Docket No. 03–ASO–2]

**Establishment of Class E2 Airspace;
Elizabeth City, NC**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E2 airspace at Elizabeth City, NC. The Elizabeth City Airport Traffic Control Tower is a part time facility. When the control tower is closed, Norfolk

Terminal Radar Approach Control (TRACON) provides approach control service. This requires establishment of Class E2 surface area airspace.

DATES: 0901 UTC, July 10, 2003.

SUPPLEMENTARY INFORMATION:

History

On April 3, 2003, the FAA proposed to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) by establishing Class E2 airspace at Elizabeth City, NC, (68 FR 16229). This action provides adequate Class E2 airspace for IFR operations at Elizabeth City CGAS/Regional Airport. Designations for Class E are published in FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR part 71.1. The Class E designations listed in this document will be published subsequently in the Order.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received.

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) establishes Class E2 airspace at Elizabeth City, NC.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

BILLING CODE 4910-13-M

DEPARTMENT OF STATE

22 CFR Part 41

[Public Notice 4368]

Visas: Documentation of Nonimmigrants Under the Immigration and Nationality Act, as Amended: Student and Exchange Visitor Information System (SEVIS)

ACTION: Interim Rule; request for comments.

SUMMARY: This rule amends the Department's regulations pertaining to foreign students and exchange visitors who enter the United States in F, M, or J nonimmigrant visa categories. The new regulations will establish the verification and reporting procedures required by the Department of Homeland Security (DHS) foreign student monitoring system known as Student and Exchange Visitor Information System (SEVIS). As SEVIS was fully implemented on February 15, 2003, the Department's transitional

foreign student database known as Interim Student and Exchange Authentication System (ISEAS) is no longer available to the educational and exchange visitor communities. However, it remains available to consular sections in the field as a means of electronically verifying student and exchange visitor documentation issued prior to February 15, 2003.

DATES: This interim rule is effective on May 23, 2003. Comment date: Written comments must be submitted on or before July 22, 2003.

ADDRESSES: Submit comments in duplicate to Chief, Legislation and Regulations Division, Visa Services, Department of State, 20520-0106. Comments may also be forwarded via e-mail to VisaRegs@state.gov or faxed to 202-663-3898.

SUPPLEMENTARY INFORMATION:

What Is the Background for This Action?

SEVIS is an internet-based DHS system that will track "F" and "M" student visa recipients, and "J" visa exchange program participants from the time they receive their initial documentation (Form I-20 for F-visa academic students and for M-visa vocational students, or Form DS-2019 for exchange visitor program participants) until they graduate, leave school or a designated program, or depart the United States. The legislative mandate for SEVIS is section 641 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Public Law 104-208, which requires that DHS, in consultation with the Secretary of State and the Secretary of Education, establish a reporting and tracking system for collecting and maintaining data and information on foreign students and exchange visitors. In response to this legislative mandate, the DHS established the Student and Exchange Visitor Program (SEVP) and the internet-based electronic information collection and reporting system known as the Student and Exchange Visitor Information System (SEVIS).

Subsequent legislation has enhanced the foreign student tracking system mandated by IIRIRA. For example, on October 26, 2001, the President signed into law the "Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism" (USA Patriot Act),
