II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change, and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item III below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend section 703.21 of the Exchange's Listed Company Manual (the "Manual") relating to the listing and trading of equity-linked debt securities ("ELDS") on the Exchange. The Exchange is proposing to clarify that the definition of ELDS covers non-convertible debt of an issuer where the value of the debt is based, at least in part, not only on the value of another issuer's common stock or non-convertible preferred stock, but also on the value of common units of a publicly traded master limited partnership, as well as any other equity security of a type classified for trading as "stocks" by the Exchange. The Exchange represents that this terminological clarification is consistent with the intent of the original rule of section 703.21 and should provide issuers with greater transparency regarding the scope of the rule. The Exchange believes that this rule change will provide issuers with more flexibility in developing ELDS and thus provide greater investment choices in the market without having an adverse effect on investor protection.³

³ In Securities Exchange Act Release No. 34545, dated August 18, 1994 (the "Release"), the Commission stated that, except under limited circumstances, the issuance of ELDS relating to any underlying security may not exceed five percent of the total shares outstanding of such underlying security. Footnote 10 of the Release states that the only exceptions to this restriction are where either (1) the issuer of the ELDS and the issuer of the underlying security are affiliated; or (2) the issuer of the ELDS holds an amount of the underlying security at least equal to the amount of the underlying security represented by the ELDS. As required by the SEC under the Release, the maximum percentage of ELDS that may be issued will be evaluated by the Exchange on a case-by-case

The Exchange represents that its rules and policies currently applicable to ELDS generally will apply to ELDS linked to limited partnership units and other equity securities.⁴

2. Statutory Basis

NYSE believes that the proposed rule change is consistent with section 6 of the Act,⁵ in general, and furthers the objectives of section 6(b)(5)⁶ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room at 450 Fifth Street, NW., Washington, DC 20549-0609. such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to File No. SR-NYSE-2003-08 and should be submitted by May 6, 2003.

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with section 6(b)(5) of the Act.⁸ Specifically, The Commission believes that the proposed change does not raise any significant regulatory issues that were not addressed in the Commission's prior approval orders regarding ELDS. The proposed rule change clarifies the existing listing criteria for ELDS contained in Paragraph 703.21 of the Manual by clarifying that the definition of ELDS covers non-convertible debt of an issuer where the value of the debt is based, at least in part, not only on the value of another issuer's common stock or non-convertible preferred stock, but also on the value of common units of a publicly traded master limited partnership, as well as any other equity security of a type classified for trading as "stocks" by the Exchange. The Commission notes that an equity security on which the value of the debt is based must meet the requirements of section 703.21(c). The Commission believes that this change is consistent with the intent of the original rule of section 703.21 and will provide issuers with greater transparency regarding the scope of the rule.

NYSE has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register** to accommodate the listing and trading of ELDS based on publicly traded master limited partnerships. Accordingly, the Commission finds good cause, pursuant to section 19(b)(2) of the Act,⁹ for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register** because these products

are similar to other ELDS currently trading on NYSE.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-NYSE-2003-08), is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Margaret H. McFarland,

Deputy Secretary.
