

located within the Permanent High Explosive Test Site boundaries.

Significant issues that will be addressed in the Draft PEIS include:

1. The continued operation and maintenance of various test structures used as targets for weapon system evaluations.
2. Construction of new test structures, enlargement of existing test beds, and possible development of new test beds.
3. Testing, operations and maintenance activities at tunnel targets in the Capitol Canyon area (HTDT).
4. The use of chemical and biological simulants in collateral damage tests.
5. Planned improvements to the DTRA Administrative Park within the PHETS boundaries. Public scoping meeting will be held in the vicinity of WSMR, New Mexico, to facilitate input to the PEIS. The schedule and location for these meetings will be announced in the news media and the **Federal Register**.

For those that cannot attend the public scoping meetings, written comments via mail or email are encouraged. Comments should clearly identify and describe the specific issue(s) or topics that the PEIS should address.

To be considered in the Draft PEIS, comments and suggestions should be received no later than 30 days following the public scoping meeting.

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board

AGENCY: Department of Defense.

ACTION: Notice of advisory committee meeting.

SUMMARY: The Defense Science Board Task Force on Enduring Freedom Lessons Learned will meet in closed session June 15-28, 2003, at the US Central Command Area of Responsibility (Theater). This Task Force will review current activities of Operation Enduring Freedom to determine both near and longer-term technical and operational considerations that could be used to improve this operation and future campaigns initiated in the War Against Terrorism.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science Board Task Force will review and evaluate operational policy and procedures, command and control, intelligence, combat support activities, weapon system performance, and science and technology requirements.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1), and that, accordingly, the meetings will be closed to the public.

Office of Safe and Drug-Free Schools—Partnerships in Character Education Program

ACTION: Notice of intent to fund down the grant slate for the Partnerships in Character Education Program.

SUMMARY: The Secretary intends to use the grant slate developed for the Partnerships in Character Education Grant program in Fiscal Year (FY) 2002 to make new grant awards in FY 2003. The Secretary takes this action because a significant number of high-quality applications remain on the last year's grant slate and limited funding is available for new grant awards in FY 2003.

Background: On May 21, 2002, we published a notice inviting applications for new awards under the Partnerships in Character Education Grant Program. This notice indicated that the selection criteria, competitive preference priority

and applications requirements contained in the notice would apply to the FY 2002 grant competition only.

We received a significant number of applications for grants under the Partnerships in Character Education Grant Program in FY 2002, and made 39 new grants. Because such a large number of high-quality applications were received, many applications that were awarded very high scores by peer reviewers did not receive funding last year.

Limited funding is available for new awards under this program in FY 2003. In order to conserve funding that would have been required for a peer review of new applications submitted under the program, we intend to select grantees in FY 2003 from the existing slate of applicants. This slate was developed during the FY 2002 competition using the selection criteria, competitive preference priority, and application requirements included in the May 21, 2002 notice. No changes to selection criteria, competitive preference priority, or application requirements will be required by this action.
