#### SUPPLEMENTARY INFORMATION:

*Title:* 30 CFR Part 227, Delegation to States.

*OMB Control Number:* 1010–0088.

*Bureau Form Number:* None.

*Abstract:* The Secretary of the U.S. Department of the Interior (DOI) is responsible for collecting royalties from lessees who produce minerals from leased Federal and Indian lands. The Secretary is required by various laws to manage mineral resources production on Federal and Indian lands, collect the royalties due, and distribute the funds in accordance with those laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. MMS performs the royalty management functions and assists the Secretary in carrying out DOI’s Indian trust responsibility.

The Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 (RSFA), Public Law 104–185, as corrected by Public Law 104–200, amends the Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), 30 U.S.C. 1701 *et seq.* Prior to enactment of RSFA, section 205 of FOGRMA, 30 U.S.C. 1735, provided for the delegation of audits, inspections, and investigations to the States. RSFA amendments to section 205 of FOGRMA provided that other Federal royalty

management functions may also be delegated to requesting States. RSFA authorized the following Federal royalty management functions to States:

- a. Conducting audits and investigations;
- b. Receiving and processing production and royalty reports;
- c. Correcting erroneous report data;
- d. Performing automated verification; and
- e. Issuing demands, subpoenas (except for solid mineral and geothermal leases), orders to perform restructured accounting, and related tolling agreements and notices to lessees or their designees.

Currently, 10 States have delegation agreements to perform audits and investigations, which is the same function previously authorized under FOGRMA in 1982. Since the passage of RSFA and publication of the final rule on August 12, 1997, no States have proposed a delegation agreement to assume the four additional functions authorized by RSFA. When a State performs any of the delegated functions under the 30 CFR part 227 regulations, the State also assumes the burden of providing various types of information to MMS. This information, provided to MMS in the course of performing the work of the delegated functions, is the focus of this information collection.

The requirement to respond is mandatory. If a State were to perform the function of processing royalty and production reports, that State would submit proprietary data to MMS, and both the State and MMS are required to safeguard and protect proprietary data. No items of a sensitive nature are collected.

*Frequency of Response:* Depending on the function being performed, information can be daily, monthly, quarterly, or annually.

*Estimated Number and Description of Respondents:* 10 States currently have delegation agreements to do audits and investigations. We estimated that one State per year may request to perform the four additional functions authorized by RSFA.

*Estimated Annual Reporting and Recordkeeping “Hour” Burden:* 4,179 hours.

The following chart shows the breakdown of the estimated burden hours by CFR section and paragraph:
