Administration****Workforce Investment Act, 1998**

AGENCY: Employment and Training Administration.

ACTION: Notice on reallocation of Workforce Investment Act (WIA) Title I formula allotted funds for dislocated worker activities for program year (PY) 2002.

SUMMARY: Pub. L. 105-220, the Workforce Investment Act (WIA), requires the Secretary to conduct reallocation of dislocated worker formula allotted funds based on state financial reports submitted as of the end of the prior program year. This notice publishes the dislocated worker PY 2002 funds for recapture by state and the amount to be reallocated to eligible states.

EFFECTIVE DATE: This notice is effective April 2, 2003.

FOR FURTHER INFORMATION CONTACT: Ms. Grace Kilbane, Administrator, U.S. Department of Labor, Office of Workforce Investment, Employment and Training Administration, Room S-4231, 200 Constitution Avenue, NW., Washington, DC. Telephone (202) 693-3200; Fax (202) 693-3229.

SUPPLEMENTARY INFORMATION: WIA section 132(c) requires the Secretary to reallocate excess unobligated dislocated worker funds based on financial reports submitted by states as of the end of the prior program year. The procedures the Secretary uses for recapture and reallocation of funds are described in WIA regulation at 20 CFR 667.150. Training and Employment Guidance Letter (TEGL) 13-01, dated March 15, 2002, advised states that reallocation of funds under WIA will occur during PY 2002 based on state obligations made in PY 2001. There were no recapture and reallocation of WIA funds in PY 2001.

Excess unobligated state funds in the amount of \$2,867,639 will be recaptured from PY 2002 formula allotted funds for the dislocated worker program from four states and distributed by formula to PY 2002 dislocated worker funds for eligible states. The methodology used for the recapture/reallocation and the distribution of the changes to PY 2002 formula allotments for dislocated worker activities are attached. We will not recapture any PY 2002 funds for Adult and Youth programs because in no case do unobligated funds exceed the statutory requirement of 20 percent of state unobligated funds.

WIA section 132(c) requires the Governor to prescribe equitable procedures for making funds available from the state and local areas in the

event that the state is required to make funds available for reallocation.

Signed at Washington, DC, this 6th day of February, 2003.

Investment.*

Reallotment calculations:

- (1) Each State's obligated balance of PY 2001 (including FY 2002) funds for the Dislocated Worker (DW) program is calculated. State obligations are considered to be the total of the estimated DW share of statewide activities obligations, Rapid Response obligations, 100% of local DW program authorized, and 100% of estimated DW portion of local admin authorized. The DW total unobligated balance is the DW 2000 allotment amount less the calculated total DW obligations. (Navajo Nation funds are added back to the New Mexico and Arizona for reallotment purposes and treated like a local area.)
- (2) Section 667.150 of the regulations provide that the reallotment calculations exclude the reserve for State administration. Therefore, additional data on State administrative amounts included in the PY 2001 and FY 2002 Statewide Activities amounts authorized and obligated as of 6/30/02 are obtained (not normally available on WIA financial reports) from the States potentially liable for recapture.
- (3) For those States potentially liable for recapture, the DW portion of the State administrative amounts authorized and obligated is estimated using the DW estimated relative share of the Statewide authorized amount (above methodology). The DW total allotment for these States is reduced by the estimated DW portion of the State administrative amount authorized and the DW total obligations for these States are reduced by the estimated DW portion of the State administrative amounts obligated. These calculations are done separately for PY 2001 and FY 2002.
- (4) States (including those adjusted by State administrative data) with unobligated balances for combined PY 2001/FY 2002 exceeding 20% of the combined PY2001/FY2002 DW allotment will have their DW 2002 funding reduced (recaptured) by the amount of the excess.
- (5) As calculated above, States with unobligated balances not exceeding 20% will receive a share of the total recaptured amount based on their share of the total PY 2001/FY2002 DW allotments for all such States.
