SUPPLEMENTARY INFORMATION:

The Rule

This amendment to 14 Code of Federal Regulations (CFR) part 73 changes the using agency of R-2301E, East Ajo, AZ; R-2304, Gila Bend, AZ; and R-2305, Gila Bend, AZ. On November 8, 2002, the United States Air Force requested that the FAA change the using agency for R-2301E, R-2304, and R-2305, from "US Air Force, 58th Fighter Wing, Luke AFB, AZ," to "US Air Force, 56th Fighter Wing, Luke AFB, AZ." This action addresses that request. This is an administrative change and does not affect the boundaries; designated altitudes; or activities conducted within the restricted areas. Therefore, notice and public procedures under 5 U.S.C. 553(b) are unnecessary.

Section 73.48 of part 73 of the Federal Aviation Regulations was republished in FAA Order 7400.8K dated September 26, 2002.

The FAA has determined that this action only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1D, Policies and Procedures for Considering Environmental Impacts. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

BILLING CODE 4910-13-P

INTERNATIONAL TRADE COMMISSION

19 CFR Part 201

Electronic Filing Procedures

AGENCY: International Trade Commission.

ACTION: Partial waiver of final rule, notice of public demonstrations, and effective date of handbook.

SUMMARY: The United States International Trade Commission (Commission) hereby gives notice that its Electronic Document Information

System (EDIS-II) will be available for electronic filing, and other uses such as search and retrieval on January 23, 2003. The effective date of the Handbook on Electronic Filing Procedures (Handbook), published in the notices section at 67 FR 68168, Nov. 8, 2002, is January 23, 2003. To assist party representatives in learning how to use EDIS-II, the Commission will hold two public demonstrations of the system on January 30, 2003. The first session will be at 10 a.m. and the second session will be at 2 p.m. In addition, the Commission has determined to waive the requirement in the Commission's rules of practice and procedure (rules) that paper filers must complete and print out an on-line cover sheet for submission with their filings. Instead, paper filers have the option of completing and submitting a paper copy of the cover sheet to the Secretary with their filings.

DATES: The Handbook and the waiver of a requirement in 19 CFR 201.8(g) are effective January 23, 2003.

The public demonstrations will be held on January 30, 2003, at 10 a.m. and 2 p.m.

ADDRESSES: The public demonstration will be held in the Main Hearing Room (Room 101) at the Commission, located at 500 E Street, SW., Washington, DC 20436.

FOR FURTHER INFORMATION CONTACT:

Irene H. Chen, Esq., Office of the General Counsel, United States International Trade Commission, telephone 202-205-3112. Hearing-impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal at 202-205-1810.

General information concerning the Commission may also be obtained by accessing its website (<http://www.usitc.gov>).

SUPPLEMENTARY INFORMATION: On November 8, 2002, the Commission published a notice of final rulemaking (NOFR), 67 FR 68036, Nov. 8, 2002, and a notice regarding the Handbook on Electronic Filing Procedures (Handbook notice). 67 FR 68168, Nov. 8, 2002. In its NOFR, the Commission amended section 201.8 of the rules to allow persons the option of electronic filing and to require filers to complete an on-line cover sheet at <http://edis.usitc.gov> (EDIS-II website) when filing documents either in electronic or paper form. In the Handbook notice, which sets forth procedures for electronic filing, the Commission stated that the effective date of the Handbook will be

announced in a **Federal Register** notice to be published at a later date.

The Commission has determined that the effective date of the Handbook is January 23, 2003, which is the date that EDIS-II will be available for electronic filing of documents. As appropriate, the Secretary will periodically revise the Handbook. Users should consult the Commission's EDIS-II website for the latest version of the Handbook.

The Commission also has determined to waive the requirement in § 201.8(g) of the rules that an on-line cover sheet at the EDIS-II website must be completed and printed out by paper filers for submission with their paper filings. Instead, paper filers have the option of (i) completing the on-line cover sheet at the EDIS-II website and printing out the cover sheet to be submitted with the filing; (ii) printing out the cover sheet at the EDIS website and completing the cover sheet by hand before submitting the cover sheet with the filing to the Secretary; or (iii) obtaining a paper copy of the cover sheet from the Office of the Secretary and completing the cover sheet by hand to be submitted with the paper filing. The Commission, however, strongly encourages paper filers to complete and print out the on-line cover sheet at the EDIS-II website for submission to the Secretary with their paper filings.

(Authority: 19 CFR 201.4(b)).

Issued: January 17, 2003.

By Order of the Commission.

Secretary to the Commission.

Background

Section 1025 of the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA), Public Law 102-240, 105 Stat. 1914, (December 18, 1991), amended title 23, United States Code (U.S.C.), section 135 and established a requirement for Statewide Transportation Planning and stated, "The transportation needs of non-metropolitan areas should be considered through a process that includes consultation with local elected officials with jurisdiction over transportation." Section 1204 of the TEA-21, Public Law 105-178, 112 Stat. 107 (June 9, 1998), further amended 23 U.S.C. 135, while preserving the statewide planning requirement for a continuing, comprehensive and cooperative planning process. The TEA-21 required States to consult with non-metropolitan

local officials in transportation planning and programming. This consultation with non-metropolitan local officials in transportation planning and programming is the specific subject of this final rule.

The FHWA and the FTA published a joint notice of proposed rulemaking (NPRM) on May 25, 2000 (65 FR 33922), that proposed revisions to the existing planning regulations issued on October 28, 1993, at 58 FR 58040. The May 2000 Planning NPRM included provisions regarding consultation with non-metropolitan local officials, and proposed that States establish and document a process for consultation with defined non-metropolitan local officials. The NPRM also proposed to require that this process be established jointly with non-metropolitan local officials. Comments were solicited until August 23, 2000 (later extended to September 23, 2000, by a July 7, 2000, **Federal Register** notice at 65 FR 41891).

On June 19, 2002 the FHWA published a supplemental notice of proposed rulemaking (SNPRM) (67 FR 41648), which proposed another option on non-metropolitan local official consultation in addition to that proposed in the NPRM. Generally the SNPRM proposed to allow greater flexibility for States to determine who local officials are and how to consult with them, by not proposing a definition of "non-metropolitan local official," and not proposing to require that the process for consultation be cooperatively developed. Comments were solicited until August 19, 2002 (later extended to September 19, 2002, by an August 15, 2002, **Federal Register** notice at 67 FR 53326).

On September 20, 2002, the FHWA and the FTA withdrew the May 2000 NPRM at 67 FR 59219. However, this withdrawal did not impact the NPRM and SNPRM proposals for non-metropolitan local official consultation.

Input to Development of the Final Rule

During the comment period on the NPRM (May 25, 2000, through September 23, 2000), the FTA and the FHWA held seven public meetings to present information on the May 2000 Planning NPRM. A summary of questions raised at the meetings and the general responses of the FHWA and the FTA presenters is included in the docket. The FHWA and the FTA also prepared a summary of all written comments, by section, which is included in the docket. During the NPRM comment period, the Senate Environment and Public Works and House Transportation and Infrastructure Committees held hearings (September
