OMB.)

AR-10 Smoke-Free Workplace Requirements

AR-11 Healthy People 2010

AR-12 Lobbying Restrictions

AR-13 Prohibition on Use of CDC Funds for Certain Gun Control Activities

AR-21 Small, Minority, Women-Owned Businesses

AR-22 Research Integrity

Executive Order 12372 does not apply to this program.

J. Where To Obtain Additional Information

This and other CDC announcements, the necessary applications, and associated forms can be found on the CDC Web site, Internet address: <http://www.cdc.gov>.

Click on "Funding" then "Grants and Cooperative Agreements".

For general questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: 770-488-2700.

For business management and budget assistance, contact: Van A. King, Grants Management, Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: (770) 488-2751, E-mail address: Vking@cdc.gov.

For program technical assistance, contact: Leroy Frazier, Jr., MSPH, CHES, Division of Violence Prevention, National Center for Injury Prevention and Control, Centers for Disease Control and Prevention, 4770 Buford Hwy, NE, MS K60, Atlanta, GA 30341, Telephone number: (770) 488-1507, E-mail address: Lfrazier1@cdc.gov.

Dated: February 24, 2003.

Sandra R. Manning,

CGFM, Director, Procurement and Grants Office, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Information Collection To Be Submitted to the Office of Management and Budget (OMB) for Approval Under the Paperwork Reduction Act; Alaska Subsistence Household Survey

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; request for comments.

SUMMARY: The U.S. Fish and Wildlife Service will submit the collection of information listed below to OMB for approval under the provisions of the Paperwork Reduction Act. A copy of the information collection requirement is included in this notice. If you wish to obtain copies of the proposed information collection requirement, related forms, and explanatory material, contact the Service Information Collection Officer at the address listed below.

DATES: Submit comments on or before May 2, 2003.

ADDRESSES: Send your comments on the requirement to Anissa Craghead, Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222-ARLSQ, 4401 N. Fairfax Drive, Arlington, VA 22203.

FOR FURTHER INFORMATION CONTACT: To request a copy of the information collection request, explanatory information, and related forms, contact Anissa Craghead by phone at (703) 358-2445 or by e-mail at anissa_craghead@fws.gov.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), require that interested parties and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see CFR 1320.8(d)). The U.S. Fish and Wildlife Service (we, or the Service) plans to submit a request to OMB for approval of a collection of information related to the subsistence migratory bird harvest in Alaska. We are requesting a 3-year term of approval for this collection activity.

Federal agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The Migratory Bird Treaty Act (16 U.S.C. 703-712) and the Fish and Wildlife Act of 1956 (16 U.S.C. 742d) designate the Department of the Interior as the key agency responsible for the management of migratory bird populations frequenting the United States and for the setting of harvest regulations that allow for the conservation of those populations. These responsibilities include gathering accurate geographical and temporal data on various characteristics of migratory bird harvest. We use that data to promulgate harvest regulations. Annually, we adjust harvest regulations as needed to provide a maximum of subsistence harvest opportunity while keeping migratory bird populations at desired levels.

The Migratory Bird Treaty Act Protocol Amendment (1995) (Amendment) provides for the customary and traditional use of migratory birds and their eggs for subsistence use by indigenous inhabitants of Alaska. The Amendment, however, states that it is not the intent of the Amendment to cause significant increases in the take of species of migratory birds relative to their continental population sizes. A May 20, 1996, letter of submittal from the Department of State to the White House, which officially accompanied the Amendment, specifies the need for harvest monitoring and states that harvest estimates will be collected cooperatively by the Service, the State

Department of Fish and Game, and Native organizations within the subsistence eligible areas. Harvest survey data help ensure that customary and traditional use of migratory birds and their eggs for subsistence use by indigenous inhabitants of Alaska does not significantly increase the take of species of migratory birds relative to their continental population sizes.

We have monitored the subsistence harvest in Alaska for the past 14 years through the use of annual household surveys in the most heavily used subsistence harvest areas (e.g., Yukon-Kuskokwim Delta). Continuation of this monitoring would enable tracking of any significant changes or trends in levels of harvest and user participation after legalization of the harvest. The harvest survey method and forms that we used to collect information were not approved by the Office of Management and Budget (OMB). We are initiating the process to request OMB approval of these forms through this publication and to request public comment on this information collection. We will not conduct or sponsor any surveys until we obtain OMB approval of this information collection.

This collection helped, and would help, us gather information on the annual subsistence harvests of 49 species of birds, including geese, ducks, swans, cranes, loons, seabirds, shorebirds, and upland game birds. The survey was, and would be, conducted by local village resident surveyors in the subsistence-eligible areas of Alaska, under the guidance of Service employees and contractors (such as native organizations and the Alaska Department of Fish and Game). The local village surveyors annually provided, and would provide, us lists of all households in each village. Randomly selected households then received, and would receive, survey forms from the village surveyor. The household either completed, and would complete, the form independently, or the village surveyor helped, and would help, the household complete the form. Forms were then, and would be, turned in to us. The resulting estimates of harvest per household were, and would be, combined with the complete list of households in the subsistence-eligible areas to provide estimates of the total annual harvest of the 49 species of birds.

We used, and would use, four forms to collect this information. They are described below.

Title: List of All Occupied Households, with Hunting Category Noted.

Approval Number: 1018-xxxx.

Form number: 7-FW-100.

Frequency of Collection: Once per year.

Description of Respondents: Local village surveyors.

Total Annual Responses: 188. We estimate one form for each of the 188 communities, which amounts to 188 forms annually.

Total Annual Burden Hours: 433 hours. We estimate the reporting burden at one minute for each of the total 26,000 households in 188 communities, or 433 hours total.

Note: This form is maintained by the local village surveyor. This form does not record, nor is it arranged or retrieved, by personal identifier.

Title: Households Separated by Hunting Category.

Approval Number: 1018-xxxx.

Form number: 7-FW-101.

Frequency of Collection: Once per year.

Description of Respondents: Local village surveyors.

Total Annual Responses: 188. We estimate one form for each of the 188 communities, which amounts to 188 forms annually.

Total Annual Burden Hours: 94 hours. We estimate it takes each surveyor an average of one-half hour to transfer the information from Form 7-FW-100 to Form 7-FW-101. With an estimated 188 surveyors in up to 188 communities, we estimate 94 hours total annual burden.

Note: The local village surveyor provides this form to us. This form does not record, nor is it arranged or retrieved, by personal identifier.

Title: Permission Slip for Participation in the Survey.

Approval Number: 1018-xxxx.

Form number: 7-FW-102.

Frequency of Collection: Once per year.

Description of Respondents: Households within the subsistence eligible areas of Alaska (Alaska Peninsula, Kodiak Archipelago, the Aleutian Islands, or in areas north and west of the Alaska Range (50 CFR part 92.5)).

Total Annual Responses: 16,000. We estimate up to 13,000 of the approximately 26,000 households in the subsistence eligible areas, will participate in the survey. Up to 16,000 households will have to be asked permission in order to get a sample size of 13,000 households.

Total Annual Burden Hours: 1,333 hours. It will take the surveyor an average of 5 minutes per household to determine whether or not that household agrees to participate in the

subsistence harvest survey. With an estimated 16,000 households responding to the permission slip, this amounts to 1,333 hours total annual burden.

Note: This form is maintained by the local village surveyor. The surveyor asks each household if that household will participate in the subsistence harvest survey. The surveyor then notes a "yes" or a "no" on a permission slip. Each household with a "yes" permission slip is given a survey form (described below). This form does not record, nor is it arranged or retrieved, by personal identifier.

Title: Migratory Bird Subsistence Harvest Household Survey.

Approval Number: 1018-xxxx.

Form number: 7-FW-103.

Frequency of Collection: Three times per year—spring, summer, and fall.

Description of Respondents: Households within the subsistence eligible areas of Alaska (Alaska Peninsula, Kodiak Archipelago, the Aleutian Islands, or in areas north and west of the Alaska Range (50 CFR part 92.5)).

Total Annual Responses: 13,000. We estimate up to 13,000 of the approximately 26,000 households in the subsistence eligible areas will participate in the survey.

Total Annual Burden Hours: 3,250 hours. We estimate the reporting burden to average 5 minutes per respondent for the Migratory Bird Subsistence Harvest Household Survey. With an estimated 13,000 respondents filling out the form three times annually, the annual burden hours total 3,250 hours.

Note: The local village surveyor provides completed survey forms to us. The survey form consists of three pages, one page each for spring, summer, and fall. Each page has 51 bird illustrations, with spaces beside each illustration to mark down numbers of birds and eggs taken. This form does not record, nor is it arranged or retrieved, by personal identifier; the household number is written on each page of the survey form, along with a village number. The results of this annual survey help us understand the effect of subsistence hunting on migratory bird populations, while also evaluating the effects of newly established spring/summer season dates, species closures, and methods and means prohibitions.

We invite comments on this proposed information collection on the following: (1) Whether the collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) the accuracy of our estimate of the burden of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be

collected; and (4) ways to minimize the burden of the collection on respondents.

Dated: February 24, 2003.

Anissa Craghead,

Information Collection Officer, Fish and Wildlife Service.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Receipt of Applications for Permit

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of applications for permit.

SUMMARY: The public is invited to comment on the following applications to conduct certain activities with endangered species and/or marine mammals.

DATES: Written data, comments or requests must be received by April 2, 2003.

ADDRESSES: Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice to: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203; fax 703/358-2281.

FOR FURTHER INFORMATION CONTACT: Division of Management Authority, telephone 703/358-2104.

SUPPLEMENTARY INFORMATION:

Endangered Species

The public is invited to comment on the following application(s) for a permit to conduct certain activities with endangered species. This notice is provided pursuant to Section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, *et seq.*). Written data, comments, or requests for copies of these complete applications should be submitted to the Director (address above).

PRT-067283

Applicant: Ralph A. Musella, Arbutus, MD.

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (*Damaliscus pygargus dorcus*) culled from a captive herd maintained under the management

program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

PRT-066261

Applicant: Zoo New England, Boston, MA.

The applicant requests a permit to import one male and one female captive born jaguar (*Panthera onca*) from Zoologico La Jungla, Parque Recreativo Urban (Irtra) Petapa, Ciudad de Guatemala, Guatemala, for the purpose of enhancement of the survival of the species through conservation education and captive breeding.

PRT-066262

Applicant: Tulsa Zoological Park, Tulsa, OK.

The applicant requests a permit to import one male captive born jaguar (*Panthera onca*) from Zoologico La Jungla, Parque Recreativo Urban (Irtra) Petapa, Ciudad de Guatemala, Guatemala, for the purpose of enhancement of the survival of the species through conservation education and captive breeding.

PRT-066263

Applicant: Akron Zoological Park, Akron, OH.

The applicant requests a permit to import one male captive born jaguar (*Panthera onca*) from Zoologico La Jungla, Parque Recreativo Urban (Irtra) Petapa, Ciudad de Guatemala, Guatemala, for the purpose of enhancement of the survival of the species through conservation education and captive breeding.

Marine Mammals

The public is invited to comment on the following applications for a permit to conduct certain activities with marine mammals. The applications were submitted to satisfy requirements of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*) and the regulations governing marine mammals (50 CFR part 18). Written data, comments, or requests for copies of the complete applications or requests for a public hearing on these applications should be submitted to the Director (address above). Anyone requesting a hearing should give specific reasons why a hearing would be appropriate. The holding of such a hearing is at the discretion of the Director.

PRT-067553

Applicant: Daniel R. Kehoe, Moline, IL.

The applicant requests a permit to import a polar bear (*Ursus maritimus*)

sport hunted from the Western Hudson Bay polar bear population in Canada, for personal use.

PRT-067142

Applicant: Ricky H. Jackson, Thomasville, NC.

The applicant requests a permit to import a polar bear (*Ursus maritimus*) sport hunted from the Foxe Basin polar bear population in Canada, prior to April 30, 1994, for personal use.

The U.S. Fish and Wildlife Service has information collection approval from OMB through March 31, 2004, OMB Control Number 1018-0093. Federal Agencies may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a current valid OMB control number.

Dated: February 7, 2003.

Michael S. Moore,

Senior Permit Biologist, Branch of Permits, Division of Management Authority.
